British Honduras Acclaims Our Flying Ambassador

It was a gala day for Belize, capital of British Honduras, when our Lindy swept down out of the skies in the Spirit of St. Louis at the end of the second hop of his Central American air tour. His was the first stop of a land plane ever made there. You see him in the inset with Sir John Bourdon (second from right), the British government-general, surrounded by admiring Honduran beauties.

The Weather

The Cyclo-Stormograph at Underwood's Pharmacy shows that the pressure has been slowly falling for nearly 24 hours. This will probably result in higher temperatures, at least, and conditions are favorable for rain, or snow. Forecast for next 24 hours: Cloudy and unsettled. Increasing winds and warmer tonight. The Tyco recording thermometer registered maximum and minimum temperatures today as follows: High 26; low 12.

Window Smashed In Crash

The center window of the Klamath Clothing Company store was shattered late yesterday afternoon when a car owned by John Fugate crashed through. Fugate was attempting to crank his car, which had been left in gear. Fugate made every effort to stop the machine and jumped clear of the machine just in time to avoid being crushed.

January 17 Was Franklin's Birthday
—an ideal realized
The birthday of Benjamin Franklin is fittingly the opening of National Thrift Week. And if Franklin could but live today he would take great satisfaction and pride in his country, for it has fulfilled greatly one of his ideals.
The United States has become the world's richest and most powerful country through work and Thrift. By saving and re-investing profits, American business has grown to be the largest in the world—American workers are the most highly paid.
This policy is just as successful with individual Savers as with the nation. Franklin got rich that way and saving will pave the way to your own financial success. Come in and make a savings deposit today.
