

Even with your present ice-box
you can be free
from outside ice supply

The Frigidaire
frost coil does the
work of 100 pounds
of ice and never melts!

PERHAPS the ice-box you have is a good one. If it is, you can make a Frigidaire of it—easily and economically. A "frost coil" to replace the ice—a few simple connections and you are completely and permanently independent of outside ice supply.

Your foods will be kept in a uniform temperature 12° colder than you can expect with ice. You will have a dessert and ice-making compartment always below freezing. You will have genuine Frigidaire—the kind that is serving more users than all other makes of electric refrigerators combined.

Come in today. Let us show you how the General Motors plan of deferred payments makes it easy to own a Frigidaire.

What's
colder than ice?
Electricity!

If you could always have an ice-box
full of ice, it would be almost cold enough.

But you can't. Today's cake of ice starts
melting at once—the drip, drip of the
spout tells you that the ice-box air is grow-
ing warmer.

Run a wire to your refrigerator from
the lamp-socket. Install a compact, con-
venient, practical ice-making unit. (Your
present ice-box can be made into an elec-
tric refrigerator easily, if you like.)

See how dry, sweet and cold the air is
—always. Day or night, the occasional
hum of the motor tells you that crisp,
frosty refrigeration is being delivered—
electric refrigeration that keeps the tem-
perature colder than ice possibly can.

Electric refrigeration is quiet, simple
and dependable. It is a proven conveni-
ence that will soon be in every modern
home. Let your dealer show you how
easily you can have it in yours on attrac-
tive installment payments—now!

Illustrated Lecture Soon—

On Sunday evening at the First Methodist church, Dr. Albert S. Hisey of Salem will deliver a lecture in the interests of a better understanding between nations and races. The lecture is illustrated by an extraordinary series of hand-colored slides, depicting interesting scenes of various parts of the world. Some of these views are of exceptional value on account of their original character and the circumstances under which they were secured. Dr. Hisey is an entertaining and forceful speaker and the people of this community may confidently anticipate an evening of pleasure and profit. Admission charges will be made according to Rev. Frank L. Wemott, pastor of the church.

Dances Is Expected—

The dances at Hotel Willard last night proved one of the most delightful affairs of the social calendar this week. More than 150 enjoyed the evening, the first social function given at the new hotel.
