WHIPPET MAKES SPEEDY RECORD

Cracking 51 minutes off the former record held by a \$3,000 six cylinder car, a Whippet stock car this week speeded its way to a notable achievement mark when it traveled 126 miles in 159 minutes under official observation of newspapermen and city officials. This test was staged up the famous Nantahala gorge from Asheville to Murphy, North Carolina. This route consists chiefly of steep mountains and dangerously sharp curves with very few stretches of straight or level country.

Not only did the Whippet set a new time record for the trip but it maintained an average speed of 47.75 miles an hour and averaged 33 1-3 miles to the gallon of gasoline with an almost negligible consumption of oil.

The Whippet record was officially recorded in every detail—time, speed, gas and oil consumption—and sets a high mark for all light four cylinder cars.

The Whippet was officially checked out of Asheville at the start of the test by Postal Telegraph officials and checked in at Murphy at the end of the journey 159 minutes later by Western Union officials.

Why not have a high-grade car at a low price?

GRAHAM TRUCK SALES ARE BIG

April retail sales of Graham Brothers trucks and commercial cars including foreign shipments reached the highest level of any month this year, a total of more than 5,600 units having been delivered throughout the world during the 29 working days. Graham Brothers' tremendous output of trucks embraces a full line of 2-4, 1, 1 1/2 and 2-ton capacities, complete with bodies.

Featuring the large sales in April was an increase of 188 per cent in overseas shipments over the substantial figures of March, a total of 1084 units for the month. This total has been exceeded by only one other month in Graham Brothers' history.

In Canada, Graham Brothers

sales for April broke all previous monthly records of trucks delivered to customers.

Dodge Brothers dealers throughout the United States report that even greater sales are in prospect. As the truck business is one of the best barometers of general business activity, a continuance of prosperous conditions is indicated.

Midland Girls' Club Will Hold Dance Thursday

Girls of the Midland cookery club will be hostesses tomorrow night at a dance at Midland dance hall to which the doors will be thrown open to all who desire to attend.

In addition to the dance the club members are preparing a program and will hold a basket supper sale.

No admission will be charged at the dance.

What is Your Business?

We have a truck to fit it. Drop us a line or drop into our showroom and we will give you the names of other firms in your line of business that are using Internationals and can tell you just what these trucks can do for you. International Trucks are built in chassis ranging from 1/4-ton to 5-ton capacities with type of truck and body to fit the work for which each truck is bought.

CHEVROLET SETS OUTPUT RECORD

Spurred on by the greatest demand in its history, Chevrolet in April again set up a new production record with a total output for the month of 111,937 units, according to word just received from the factory by L. O. Arens, the local dealer.

This exceeds by 4,037 units the best previous monthly performance in the history of the company and establishes an all-time record for the monthly production of gear-shift cars.

"Equally as spectacular as the remarkable monthly production feat and dividing the spotlight with it was the mark established April 29, when in the short space of a day's working hours, the factories built 5,347 Chevrolet cars and trucks," said Mr. Arens. "This was 372 units in excess of the best previous day's record."

"It was particularly fitting that the record day happened to be the same one that Alfred P. Sloan, Jr., president of General Motors Corporation, chose for a visit to the Flint plant. Mr. Sloan, with C. S. Mott, vice-president of General Motors corporation, arrived at the factory early in the day as guests of W. S. Knudsen, president, and C. F. Barth, vice-president, of the Chevrolet Motor company.

"Before Mr. Sloan had completed his inspection of the big Flint plant, where men and machinery were combining to build the eight types of Chevrolet cars now available, it was evident that a new production record was in sight."

"Mr. Sloan waited for number 5,347 to come off the line, congratulated Mr. Knudsen on the remarkable showing being made by the Chevrolet Motor company and its product, and rode off the line in the epoch-making model, which again happened to be a coach."

The Weather—

The Cyclo-Stormograph at Underwood's Pharmacy shows that only slight variations have occurred in barometric pressure during the past 24 hours. A continuation of present unsettled conditions seems probable.

Forecast for next 24 hours: Partly cloudy with moderate winds and temperatures.

The Tyco recording thermometer registered maximum and minimum temperatures today as follows:
High.....62 Low.....39

HELP The Carrier Boys

The subscription and better service contest being staged by the Herald Carrier boys is nearing a close. If the boy asks you to take the paper, subscribe; you'll help him and also become a regular reader of the old home-town paper.

If you are now a subscriber, give him the name of some friend who should take the paper. The boy will appreciate it and so will your friend.

These carrier boys pledge themselves to give the best possible delivery service.
