## Million Trout Are Planted in Diamond Lake

One million trout fry will be released this year in Diamond lake—world's greatest egg taking station—according to Marion Barnes, district game warden who has just returned from the fishing resort where he has been helping ship the 17 3-4 million egg take to Portland where the eyed eggs will be hatched and the fry later distributed to different parts of the state.

By planting a million trout in the lake a year, the volume of trout is retained and the continued success of the egg taking station assured. That constant fishing of the lake is reducing the size of the trout was apparent this year in the fish traps. The largest trout taken was 12 pounds, Barnes said, whereas in years past trout weighing from 20 to 22 pounds have been taken.

"They're just caught out, and the one and only method of keeping Diamond lake up to standard is by constant replanting," the warden commented. "I've never seen so many trout in the lake as this year; but they are not as large as formerly."

Because the fish racks at the outlet of Lake had been constructed for the larger fish of days gone by, many of the small "spawners" escaped through the trap and made their way down the outlet. The fish trap will be reconstructed and the racks built to correspond with the size of the trout.

## PIRATES RETAIN LEAD OF LEAGUE

(By The Associated Press) Splitting even on their two-game series, the league leading Pirates and Cubs turned their batting barges upon slightly less formidable foes today.

When the Pirates downed their challengers, the Cubs, 4 to 9 yesterday, they not only retained their narrow margin of leadership in the league, but also held the lead in the private duel between the 2 clubs of 12 games they have played. The Pirates have won 7 and the Cubs 5.

As though purposely giving the whole stage to the Pirates-Cub battle, rained down the only other two games scheduled, both in the American league.

Road trips ending, the Giants look forward to a few fat weeks with the eastern teams after meeting many hard knocks in the west. Meanwhile their 3 rivals in the first division—Pirates, Cubs and Cardinals will be fighting it out largely between themselves. The Cubs prepared to open a series with the Cardinals with a double header, while the Buccaneers meet easier opposition in the Reds.

## Noted Swimmer Is to Perform in Ewauna Lake

Mrs. Lelia Fourrier, nationally known as one of the outstanding women swimmers of the world, who arrived in Klamath Falls today from her home at Long Beach, California, preparatory to entering training for the swimming race to be held in Toronto, Canada, will give an exhibition swim in the waters of Ewauna Lake on Wednesday evening at seven o'clock.

Mrs. Fourrier holds the Pacific coast record for the Golden Gate swim, having covered that distance in one hour and 26 minutes. Her record in the famous Catalina swim was ten hours, covering a distance of 14 miles. Besides these honors, Mrs. Fourrier is the only woman who has ever accomplished the swim around the island of Alameda Bay.

F. A. Young of Edgewood, California, formerly of Klamath Falls, a brother-in-law of Mrs. Fourrier, accompanied her to Klamath Falls where she will enter training at Rocky Point. Each day Mrs. Fourrier plans to swim at least ten miles in cold, fresh waters of Pelican Bay. Mrs. Fourrier has hopes of conquering the second Wrigley Marathon for the World's championship which is at stake on August 31 at the Canadian National Exhibition at Toronto.

## City Declines to Sell Property to S. P. Railroad Co.

Because the city would probably need the property for some years to come, the city council has refused to sell to the Southern Pacific a 100 foot right-of-way through the city's septic tank site property.

In a letter to the Southern Pacific, Elmer Balsiger, city councilman, advised the railroad company of the situation.

If Mr. Balsiger explained, the sewer bond issue providing for a disposal system, had carried, the property would have been available; but inasmuch as the issue was turned down, the old site will be used indefinitely.

## Swimmer to Speak At Forum Luncheon

Residents of Klamath Falls will have the opportunity of hearing Mrs. Lelia Fourrier, noted swimmer, explain what strokes she used in the famous Catalina channel swim in which she covered more than 14 miles, at the final forum luncheon of the Chamber of Commerce for the summer months tomorrow noon.

Members of the Chamber of Commerce have invited Mrs. Fourrier to be a special guest at the noon luncheon. She has consented to talk to the guests on one of the world's greatest aquatic events, the Catalina channel swim.

The major points in the road bond election to be held on Tuesday, June 28 will be discussed by members familiar with this issue. The board of directors are anxious that all members turn out for the final forum of the summer months, as well as to acquaint themselves with

the outstanding issues of the bond election.

RAPID CITY, S. D., June 21. (AP)—The hardest boiled group extant—the metropolitan reporter—falls for a "dude ranch" regalia. Press representatives at the college camp are resplendent in ten gallon hats, land checked shirts and other western (movie) apparel. The same bunch eagerly sought specimens of the silver dollar of local commerce in the belief that tradesmen here were overlooking rare coins.

## World's most popular low-priced quality six

Pontiac Six sales are now at record-breaking heights. No other low-priced quality six ever enjoyed such popularity—and no other car ever deserved its popularity more! For the New and Finer Pontiac Six is exactly the car that hundreds of thousands had hoped some day would be available!

The highest type of six under performance—the finest type of bodies known

to the industry—the most desirable mechanical features. And new low prices—the lowest prices ever placed on sixes of comparable size, performance and quality!

Small wonder that Pontiac Six popularity is sweeping the nation with wildfire speed! Small wonder that thousands of people are buying new Pontiac Sixes every week.

# I figured right when I signed with P.A.

WHEN I first started to smoke a pipe, I looked around me. The fellows who seemed to be getting the most out of their pipes were filling them from a bright-red tin, with a picture of a man in a frock-coat on it. They told me it was the greatest pipe-tobacco ever.

I decided to find out for myself. I bought a tin of Prince Albert. As I opened it, the aroma that floated out of it gave me a real thrill. It reminded me of a trek through the woods when the dew is on the leaves and the sun is on the up. I couldn't wait to try it.

The very first pipe-load won me. I was ready to sign on the dotted line. It was cool and sweet-flowing as Tennyson's brook. It was mild and mellow as spring sunshine. Yet it had that full, rich tobacco body that let me know I was smoking. You know what I mean.

I sure figured right when I signed with P.A. The philosophers say the only real pleasure is that which you share with others. So I'm letting you in on the ground floor. Get yourself a tidy red tin of good old P.A. today. Fill your pipe to the brim—and go to it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-resistance tops. And always with every bit of bite and punch removed by the Prince Albert process.
