Here they are, Charlie junior, perched on his mother's knee and Sydney in the high chair, having a lot of fun in the Chaplin mansion at Beverly Hills, Calif. The picture is one of the first ever made, for publication, in the palatial Chaplin home. The boys "eat like little pigs," Mother Lita says.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches rub on good old Musterole.

Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.
