Building News

Mr. and Mrs. James Howie of the Howie Motor Company have moved into their attractive new home on Melrose and Nineteenth street which has just been completed. Built of rock the home is one of the most spacious and attractive in the city. A full basement, six rooms on the first floor and a full upstairs with several large bedrooms are included in the home.

The coming few weeks should find the Holiday and Beardsley buildings on Seventh and Oak nearing completion. Each day the work is being rushed under the supervision of the W. D. Miller Construction company.

J. Nelson, formerly of the Nelson Brothers, known throughout Oregon as prominent cattlemen, has sold his interests in the Silver Lake country and plans to locate permanently in Klamath county. Mr. Nelson expects to look over this section with a view to purchasing a ranch and entering into the cattle business in this section.

Mr. and Mrs. C. Grove have sold their home on Wantland avenue to Mr. and Mrs. Ivan Duke. The home is an attractive four room bungalow and will be rented by Mr. and Mrs. Duke for the winter months. Upon their return from California this coming spring they plan to occupy the residence. The deal was closed this past week through the Chilcote-Smith real estate office.

Mr. and Mrs. Sherwood Barnum of this city have purchased an attractive home on Orchard avenue from J. M. Jensen. The property was bought by Mr. and Mrs. Barnum as an investment through the Chilcote-Smith real estate office.

Contract For Surfacing of Road is Let

With an offer of \$8,000 below the nearest competitor, W. D. Miller Construction company, 132 South Sixth street, was the successful bidder late Saturday afternoon for the surfacing of the Midland-State line section of the Klamath Falls-Weed highway. The low bid was \$41,579. Other bids were as follows: Dunn & Baker, \$49,305, and C. L. Camp, Ashland, \$53,150.

The contract calls for nine miles of surfacing including 19,200 yards of base course, 8,100 yards of top course, 2,000 yards of filler and binder, 5,000 yards of fill, and 1,500 yards for construction of road to rock crushing plant. The completion of this contract will mark the fulfillment of Klamath's share of the National Grange here today. It will be Taber's third successive term. It's a good thing Phil Scott wasn't paid accordingly when he fought Knute Hansen.

HOLLOW TILE HOMES

The home built of Hollow Tile is everything that a home should be. There is no danger of warping, cracking or shrinking to permit leaks of cold air or dampness into the home.

Hollow Tile may be finished in several different ways. A fa^{ce} of stucco or brick may be used, or the wall may be built with a finished wall of face tile.

Hollow Tile—the most economical form of permanent construction.
