

Bend Sportsmen Will Plant Wild Rice For Ducks

BEND, Ore., Mar. 21.—(Special)—Experimental planting of wild rice in the up river country, a plan considered by local sportsmen for the past several years, will take place this spring, about May 15. It was made known that 50 local sportsmen have contributed to a fund to secure the feed for waterfowl.

Should the experiment prove a success, it is planned to sow considerable wild rice in the Deschutes country, to attract waterfowl, especially ducks, to this vicinity. Rice planted in the up river country will, it is hoped, need and spread down the stretches of the Deschutes.

Dawley and Bayless Will Meet Tonight

One of the deciding games of the three cushion billiard tournament sponsored by the Klamath Billiard and Card room will be played tonight when D. W. Bayless—leader of the tourney—and W. W. Dawley face their skill.

Only four are in the running: Don Soper and C. Weber, Dawley and Bayless. Bayless is undefeated; Dawley has won three and lost two. If Dawley loses he will be eliminated.

Yreka Golf Fans Plan To Lay Out Excellent Course

YREKA, Calif., Mar. 21. (Special)—A new golf course, practically free from the rocks and stones which have made the present course on the Cady property unpleasant to the members of the Yreka Golf Club, is the plan formulated by the club.

The new course is to be longer than the present one and will be one of the finest in California northland. The greens are to be flat, 60 feet in diameter, made of cottonseed hulls and drained. Similar greens are in use at Arbutle and members there report that they are very fast.

The fairways are to be 70 yards wide, free of all obstructions. A cocoa mat is to be built into each tee to facilitate good driving.

The new course will be standard as to its par, with three holes each of par 3, 4 and 5, making a total of 36 for nine holes or 72 if played the customary two rounds.

Infield To Determine Seals' Chances

By WM. C. ETHEREDGE NEA Service Writer

SAN FRANCISCO, Mar. 19.—The San Francisco Seals of the Pacific Coast League figure to be pennant contenders this year, as usual, with perhaps even brighter chances than they enjoyed last year.

Their chances, however, involve so many "ifs" and "buts" that in advance of the season's opening it is not possible to make any accurate prediction as to just what will happen.

Chief among the problems that must be met by the club is that of the infield, and everyone

knows that to be a big bump to get over. If the infield is weak, there is much base running, and consequently much scoring by other teams.

The Seal pitching staff promises to be better than last year. The club has a gang of hard hitters. Everything combines to make the team a serious contender "if" the infield can be properly handled.

there will have to be some shifting and experiment to find the right kind of combination. Sheehan can also play the short position, and he might team with Suhr on second. Or Dittmar might rival him for the short-stop place with Sheehan and Suhr battling for the second sack.

The Seal pitching staff promises to be better than last year. The club has a gang of hard hitters. Everything combines to make the team a serious contender "if" the infield can be properly handled.

C. C. KENNEDY EXPLAINS PLANS

First Baseball Practice Staged On Fair Grounds

Arms were limbered up and muscles, soft from winter inactivity, were put in use again yesterday when the aspirants for the Golden Rule and the Eagles baseball teams staged a practice game on fair grounds field yesterday.

Baseball enthusiasm, dampened somewhat by the months of rain and snow, is rising fast.

Work On Weed Klamath Road To Start Soon

MT. SHASTA, Calif., (Special)—In spite of the refusal of Governor C. C. Young to sign any bills which will add to the state highway system, the road from Weed to Klamath Falls is not dead. On the contrary, it is expected that work on the road will begin next month, weather permitting.

The road will be built as a county road, with the hope that it may be taken into the state system at a later date.

An organized effort on the part of those most directly interested, to start construction on this road, with county money and then endeavor to interest adjoining county organizations and possibly organize what is called a road district is to be made.

State leaders agree this is an important interstate connection and it is only a question of time until it will receive state aid.

Carl Phelps of Weed is president of the road association sponsoring the highway.

Child Slightly Better.—The condition of Mary Viola Cramblitt is reported as slightly improved today. For several days she has been in a critical condition and is a patient at the Klamath Valley Hospital.

