

WEBFOOT NINE BEATS HUSKIES

EUGENE, Ore., May 5. (AP)—Let down with four hits, the University of Washington Huskies went down to a 6 to 2 defeat at the hands of the University of Oregon baseball team here yesterday afternoon. MacDonald, hurling for the Webfoots, would have pitched a no-run game but for a low throw to first by Ralings, second baseman. The Huskies would have been retired by a good throw, but two runs tallied in the inning when the heavens went wild.

BEAVERS SINK TO CELLAR OF COAST LEAGUE

Indians Grab Both Ends of Double-Header From Portland

(By the Associated Press.) Seattle climbed out of the cellar and Portland fell in as the Indians grabbed both ends of a twin bill from the Beavers, 6 to 3 and 8 to 5. Bert Cole suffered his eighth straight defeat in the second game, which Manager Jimmy Middleton hailed for the Indians. Batteries: Wilson and Schmidt; French and Rego. Second game: Middleton and Borom; Cole, Warhop, Orman, Tomlin and Ainsworth.

While Bud Bill Hughes was shutting out the Angels with three hits, his Mission team mates were combing the offerings of Pitt and Smith for 12 hits and taking advantage of the collapse of the Los Angeles defense to roll up a 13 to 0 victory. Batteries: Pitt, Smith and Hannah; Hughes and Baldwin.

San Francisco and Hollywood went 10 innings before the movie-town boys won out, 7 to 6, due largely to the brilliant relief pitching of Dick McCabe, who took over the hurling duties after the Seals had whacked Hank Hulvey for four runs in the first game. Batteries: Mills and Sprin; Hulvey, McCabe and Agnew.

The helpless Oaks took their fourth straight trimming from Sacramento, this time by a 3 to 2 score. The moist slants of Ray Keating kept the champions effectively tamed, only fast fielding kept the Solon total down. Batteries: Keating and Severeld; Craghead, Sparks, Duff and Read.

marked by a near fist fight and exchange of epithets among Senator Joseph, Attorney Thomas Mannix and Chief Justice Rand. When the hearing settled down after the disturbance testimonies was given concerning an option on mining property near Baker, owned by Judge Rand. It developed that Thomas Mannix had an option in the mine, and had interested E. W. Wickey in the deal, but Wickey held no option and Judge Rand said he did not know of Wickey's connection with the affair until he read a report of it in the Portland Telegram last November. Justice Rand then withdrew from consideration of the Wemme litigation, in which Wickey was a party.

Widening the Telephone Horizon

IN the memory of many now living, Alexander Graham Bell predicted that the day would come when we could talk to other countries, even across wide expanses of water.

Bell's vision was made a reality when in 1926 New York and London spoke together in two way conversation. Since then, this service has been opened to the public between any point in the U.S.A. and Great Britain. Mexico has been brought into speaking distance. Important cities of continental Europe have come within our voice horizon.

Even more important, the Bell System in the United States now embraces 18,500,000 telephones—a growth for the past year of more than 750,000. This is measurable progress in widening America's telephone horizon.
