Sighting Mrs. Nye Parley on the jury in a civil action, he asked her to his desk and opened court with a whistling solo from the noted artist. And when court closed, Mrs. Parley whistled "The Mocking Bird" after the verdict was brought in. History does not say whether her choice had any significance in the case.

PROPERTY LOANS

You Can Afford to Pay

We invite a careful investigation of our 7 per cent disappearing mortgages which permit you to pay off both principal and interest just as easily as you now pay the rent.

You pay \$10 per month per \$1000, including both principal and interest, or the entire loan can be paid off at any time without penalty.
