for the New Fuller Painting Guide with Color Charts

The new Fuller Painting Guide with Color Charts is a handbook on successful decorating. It will inspire you to keep your home always "youthful" and up-to-date. And it is so practical that you will want to keep it always in a convenient place for ready reference.

The Fuller Guide includes a reproduction of a beautiful, modern home in natural colors—with part of the walls and roof cut away to show the interior of each room. A graphic chart indicates just what enamel, paint, varnish, stain or lacquer is best for every use—interior and exterior.

More than 70 color samples are shown, in finishes for every purpose, and shades from delicate gray to brilliant orange. These specimens will enable you to compare tints and to select the color best suited to each special need. Finally, the Guide is filled with helpful hints on painting. And best of all, it's free! There's no obligation of any kind. You'll thank us for suggesting—call for yours today.

Why Do Thin Folks Ignore These Facts?
Regardless of Age, Sex or Family History—subnormal weight is dangerous!

Excessive Thinness means Low Vitality, Weakness and Inability to fight off sickness and disease. That's why big Life Insurance Companies refuse to sell insurance to folks who are "too thin."

In the opinion of the writer, if you are five or more pounds underweight, you should start the use of McCoy's Tablets at once! A wonderful tonic—containing the world known flesh building value, the physical power and strength of pure Cod Liver Oil—without the terrible odor and taste. C. H. Underwood and all good druggists furnish McCoy's Tablets (60 tablets 60c) on a strict guarantee of full satisfaction or money back!—Adv.

BRAY, Calif., Mar. 17.—A dance was given in the Bray community hall Saturday evening with a jolly crowd in attendance.

The supper was furnished by the ladies of the community and music by the local orchestra. A neat sum of money was obtained to be used for the benefit of the baseball team of Bray which was recently organized.

Paul Green and wife with their two small children were obliged to remain over night on the highway about six miles south of Bray. The road was in an impassable condition for automobiles. The Greens were returning from the south where they have been visiting relatives the past month.

A farewell party was given last Thursday night for Mr. and Mrs. Laurence Wilsey. A large crowd of friends gathered at the community hall where music and dancing was enjoyed until eleven o'clock after which dainty refreshments were served.

Mr. Wilsey recently resigned as foreman of the Crater Box factory here, to go into business of his own at Marysville, Calif. The Wilseys have lived in Bray for the past three years and during their residence here have made many friends.

The influenza epidemic which has been so bad the last month in the Tennant locality is improving to such an extent that few cases remain that are in immediate danger, while no new ones are reported.
