Medford Garden Club Active—

Members of the Medford Garden club are anxious that there be a large number to qualify for prizes offered this year for the

best flower gardens. Some prizes are being offered that are worth striving for and those sponsoring the worthy movement are in hopes that this will be the banner year of a decade for the number and quality of gardens included. City plats are not the only ones to be entered, even though the organization operates under the name of the Medford Garden club. Flower gardens as far out as Sams Valley have been listed. Gardens in the rural zones equally removed in other directions are entered and from this wide scope it is the hope of the club heads to select prize winners that will attract attention for luxuriance, variety and beauty of arrangement as well as perennial borders.—Medford News.

Old Land Mark Removed—

With the tearing down of the old Brooks building opposite the Jackson hotel, to make room for the Montgomery-Ward building, another old Medford landmark and firetrap passes into oblivion. After his death about 15 years ago it has been used for second-hand stores and for other purposes.—Medford News.
