

# WILLIAM CRAVER PASSES SUNDAY

### Strahorn Railroad Employee Succumbs; Leaves 3 Children and Widow

Death ended the suffering of William Wesley Craver, well known resident of this city, who passed away in a local hospital on Sunday morning, following an illness of more than two weeks. He was employed with the Strahorn railroad company up until his final illness.

Besides his wife, Mrs. Lou Craver, he leaves one son, L. H. Craver, and two daughters, Zelda and Ethel all of this city, to mourn his loss.

The remains are at the Earl Whitlock Funeral Home, Pine Avenue at Sixth and services will be held on Tuesday afternoon at 2:30 o'clock. Rev. A. F. Simmons, pastor of the Baptist church, will officiate. Interment will follow in the Linkville cemetery.

## LIFE SENTENCE GIVEN F. CLARK

(Continued From Page One)

tence of the law and the judgment of the court that you be sentenced to serve the remainder of your natural life within the state penitentiary," were pronounced by the Judge, Clark did not even change color.

When the court finished, he turned around without a word and plodded after big Jim Hilton, deputy sheriff, on his trip to the county jail.

He will be taken to the state penitentiary to begin his life sentence within the next few days.

Clark's attitude throughout the trial and up to the time of passing sentence was strange. His whole theory of life appeared to be based on fatalism and even with the hangman's noose dangling over him he did not flinch.

## SPECIAL RATES FOR EXCURSION

(Continued From Page 1)

Tentative schedule is as follows: Special leaves Klamath Falls July 12, at 9 p. m., arriving in Sacramento July 13 at 8 a. m. The Klamath delegation will be met by members of the Sacramento Chamber of Commerce and will be taken on rides during the morning. At noon, the Klamath delegation will be guests at the Sacramento Chamber of Commerce.

Special leaves Sacramento at 2 p. m., July 13, and arrives in San Francisco at 5:30 p. m. the same day. A delegation will meet the Klamath group and probably a banquet will be arranged.

The special fare will be \$15 a round trip, 85 cents less than the regular one way fare, it was announced.

Arrangements with the Southern Pacific and plans for the excursion will be announced at the Chamber of Commerce board of directors luncheon tomorrow noon.

## De Autremonts Must Undergo Federal Quiz

(Continued From Page One)

Just before the brothers were removed from Steubenville to Columbus, Roy thanked Chief of Police Ross Cunningham of Steubenville, one of the officers who made the arrest, and gave him a finger ring because he had "been good" to the brothers. Roy said he had slipped off a ring following his arrest and tossed it into a tank in the jail. He told the police chief to find it and keep it. The ring bore the initials "H A D." It had belonged to Hugh De Autremont, younger brother.

## Klamath Boys Graduate

Basil W. Brown and Henry F. Tennent of Tacoma and Mr. Joseph Grimes, sons of prominent families of Klamath Falls received their diplomas at Hill Military Academy, Portland, June 8. Their parents and several relatives and friends went to Portland to attend the ceremonies. In the afternoon the mothers were honored at a large tea given by Mrs. Joseph A. Hill and the members of the alumni auxiliary and in the evening Mayor

## PELICANS WIN SEVENTH STRAIGHT

(Continued From Page One)

Falls aggregation and puts them far in the lead.

Box score:

Pelicans.		ab	r	h	e

McShane 3b		3	1	2	0
Adolph 1b		3	1	1	0
Hill c		4	0	0	0
Boston p		4	0	0	0

Summary: Home runs, Adolph; three base hits, Foss; two base hits, Foss; struck out by Henlon 11; base on balls, Boston, 3; left on bases, Medford 6. Klamath Falls 5; wild pitches, Boston 1; double plays, Hanley to Adolph, Duback, to Powell to Brown; passed balls, Peterson 2.

MEDFORD, Ore., June 13, (AP)—Klamath Falls defeated Medford yesterday 14 to 3. Bierhop, who started on the mound for the locals, was batted out of the box.

Sensational fielding saved Henlon several times. Medford scored its three runs on a home run by Adolph after errors by Duback had put two men on in the sixth.

Score:

	R	H	E
Klamath Falls	14	11	3
Medford	3	7	5

Henlon and Peterson; Bierhop, Boston and Hill.

GRANTS PASS, Ore., June 13, (AP)—A home run with a man on, from

been heard of the S. P.'s decision on the Modoc Northern railroad. Ground must be broken for this extension by June 17, or the permit received from the I. C. C. for its construction will be withdrawn.

There is a report which is given credence in railroad circles, that the Southern Pacific will abandon this extension, thus leaving a clear field for the Great Northern's move south. It is also understood that the Southern Pacific intends to ask for common user over the Great Northern's extension south to Paxton.

Whatever the action of the S. P., it is not logical to assume that the southern extensions will be built south from Klamath Falls through the Klamath basin, but that one—whether it be S. P. or G. N.—will be constructed is probable.

**Action Significant**

Another straw which shows the way the wind blows in S. P. circles, is the initiation of construction on the O. C. & E. railroad from Sprague river east to connect with Lakeview. This road would give the S. P. its objective, an eastern connection, even as would the Modoc Northern. It is believed that if the S. P. intended to proceed with the Modoc Northern, it would not have started work on this line.

