LINDBERGH ON TRIP FOR HOME

(Continued from page One) p. m. today. The plane was not seen because of fog but as this city was on the expected route of Colonel Charles A. Lindbergh, it was believed it might be his.

MONTGOMERY, Ala., Feb. 13. (AP)—

The chief of police of Talladega, near here, said this afternoon that a plane, flying in a northerly direction, and at great height, was heard to pass over that place at 1:25 p. m., central standard time. Because of weather conditions, it was impossible to determine whether it was Lindbergh in the Spirit of St. Louis.

ORLANDO, Fla., Feb. 13. (AP)—

A radio message received here by Lieutenant Justin Lee, communication department, United States naval reserve force, said an air plane passed over Sarasota, Fla., at 6:50 a. m. today, flying in a northerly direction.

HAVANA, Feb. 13. (AP)—

Lindbergh was following the long trail home today. His good will flight completed, he hopped from Columbia flying field at 2:26 a. m. for his home port of St. Louis, a flight of 1200 miles. Night still hung over the waters of the straits of Florida as Lindbergh headed over them on the only water jump of his flight to Key West, Fla.

As the Spirit of St. Louis left the dimly lighted field, only the steady throb of its motor traced its course to the open sea. From Key West his route led along the Gulf of Mexico to a point south of St. Louis from there it turned north to that city.

The plane was loaded with 225 gallons of gasoline, half its capacity.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. For sale by all druggists.
