HOARDING MONEY HURTS BUSINESS

HOARDING money—hiding it at home or in other secret places—is a positive hindrance to business, affecting also those who hoard.

Credit, so necessary in business, is based to a certain extent upon money in circulation. Withdrawal of money from circulation necessitates a reduction of credit or brings about a state of inflation.

Hoarding money is neither good business or patriotic. Keep your money working all the time in a bank account!

We cordially invite you to keep your savings in this strong, friendly bank.

Double Discing Pays

These are days when every saving in man power shows up in the profit account. One man in one trip across the field with a double disc accomplishes as much as in two trips across with the old time single disc. And it does a lot better job because the tandem discs split the ridges left by the front harrow, pulverizing the clods, and leaving the surface level—no ridges, no trenches. When seasons are late the saving in time alone may easily mean an increased yield that will return several times the original cost of a new double disc harrow.

Crimped-Center Heat-Treated Disks

Every McCormick-Deering disc harrow is built with the same care and from the same high grade of materials found in other machines in our McCormick-Deering line. They are built to stand up under the hardest kind of work with the least possible wear on the bearings and blades. Come to the store and inspect these harrows closely. The closer you inspect them, the better you will like them. We want an opportunity to explain to you the advantages of McCormick-Deering Crimped-center, heat-treated disks, dust-proof bearings, angle-steel frame, easy-to-fill grease cups, telescoping tandem hitch, built in weight boxes, and many features of convenience.

First Methodist Church
Tenth and High Sts.
Frank L. Wemett, Minister.
"Our Ministry at Flood Tide" is the subject of the discourse on Sunday morning at eleven o'clock.

Continuing the pre-Easter program of social and evangelistic activity in which this church is engaged, the service on Sunday evening presents particular features of spiritual appeal. Special emphasis is given to the music, and use is made of the old time gospel songs. At this service Mr. Wemett reviews a day of wonders in the ministry of the Man of Galilee in which is demonstrated the Divine ability and willingness to meet the uttermost need of men's life.

Miss Hazel McClelland and William Crocker will direct the Young People's rally at 6:30 p. m. An exceptionally interesting program is being provided for this meeting and an exceptional attendance is looked for. The social event of the week will be an "Experience Social" given under the auspices of the Aid Society on Thursday afternoon at 2:00 o'clock at the church. Some fifty ladies will relate in original verse their "experience" in obtaining a stipulated sum of money for the Building Fund. The aid of St. Patrick has been invoked to enhance the occasion, and an Irish Ladies Quartet will sing. Mrs. Catterlee's Division will serve. Ladies outside the membership of the Society will be welcome.

Klamath Temple (8th and Oak)
Undenominational, People's Church.

R. C. Miller, Pastor.
"In His Image," subject for the morning sermon by the pastor. "Is Our Civilization Civilized?" will be the theme for the evening sermon. These sermons will make you think. There is but one great light in the world: It is not the philosophies or theories of men; not their creeds or dogmas. It is the Book of Books, the Word of God. The Temple is not yet two years old, yet there have been thousands, saved and healed and helped through its ministry. It is trying to follow the light that is through that Word.

Sunday evening is our greatest service of the week. The lit of song and testimony, the spirit of life and faith, the emphasis placed upon the integrity of the Word of God, attracts throngs to this service. Next Sunday evening water baptism will be administered after the preaching service. Other services every night in the week except Tuesday and Saturday evenings. You will be always welcome whether you come dressed in silk or wear the badge of poverty. Come and see.

of protecting his client. "It is common practice for officers at times to attempt to force a confession thus placing the defendant at a disadvantage even if the confession is untrue. It was to prevent this if possible that the radio message was sent by me," Mr. Smith said.
Smith said that he had made no plans as yet to interview his client and that he would make no move until he was notified what action was to be taken in regard to having De Autremont turned over to Oregon authorities for trial in Jackson county.

Wright Thanked For Kindness.
J. G. Wright of The Winter Garden, who donated the use of the hall for the A. A. U. W. dance on Friday evening was thanked in a brief talk just before the close of the dance by Miss Lelane West in behalf of the association. The proceeds of the dance, which was most successful, will be used in the scholarship fund.

Buick Stays in Style

Motor car types come and go, just as motor cars do. But the grace and distinction which characterize Buick always stay in style. They never become commonplace. The reason is, that Buick style is sincere, and expressive of the quality that is in the car. Buick owners never are asked to buy a car of exaggerated design, with lines which might become distasteful to the eye. Buy a Buick! And you will always be proud of your car.