East Lake To Be Open To Anglers First Of Season

BEND, Ore., Mar. 21. (Special)—East lake, one of Oregon's most noted fishing localities, will be open to automobiles on the first day of the open season on trout, April 15, despite the fact that this lake is located in snow-blanketed Paulina crater. Announcement that the road into the lake would be open by April 15 was made Wednesday evening by W. C. Tysoh, in charge of the East lake resort, when in Bend.

School Children In Danger Many parents feel that schools today push children too hard. Certainly their growing bodies need strong powers of resistance. Watch your child for depleted health and vitality, loss of flesh, failure to gain weight, fretfulness, lack of appetite for proper food, etc. These are warning signals. Get hold of him in time. A short course of Cod Liver Treatment works wonders for most any run-down child. It's a great strength-giver and body-builder. And now instead of the old style fishy tasting oil, you can get at C. H. Underwoods or any drugist genuine McCoy's Cod Liver Oil Compound Tablets, as easy to take as candy. Thirty days' use must benefit your child or the drugist is authorized to refund your money. Today is a good time to start. Adv.

CALL ISSUED FOR MINISTER That Rev. V. K. Allison, pastor of The First Christian church of Ashland may become the new pastor of the local church of Ashland may become the new pastor of the First Christian church of Klamath Falls is possible, following a letter to issue a call to the well known minister. While it is not known at this time whether Rev. Allison will accept, the local church announced their decision on Sunday. Rev. Allison is perhaps one of the most widely known ministers in the state and has built the church at Ashland from one of the smallest in Jackson county to the largest. He has served in the valley as pastor for many years and is held in high es-

tem by people of every denomination throughout the state. He would succeed the Rev. M. L. Petelle, who is charged in Jackson county with transportation of 60 gallons of whiskey for the fall of the city to the present sewer line on Main street is not included in re-construction in the new plan for providing sewers for Klamath for the reason that it serves fairly well now and to include it would mean the lowering of the sewer so that basements can be provided with sewer service. As the sewer is today, basements on Main street, according to Mr. Kennedy, cannot be served. He mentioned the fact that the first large building erected in the business district would probably cause the sewer on Main street to be lowered, for any large building will want to use its basement to the fullest extent. Explains Plan. The plan under contemplation now is to collect all sewage from different districts at the main pipe line which will cross the river on bedrock at the bridge. From there will be pumped probably thirty feet high to the highland on the old Whiteline ranch where the sewage purification plant will be installed. He would, according to plans discussed, take all the sewage of the city to the bridge and this would necessitate the re-construction of the Sixth street sewer and one on Second street. The total cost of the project was not discussed, but every reactor is now thoroughly interested in this big undertaking and the board will very likely review the Kennedy report thoroughly giving the public the benefit of their findings. Serve Large City. Mr. Kennedy stated the plant he contemplates will serve a city of 25,000 to 40,000 people with additional purification units and installed pumping units to be installed as the city grows. The talk today by Mr. Kennedy opens the sewer question for discussion throughout the city, for now it is known what the plans contemplate. This brings up the old question of whether Klamath Falls property owners feel like bonding themselves for nearly a half million dollars at present in order to construct a sewer system

SHANGHAI HAS FALLEN; CHAOS

Defenders of Foreign Settlements Shot Down by Cantonese

SHANGHAI, Mar. 21.—Chaos reigned in Shanghai tonight after the fall of the city to the Cantonese this morning.

Rioters ran loose in the native quarters all day, and tonight a band of Chinese troops, presumably attached to the retreating northern army, broke through the barrier to the settlement of the international settlement and began looting.

A British armored car rushed up in response to a police call for aid. The car was subjected to continuous machine gun fire. Lieutenant Newman, Corporal Ainslee and two soldiers were wounded.

SHANGHAI, Mar. 21.—(AP)—(11 p. m.) Up to this hour the forces defending the foreign settlements from the rioting Chinese had suffered 12 casualties including two killed and 10 wounded. Two Punjabi soldiers of the

British forces were killed by snipers. The wounded comprised five punjabis, a Russian policeman and four British soldiers.

Miss Simmons Takes Position—Miss Mildred Simmons has accepted a position as teacher of the first grade at Pelican City to take the vacancy caused by the resignation of Mrs. Viola Dixon.
