Bulgeless Tires now standard on all models.
In addition to these low prices Chevrolet's delivered prices include the lowest handling and financing charges available.

Never was the supremacy of Fisher craftsmanship so evident as in the new Fisher bodies on the Most Beautiful Chevrolet. Paneled, beaded and finished in striking tones of Duco—graced by distinctive, new, full-crown, one-piece fenders and bullet-type lamps, they represent an order of style, beauty and luxury unique in the low price field.

Chevrolet has long been famous for powerful, smooth performance, rugged dependability, long life and economical operation. Yet, in the Most Beautiful Chevrolet these qualities have been enhanced as the result of numerous mechanical improvements. AC oil filter, AC air cleaner, improved transmission, larger radiator, sturdier frame,

new tire carrier and gasoline gauge—these are typical of the highly modern design which is winning the world to the Most Beautiful Chevrolet!

Because it provides elements of style, quality and performance comparable to the costliest cars, and because it is offered at amazingly reduced prices—the Most Beautiful Chevrolet is everywhere acclaimed as the greatest sensation of America's greatest industry.

Come in! See and drive this greatest triumph of the world's largest builder of gearshift automobiles. Learn for yourself what amazing value is offered in the Most Beautiful Chevrolet—how closely, in style, quality and performance, it compares with the costliest cars.

CONVICTS MAKE PRISON ESCAPE

(Continued from page one.)
Hee threw tear bombs into the bomb pen and opened fire on a trustee, wounding him as he descended the stairs.

An hour later the police advanced to find Staloski, Duckowski and Schader still in their cell, and ready to give up. The three surrendered their pistols and there was peace in the jail once more.

In the meantime the Mexicans headed toward Indiana harbor in a wild dash for apparent refuge in the Mexican colonies of the steel district, but the auto broke down. They grabbed a taxicab and still holding the deputy sheriff, John Kitch, started for South Chicago.

But their new path was covered with thorns. They had not gone far before they met a Chicago police auto squad. Bullets began to fly, and Gregorio Rizo, convict, William Frost and George Grant, policemen, and John Maronick, a chauffeur, were shot down. Rizo was able to regain his feet and join his companion, Rizo, in dodging away. Shortly afterward, however, Rizo was caught when he tried to break into a garage. Torres, the third Mexican, was captured unscathed.

Mrs. Dimmick Home—

Mrs. E. D. Dimmick and small son have returned to Klamath Falls from Portland where they have been visiting for some time with friends. Mr. Dimmick is connected with the Southern Pacific and the family will make their future home in this city.

Klaus Family Here—

Mr. and Mrs. C. J. Klaus and family of Bray, California, are guests in the city for a few days enroute to southern California on a business and pleasure trip. Mr. Klaus is bookkeeper of the Crater Lake Box Company at Bray.

OBITUARY

BEVERLY MAXINE PERKINS

Beverly Maxine Perkins, aged 19 months and 6 days, passed away at the family residence 407 North Ninth street on Friday evening at five o'clock, following an illness of several days duration. She is survived by her parents, Mr. and Mrs. Amos W. Perkins and one brother William Marvin Perkins and her grandparents, Mr. and Mrs. J. T. McCollum of this city. Friends are respectfully invited to attend the funeral services to be held on Sunday afternoon at two thirty o'clock at the Earl Whitlock Funeral Home, Pine Avenue at Sixth. Interment will follow in the family plot in Linkville cemetery.

Prize Poems

Mr. R. C. Lane, 1624 Johnson Ave., in this city, faintly heard a strange language when he was tuning in his Crosley 5-50. He adjusted the ACCUMULATORS, a patented Crosley feature, which sharpens the tuning. The strange language was more clear but not loud enough. He turned up the CRESCENDON and up came the volume. When they announced J. O. A. K. Japan enough of the program was in English so he could write them what he heard and they verified his reception and sent him a picture of their station.

He has letters of verification from two other stations in Japan; two in Australia, and other foreign countries. These letters can be seen at our store.

The CROSLY ONE DIAL sets not only get DISTANCE, but they separate the coast stations. Ask any Crosley owner. We can furnish you with hundreds of names of owners. A Crosley owner is a Crosley Booster.

The set that Mr. Lane owns sells for \$55.00, arranged for POWER TUBE and has ONE DIAL. We offer a free trial in your home.

"Service with a smile."
Service all the while.
Isn't there some style
To that—our motto?

We have electrical things to sell; We try to please our customers well.
So if any thing is wrong, Don't let it drift along, For we can fix it, And—we will!

Airmail Forced Down

CHEYENNE, Wyo., Mar. 12.—(P)—A snowstorm, which swept southern Wyoming, forced down the east bound air mail plane at Sherokee, 20 miles west of Rawlins last night and the

mail was sent through by train. The west bound plane, due here today, had been delayed about nine hours by an Iowa storm.

The snowfall in Cheyenne totaled two inches.

The honeymoon is over when she wants a heater in the coupe to keep her warm.

Beauty is only skin deep, ugliness shows through the kalsomine.

Modern Equipment Well Handled, Is The Key To Profitable Farming

In the various factories of the International Harvester Company, men are constantly at work in an endeavor to design implements that will make farming more pleasant and more profitable for the great body of people engaged in it.

That they are succeeding is shown by the fact that the farmers of today, as a class, are among the foremost purchasers of automobiles and luxuries of every kind. This improved state of affairs is due in no small measure to the saving of time and man-power effected by the use of modern farm machinery.

McCormick-Deering Farm Machines

We are representatives for most of the 54 kinds of machines and implements in the McCormick-Deering line. See us for walking, riding and tractor plows, peg, disk and spring tooth harrows, grain drills, potato planters and diggers, walking and riding cultivators, tractors, wagons, and harvesting machinery. Repair service is our specialty.
