don," which began a two days' engagement at the Liberty Theatre today.

Besides which, "Silent Sheld" has a clean and straight forward little story which amuses, excites and entertains. It tells of the adventures which befall a pampered young man when he comes, for the first time in his life, against the grim realities of the country which Mr. Harry Leon Wilson has so aptly described as "where men are men." How he is confronted by two master Bad Men of the section and their several henchmen how he threads his way triumphantly through the network of lies which have been spread to prevent his arrival at his own ranch and obtaining the gold found on his property, makes for a story of great entertainment value.
