## Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub Musterole on the congested parts and see how quickly it brings relief. As effective as the money old mustard plaster; does the work without blister. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.
