He writes he is enjoying the seashore and eating lots of fresh fish. His many friends in this section will be pleased to hear of his improved condition.

Attractive Windows Shown—

With bright spring sunshine, the windows of Barnhart's Shop in the McCarthy were filled with beautiful spring wearing apparel today. One window is of corn yellow beautifully carried out while the other is of the new blue, with coat, hat, gloves, purse and other accessories carried out in the same color note. The various shop windows about the city would do credit to a city twice the size of Klamath Falls.

In From Bentz—

Hardly a week passes without a visit from Bentz by either Mr. or Mrs. C. R. Taylor. This weekend both Mr. and Mrs. Taylor were visiting in Klamath Falls with friends. They stopped at the Hall.

Swan Lake Is Under Water

(Special To The Herald) UPPER SWAN LAKE, Mar. 7.—A lake in name for years past, Swan Lake is now a lake in reality. Heavy rain storms have brought water to the dried up lake bed, one of many of its kind which testify to the existence in prehistoric times of an inland sea.

Large flocks of ducks and geese swarm over the surface of the water which has drained into the natural basin from the surrounding hills. However, the winter storms have done more harm than good in this vicinity, for they have brought a great deal of snow where will add to moisture needed for crops this year.

Merrill Dance Hall To Open

Another sure sign of spring today is the announcement of Les Salling who advises the Evening Herald that he will open the dance hall at Merrill March 19, for the summer season. Les will run every Saturday night and dancing will last until 3 o'clock in the morning. He will use the Salling orchestra for music and says he knows it will be good music for he will furnish it himself with the assistance of his boys. Detailed announcements will appear in the Herald each week prior to the date of the dance.

The United States Senate seems to have changed all our old notions about a dam site. Congress passed the farm relief bill, but the only garden relief we can think of is liniment.

WIND DESTROYS BARN ON FARM

Latest News of Upper Swan Lake Told by Correspondent

(Special To The Herald) UPPER SWAN LAKE, Mar. 7.—The large barn on the Chas. Chitwood ranch, was blown down during a recent storm. The barn was well constructed by the late Lucian Applegate, but having no hay in it, the severe wind blew it flat.

Katherine Neubert was high honor student in Swan school for the past month.

Gerald Hohe, a former resident, is reported recovering from a severe illness.

OBITUARY

Leslie Elmer Shay, the idolized son of Mr. and Mrs. Elmer Shay, well known residents of Merrill, passed away early Sunday afternoon, following a brief illness. The child was born on March 3, 1925 and was just three days past two years old at the time of his passing away. He was a grandson of the late Milo Coppack, one of the pioneers of the Klamath country. The remains are entrusted to the care of Towey and Harrington, Pine Avenue at Eighth, who announce the funeral will be held under strict quarantine regulations and will be held in the Merrill Odd Fellows cemetery on Tuesday morning, at 10:30 o'clock.

CURTIS C. WILLIS. Curtis C. Willis, aged 52 years, an employee of the Western Union Telegraph Company of this city, who passed away at his late residence, 230 Ninth street on March fourth, is resting in the slumber room of the Earl Whitlock Funeral Home, Pine Avenue at Sixth, where friends may call. To mourn his passing he leaves one sister, Mrs. P. W. Scally of Seattle and one brother, Edward C. Willis of Hayward, California, who arrived in the city on Sunday evening. Funeral arrangements will be announced upon the arrival of Mrs. Scally from the north.

NASH

Leads the World in Motor Car Values

23 Models—4 Wheelbase Lengths

Prices range from \$865 to \$2090

F. O. B. Factory

Never before in its history has Nash offered so compellingly attractive an array of motor car values.

Colorfully finished in exquisite blends and harmonies, of supreme gracefulness in line and design, and richly appointed and fitted thruout, this great group of 23 models provides America's most inviting opportunity in the selection of a motor car.

Embraced within this notable array of body styles are three distinct series—the Light Six, Special Six, and Advanced Six, and 4 wheelbase lengths, for the Advanced Six series includes models of extra long wheelbase.

And of particular interest is the sensational new Nash body design as exemplified by the new Cavalier model and the new Special Sedan on the Special Six chassis, and the new Ambassador and the new Special Sedan on the Advanced Six chassis, together with the superb new Light Six De Luxe Sedan—the style car of the \$1000 field.

Each model of the 23 possesses the superlative performance ability of the great Nash 7-bearing motor—the world's smoothest type.

And each model offers as standard equipment, at no extra cost, 4-wheel brakes of special Nash design, and 5 disc wheels.

Longer Life Assured by Simple Practice

Intestinal toxemia, universal life shortener, doomed by internal bathing

In the amazing booklet, "Civilization's Greatest Menace," published in support of Hunt's Internal Bath, fifty world-leading medical authorities—from Sir Arbuthnot Lane, surgeon to King George, to Dr. John Harvey Kellogg, head of Battle Creek Sanatorium—show that internal toxemia is the prime cause of modern man's short life, and a cause of practically every disease in the calendar, from simple dizzy spells to cancer.

The condition arises from the effects of decaying fecal matter retained in the lower bowel; and Hunt's Internal Bath ends it by keeping the rectum of its source washed clean. Ask for a free copy of this important booklet and at the same time see our display of Hunt's Internal Bath.
