Farm Lighting Problem Solved

Professor Finds New Oil Light That Exceeds Electric

Portland—An eminent professor in a leading scientific institute has completed a very interesting test on a most remarkable new white light for home use. The test shows that this wonderful light is superior to electric, is cheaper than common oil light and is the closest to sunlight of any artificial light.

A leading eye specialist says this light is a boon to country people where poor lights are causing much damage to eyesight. The fuel used is common kerosene and the lamp is so simple and safe that a child can light it. It burns without odor or noise, no pumping up.

The U. S. Government and 33 Universities have also tested this remarkable light, and have data as to its wonderful quality, efficiency and economy.

Readers sending their name and address on a post card to V. M. Johnson, 161 North Union Ave., Portland, Ore., will learn full particulars as to wholesale prices and how to get one free by showing it to friends and neighbors. Mr. Johnson also wants men and women to act as distributors. Exclusive territory given—adv.

The man entered the store and looked around. "Is there anything you wish," a clerk asked. "Well—yes, I am—that is, I would like to get a book suitable for a man—er—about to get married." "Yes, sir," answered the clerk. "Show this gentleman some of our large size pocketbooks."

The Eyes of the Navy on the Alert

The eyes of the navy—great seaplanes like those pictured above—are to take an interesting part in the Pacific maneuvers. The huge guns of the U. S. S. California, shown here, are the hands that follow the eyes.

Wally Wales is reckoned as the shyest actor in filmdom. He can not be induced to appear in public and has never made a personal appearance in his life.

He seems utterly unable to talk about himself or his work, and his conventional reply to every question relating to his work is "Please look at my work on the screen. That is the only place to judge anything regarding a motion picture actor."

LINDY TO VISIT SOUTH AMERICA

BALBOA, Canal Zone, Jan. 13, (AP)—The trail of the Lone Eagle will extend to South America before he returns to his home port of St. Louis.

Colonel Charles A. Lindbergh decided definitely to continue his good will tour and the Spirit of St. Louis will be thoroughly checked before it carries him on a new venture.

Wishing to be certain of all details, such as facilities for landing, the flyer said that he could not yet set dates for his future flights nor give their sequence.

An optimist is a man who makes \$18 a week and marries a woman who says she is fond of children.

Some airplanes can't get off the ground and others can't stay off.

MARINE PLANES CUT DOWN 9 OF GUERRILLA ARMY

U. S. Forces Move Forward to Cut Off Sandino From Base

WASHINGTON, Jan. 13, (AP)—Marine corps aviators operating in conjunction with land forces against General Sandino in Nicaragua have slain ten more of the latter's forces by aerial bombing, say dispatches to the navy department from Rear Admiral Sellers, commanding the special squadron in Nicaraguan waters.

The message said the aviators on January 11 located a group of Sandino's followers at Laguna Vista, near the point where they ambushed marines on January 1. The bombing attack followed another on Tuesday, in which the aviators killed nine members of Sandino's army in the neighborhood of Quilali, as they attempted to concentrate, supposedly for an attack on the marines holding that village.

Admiral Sellers reported that a detachment of marines is moving from Quilali to San Albin. The marines are endeavoring to take over the garrison and as many villages as possible to deprive Sandino of a base and cut him off from supplies.

PRISON BREAK IS FRUSTRATED

SALREM, Ore., Jan. 12, (AP)—Eleven prisoners in the Marion county jail are confined to their usual day time liberty in the corridors because of a frustrated jail break Wednesday.

Sam Burkhardt, deputy sheriff, in making his usual inspection of the jail, found a pile of nearly 75 bricks on the floor underneath a window in the south wall of the court house and just a thin layer of plaster on the outside of the court house left wing. Prisoners had but to dig out a little more of the mortar holding the brick, remove five or six bricks and step outside with only a seven foot iron fence between them and freedom.

No greater satisfaction can be had in life than that feeling of security that comes of a steadily increasing savings account and the ownership of a home.

HOPE FATE IS OBJECT LESSON

(Continued from page One) He is spending his last minutes writing letters thanking people who have written him condoling letters or sent him gifts of books and other things. He indulges in no self-pity. He realizes the enormity of his act. He said the only regret he felt in dying for his crime was the suffering that he was bringing on his family, his mother and his sister and brother-in-law.

"Previously he had said to me 'It was a cruel crime and justice had to be done but still I feel that I am not a criminally disposed man, one who became involved in a terrible deed without knowing why. I don't know why yet. I have never been able to understand why I did it.'"

"He spoke only in kind terms of Ruth. He said 'we both sinned. I have nothing to say against her.'"

"He was astonishingly cheerful and said: 'I am now at peace with my fellow men and God.'"

MEDFORD ELKS TO PLAY HERE

Determined to avenge their defeat of last year, the Medford Elks bowling team is scheduled to arrive in Klamath Falls to meet the Klamath Elks bowlers. The affair has gradually developed into an annual affair between the two lodges.

Last year, Klamath and Medford Elks bowling teams played twice, once at Medford and the second time, at Klamath Falls. The same schedule will be in effect this year and the total number of pins scored by each team in the two tournaments will determine the winner.

We read an argument that all students should be vaccinated upon entering college. Then, of course, they would all start from scratch.

At The Pine Tree

Tonight at the Pine Tree, the Meroni Olsen Players will present "The Detour" by Owen Davis. This play is a drama of rural Long Island depicting with vivid clarity and realism. The austerity of "backwoods" farm life at the same time presenting the simple humor of the natural wit of primitive minds.

Owen Davis has long been known to the theatrical world as a writer of thrillers and melodrama appealing to the popular taste of Broadway theatre goers, but this is his first attempt at serious playwriting and the accumulation of a long cherished ambition to write an honest play about real people.

Second-hand beauty

THE world is full of women who are beginning to lose the fresh bloom of health. Eagerly, hopefully, they haunt the beauty shops. Trying this. Trying that. Buying beauty by the hour. . . . At best what an empty achievement they attain! Second-hand beauty.

Life could tell a different story if more women knew the part constipation plays in wrecking youth and beauty. If more men but realized how this terrible scourge undermines strength and health. Constipation is at the bottom of many a trouble. The cause of literally dozens of diseases.

And more's the shame when it can be so easily and quickly relieved. Kellogg's ALL-BRAN is guaranteed to bring prompt relief—lasting, safe prevention.

Why "all-bran" is so effective It is "bulk" that combats constipation. Kellogg's ALL-BRAN is rich in bulk because it is 100% bran. It distributes moisture throughout the intestines—gently exercising them.

Sweeping out poisonous wastes. Part-bran products seldom contain sufficient bulk to do this effectively. That is why doctors recommend Kellogg's ALL-BRAN. Because it is 100% bran.

Better than drugs

Unlike habit-forming pills and laxatives—the quantity of ALL-BRAN you require need never vary. Kellogg's ALL-BRAN works as nature works—naturally. A pleasant, healthful cereal. Isn't that much better than pills or drugs?

Eat with milk or cream—or with fruits or honey added. Use it in cooking too. Sprinkle it into soups. Mix it with other cereals. Just eat two tablespoonfuls daily—chronic cases, with every meal.

Be sure, though, you get genuine Kellogg's ALL-BRAN. Don't risk part-bran substitutes. ALL-BRAN is sold by grocers everywhere. Served at hotels and restaurants. On dining-cars. Made by Kellogg in Battle Creek.

Guaranteed! Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.
