MUDDY ROADS NEAR BONANZA ARE REPORTED

Twin Garage Erected; Fast Basketball Game Played in Farm Town

(Special To The Herald) BONANZA, Feb. 22.—The ladies of the First Methodist church here enticed the men to come to the parsonage last Saturday and tear away the old barn and erect a twin garage. It was completed with the exception of a few minor details which are now being finished at this time.

Robert Nichols, an old time mail stage driver, was in the city this week trying out the muddy

roads between Beatty and Bonanza.

Bonanza Girls Win.

The only real basketball game

last Tuesday evening when the Business and Professional Women of Klamath Falls met the local high school team. A fast game resulted with a score of 24 to 25 in favor of the girls. Bonanza's star shooter was Magic Hanner with 12 and Edith Scott with nine. Nellie Bray with four. The Klamath team was Phinney 11; Floyd 9; Beck 3 and Hett 1. Mr. Floyd of Klamath Falls was the umpire and proved himself a real umpire. He handed out justice to all the players. He saw all the fouls and bad plays and did not hesitate to call them on their team.

Chase Leaves.

William F. B. Chase the present secretary of the Horsey Irrigation district, left last Monday for Marysville, California where he will be employed for three or four weeks making out

income tax reports for several of his old clients there.

Jacob Rueck of Yonka valley, the former president of The Horsey District, was in town on Tuesday transacting legal business.

Jack McNitt, the contractor on the Hly-Beatty grade of the highway arrived in town last week and Saturday passed through with a car load of work horses he was shipping to his brother at McMinville, Oregon. Mr. McNitt has been wintering some 169 head of work stock at the W. R. Sparks ranch this winter.

Horse Mobile.

Richard Dixon of the Dixon Dairy farm south of town was in and riding a "two cylinder horse mobile." Mr. Dixon declares this is the only real sure way to get over the roads.

Henry Schmore, resident of this section, is resorting to the old style spring wagon these days, putting aside his Dodge touring car on account of the impassable condition of the roads.

Preparations Are Being Made To Begin Logging Near Kirk

(Special To The Herald)

KIRK, Ore., Feb. 22.—R. A. Dancer and William Kani, camp

watchman for the Algonia Lumber Company, rode a caterpillar into town on Wednesday. Harold Hobbs rode in with Dancer to catch the train for Algonia. Hobbs is the company's "cat doctor" and has been at camp attending to business.

Supplies Taken Back.

Supplies were taken back to camp on a crude sleigh which the "cat" was dragging. The road between the camp and Kirk has been kept open all winter by the caterpillar, but the four miles between camp and The Dalles-California Highway is unbroken and impassable for cars.

Vernon Christy has returned to the mill community of the Solomon Butte Lumber company from a vacation of several weeks in Klamath Falls.

Returns To Camp.

George W. Hagedorn, who for several years has been in charge of the fallers and buckers for the Lamm Lumber company returned to camp this week from a trip to California. While south he visited his brothers and spent considerable time in Grass Valley, California.

J. M. White, cook at the camp of the Forest Lumber company made a trip to Klamath Falls on Tuesday. While in the city he visited with his new granddaughter. The little one was recently born to Mr. and Mrs. Frank White of Klamath Falls.

George Cannon has left his position with the Forest Lumber Company where he has been employed as logging conductor. His place has been filled by Arthur McKenzie who has run a train for the Algonia Lumber Company for the past two seasons.

Joins Husband.

Mrs. Claude R. Babcock arrived this week from Ashland to join her husband who for the past six months has been stationed here as repairman with The Southern Pacific. Mrs. Babcock finds quite a change in the weather from that of the valley city where she has spent the greater part of the winter.

"Jimmie" Johnston, son of J. C. Johnston, of the Pelican Bay Lumber Company, in a telephone conversation the early part of last week stated that Pelican Bay would not ship logs before March 15th. The writer understands this company has several million feet of logs in decks which can be shipped whenever logs are needed at the mill even though deep snow may make regular logging difficult.

Visits Relatives.

Charles Lockwood, bookkeeper for the Solomon Butte Lumber Company, has returned to Martin from a vacation which he and his family spent visiting relatives in Klamath Falls. It is rumored that Mr. Lockwood expects to resign his position with the lumber company and return to Nebraska where his father is an extensive land owner.

"Ann is going to get Married!"

"YES! She's engaged to a nice boy. He's not making a big salary yet, but he's a hard worker. They'll have to be careful of their money at first!"

Careful of their money! With a home to find, furniture to buy, marketing to learn . . . with the thousand and one little emergencies to meet that newly-weds never dream of!

And a young girl, inexperienced in these practical problems, is expected to be careful of her money!

Ann will bless advertising. In the pages of her magazines and newspapers, she will find the very experience she lacks—the advice she needs!

It is when every penny counts that advertising gives its best service. The advertisements you read are valuable lessons in every-day economy. They help, as nothing else can, to make your dollar go the longest distance. For advertisements show you which article, at the price you are willing to pay, is going to suit you best. And the very fact that it is advertised is its guarantee that it will give you satisfaction after you have bought it.

The advertisements in this newspaper are a most valuable guide to wise buying. It pays to read them regularly

TRIO TRY AND WREAK REVENGE

Three Mexicans Driven Away From Kirk by Lumbermen

(Special To The Herald)

KIRK, Feb. 22.—With apparent "revenge" in their hearts, three friends of Jose Landin, the Mexican, who is alleged to have attempted to "shoot up" the home of Peter Calise, returned to the scene recently.

The men, not members of the regular section crew, were discovered by the foreman, prowling about his house shortly after dark. Dashing to the home of E. M. Wallin, Southern Pacific agent, Calise asked the support of the agent. Wallin walked out into the brush where the men had taken cover and ordered them to take to the ties and leave town.

Mexicans Disappear

Nearby stood a trainman who punctuated the agents remarks with a few exclamation points from an automatic and the Mexicans took for the track and headed towards Chilgoquin. It is understood Landin had found employment there with a lumber company.

Just what the want of "revenge" started over has not been learned.

I'll bet my dough on the gasho who rolls up his sleeves and goes out and accomplishes something while the higher ups are conferencing or committing over it."

Embossing

Added to good printing, imparts a classy and distinctive appearance to your card or letterhead which is not attained by printing alone. And embossing costs but little more. Try it on your next order.

Don't Fuss With Mustard Plasters!

Don't mix a mess of mustard, flour and water when you can relieve pain, soothe or stiffen with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, and takes the place of mustard plasters. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it may prevent pneumonia).

Jars & Tubes

MUSTEROLE

WILL NOT BLISTER

Better than a mustard plaster

There is another thing in favor of modern dressers. They are harder to ignite by the grate fires.