Although President Turner, of the Oregon Trunk, said Saturday that Oregon Trunk trains might be in Klamath Falls by Christmas, it was learned from authentic source today that it would be possible to complete the extension by October 15 if such an order were issued.

**CASH IN!**

NEW YORK, June 13, (AP)—One piece of advice from the pulpit to Lindbergh is the same as Gene Tunney's, namely, cash in. The Rev. Edward C. Russell told his congregation that the memory of the American people is short and that Lindbergh should reap all the rewards possible, including monetary ones, while he can.

## HOPPER ARMIES ARE REPULSED ON GRAIN LAND

Ingenuous contrivances, invented by man, have met and defeated the great armies of grasshoppers in the first major engagement on the south-eastern section of Tule lake on the Dalton and Liskey leases, it was announced today by County Agent C. A. Henderson.

Armed with a grasshopper burner and sacks of poison, and aided by favorable weather, biggest offense of the destructive insects was repulsed and in a counter-attack, man wreaked great damage.

"Today we are closer to having the situation under control than at any time since it developed," Mr. Henderson commented. "For the first time this year, poison took great toll of the advancing hordes, and what poison didn't do, the burner did."

The grasshopper burner is working on continuously for 16 hours a day; and poison is being spread in great quantities in the path of the advancing millions.

Mr. Henderson said that while success had attended their efforts yesterday, that nevertheless, the situation was still grave.

Approximately 20 men are devoting their entire time to the control work. Little damage has been sustained by grain crops, but forage crops are suffering.

**MUSSOLINI SOWS WHEAT**

ROME, June 13, (AP)—Benito Mussolini, farmer, is hot on the trail of a prize offered by his government for wheat raising. Having plowed and sowed his little farm at Caprepiza himself, he took a day off without notifying those protecting him, sneaked out and started the harvest of the early maturing specimens of 140 varieties that he had sowed.

## HUGE TROUT IS CAUGHT IN LAKE

(Continued From Page 1)

pounds in weight, it was reported. The largest trout measured 39 inches.

The woman—an inexperienced fisherman—was guided by a seasoned angler. With a Doc Shelton spinner, she trolled with an exceptionally long line, approximately 125 yards.

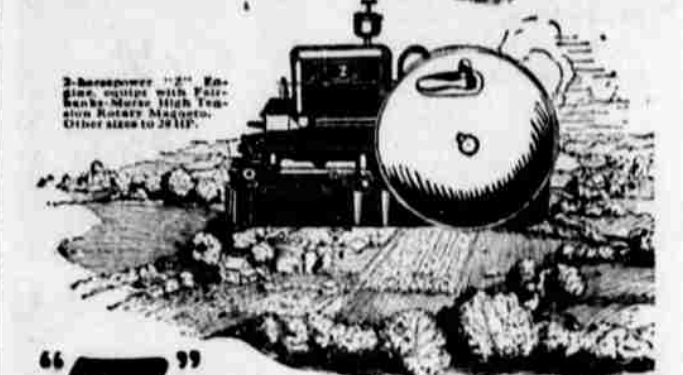

Heavy weights pulled the lure down about 50 feet. Both trout were caught in the deep water, one about one mile from the east end, and the other in the center of the lake.

The two fish each gave the fair

angler a hard battle although they failed to break water. The big trout is said to be a record in both size and weight in Odell lake.

So-called Lake of Michigan trout, better known generally as Mackinaw trout, are common in the east. They were planted in Odell lake 17 years ago, but seldom is one caught. The fish grow to an exceptionally large size.

The catch establishes a new record for length and weight for Klamath county. Eight days ago a new length record—36 1/2 inches—was set by a 20 pound trout taken from Odessa creek by Ed Gordon.

## "Z" Engines—biggest dollar-for-dollar value

NEARLY a half million farmers have solved their power problems with "Z" Engines.

Back of these famous power plants is the greatest engine factory in the world. Some of the country's foremost engineers, who design and develop huge engines of hundreds of horsepower, also design and develop the sturdy, dependable "Z". The tremendous resources, the many years of manufacturing experience, the huge volume and modern methods of Fairbanks, Morse & Co., combine to produce in the "Z" Engine a product that has maintained leadership for many years.

Invest in a "Z". Make sure of dependable power. Yet you will spend less than for ordinary engines! Sizes from 2 to 20 horsepower. Come in and let us show you part by part why the "Z" is the biggest dollar-for-dollar value!

Other Fairbanks-Morse Products are Home Water Plants, Home Light and Power Plants, Steel Engine Windmills, Food Grinders, Fairbanks Saws, washing machines, electric motors, general service pumping equipment, pump jacks, power hoists, etc.

Has your business outgrown your present location?

Let us arrange for the construction of a new building, suitable to your requirements.

## SLATER INVESTMENT CO.

115 So. 7th St. Phone 688

Let electricity pack your ice-box with dry, sweet, chilled air!

The hot days are here—delightfully healthful days so long as you can keep fit!

But for perfect health, be careful of your foods!

Try this:

Place a bottle of milk in a neighbor's electric refrigerator, or let your dealer make this test for you. Leave it there a week or ten days. Then examine it—it's still sweet!

Clean, hygienic, sanitary electric refrigeration will soon be in every modern home. Your dealer will show you an easy and economical way to have it now—on attractive installment payments if you prefer.
