

DARROW, WHITE HIT D. A. R. IN REPLY TO BLACKLIST

EDITOR'S NOTE: Your Paper and NEA Service herewith present the replies of Clarence Darrow, nationally-known lawyer, and William Allen White, noted editor of Emporia, Kas., to the "Blacklist" of the American Revolution in including them on a D. A. R. "speakers" blacklist. Darrow, White and a number of other notables were blacklisted as speakers by the Massachusetts chapter of the D. A. R. for alleged "communist" views, and opposition to a national preparedness program. The blacklist was approved and defended by Mrs. Alfred J. Brosseau, president-general of the D. A. R.

on that blacklist and I have supported President Coolidge's naval program, his whole armament program, from start to finish. That list was made by a lot of brass-buttoned, retired officers who are promoting the plans of the big munition makers' naval program which is admittedly ridiculous and which has been

defeated by Congress. More than that, my name was on the list two years ago when there was no question of armaments. At that time, Mrs. Brosseau pretended that she was not responsible for the list. Now she admits culpability and defends the list. I have tried to find why my name is included, without any satisfaction. I have been for years a member of the Republican party—a paying member at that. I have donated, or offered to donate, to Republican national campaigns since 1920. I was one of a committee of nine that

wrote the Republican platform in 1920 and in 1924 I supported the Republican national ticket and have President Coolidge's cordial letter of thanks to me for what I did in 1924. This year I am a delegate-at-large to the Republican national convention from Kansas, instructed for Senator Curtis, as good a conservative as ever stood in shoes.

BY CLARENCE DARROW
Written for NEA Service and The Evening Herald
PASSAGVILLE, Fla., April 13.—The action of the D. A. R. committee is quite in line with its business and methods.

They are the ignominious descendants of the disturbers and rebels who were the forefront of the American Revolution in 1776.

The smug and self-righteous of those days were like the professional patriots, snobs, lick-spittles and morons who are today engaged in the same business of criticizing those who express honest opinions about current events.

Heard, in his "History of the Rise of American Civilization," says of the "respectables" who fawned on the king and royalty and refused to be with the ancestors of the D. A. R., that they openly said that the commissioners of loans and boards of war, marine committees, commissaries, scribers, assemblies, councils, senatorial tribes, were "wretches whose very acts the French abhor;" that Washington was at the head of ragged ranks, hunger and itch were with him and all the lice of Egypt in his train; that he was the great captain of the western Goths and Huns; the soldiers were half savages from the backwoods; the patriot's camp was filled with priests, tailors and cobblers, with sailors and insects vile that emerged to life; rats who nestled in the lion's den; that their inspiration was treason, ambition, hypocrisy, fraud, bundles of lies, calumny, wool, riot, cruelty, cunning, malice, persecution and superstition.

Times have not much changed. The committee of the D. A. R. in their prejudice and ignorance, pretend to advise intelligent Americans as to whom they should hear, what they should read and what they should think. They would have joined with the sycophants in 1776 to stone their own ancestors for their devotion and courage.

It is related about the granddaughter of Victor Hugo, who was a social leader in Paris, that some scholar complimented her upon her industrious ancestor. She replied: "Can I never get rid of my grandfathers?" The action of the D. A. R. committee shows that courage, independence and intelligence are not inherited.

THE TRAGEDY OF MANY LIVES IS CONSTIPATION
Guard against it in time

This evil scourge ruins thousands of promising men and women. It saps vigor. It kills initiative. It wrecks health and happiness. Sleepless nights, dragging feet, headaches, pain-dulled eyes, follow in its wake. Frequently it leads to lasting and serious disease.

Yet there is safe, prompt relief. Kellogg's ALL-BRAN is guaranteed to relieve constipation. To surely prevent it. ALL-BRAN is 100% bran—100% effective. Doctors recommend it. Two table-spoonfuls daily—chronic cases, with every meal.

Don't you agree it is better to cure constipation with this healthful cereal than to try dangerous pills and drugs? Or uncertain part-bran products? Delicious with milk or cream—fruits or honey added. Use it in cooking too. Sprinkle it into soups. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

THE STORY OF PAINT

In the time of Pocahontas—
She who lightly trod the forest—
Wooded John Smith the valiant soldier,
Many dwelt in forests somber;
Built their wigwam homes of deer skin—
Painted brilliant sunsets on them—
Many symbols of their prowess
Picturing wild things of the forest
Thus did ornament their dwelling—
While bold hearts like buds were swelling.

With the world old earthy pigments,
Natures gifts for our enjoyment
Man was ever prone to color—
Learned he also from the flower—
From the sunrise and the sunset,
Learned he much for home adornment.
First he mixed his colors crudely,
As he learned he worked more shrewdly;
Now, with mixed paint nicely blended,
He gets just the shade intended.

Why run painting risks? Use Certain-teed old reliable paint—we sell it.
