## MAJOR LEAGUE PITCHERS ARE POUNDED HARD

### Thirty-One Twirlers Used in Eight Games, Report

(By the Associated Press.)  
Subjected to one of the heaviest cannonadings of the current season, major league moundmen cautiously peered from their hide-outs today to see whether the bombardment was over.

Eight big league battles saw 31 pitchers pounded for 183 hits on which 108 runs were scored. Sixty of the hits were for extra bases—33 doubles, 11 triples and 16 home runs.

The heaviest helling of the day was in the Philadelphia sector of the National League. Here

the Pittsburgh Pirates cracked out 29 hits to beat the Phils 15 to 4. Kremer, a sad disappointment this season, returned to form and gave the Quakers only five safeties, two of them however, home runs.

Behind Benton's strong pitching, the New York Giants batted out 16 hits to crush the league leading Cincinnati Reds, 10 to 1. The St. Louis Cards moved to within one game of the Reds by taking over the Braves at Boston 9 to 6, in a wild game.

Shut out for five innings by Charlie Root, the Brooklyn Dodgers suddenly came to life and battered out a 13 to 1 decision over the Chicago Cubs.

In the American League the 15 to 7 triumph over the

Yankees home-ran their way Chicago White Sox. Babe Ruth hit his 23rd homer. Lou Gehrig hit his 14th and 15th.

Pitchers came into their own in the other three games. Ed Morris, big Red Sox rookie right hander, beat the St. Louis Browns 5 to 2, allowing seven scattered hits. The Washington Senators made it three in a row over the Cleveland Indians, 3 to 2, behind Jones' good pitching. Jimmy Fox' single in the eighth scored Cochran with the run that enabled the Philadelphia Athletics to beat Detroit, 6 to 2.

## Unknown Golfers Constant Threat In Nat'l Open

Winning the National Open or any major golf tournament gets to be a tougher proposition every year. The same is much faster than it was even ten years ago.

"The woods are full of great young unknown golfers," said Chick Evans to me the other day, "who are liable to step out and beat you any time. Let one of these birds get a good start on you, drop a putt or two and even Bobby Jones' mental equilibrium of playing only against par may be disturbed."

"Take Francis Outmet for instance. He is many strokes better right now than he was in 1913 when he won the open. In those days he drove and putted just as well as he does now, but he didn't have the 'in between' shots that now go to make him a greater golfer, yet he hasn't won either the open or the amateur since the war. And the same thing applies to myself."

"Chick" is right. The going is getting tougher every year. But I am going to make prediction. Watch Gene Sarazen at Olympic Fields next week. He has been knocking on the door right along and is just about due to walk into a championship this year.

issue of paper money—and the people stood with us then.

"A generation ago the republican party stood firm against a debasement of our currency through the free coinage of silver—and the people stood with us then.

"Less than 16 years ago the republican party stood firm against the surrender of our national sovereignty through minority membership in a foreign super-state—and the people then stood with us twice by majority of more than 7,000,000.

"So we shall stand firm again here and now—and in November the American people will again crown our courage and reward our sincerity in a victory as splendidly triumphant as any which we have ever achieved.

"Upon the platform which we shall thus reconstruct, we shall place a candidate whose personality fits out principles and the nation's present necessities. We are not barren of presidential timber. However, our choice may fall, we know it will rest in unworthy hands and that the leadership we shall here set up will assure to the country a republican ascendancy which will endure for at least eight years more.

"There are at least five million reasons why this must be so—because there are at least five million more republicans than there are democrats in this country. These millions united, as we know they will be when this convention has concluded its task, and joined by millions more to whom our candidates and our principles will appeal, will sweep on to an overwhelming victory at the polls.

"There is no occasion for the people to distrust our party and there is no occasion for our party to distrust the people. Their sober judgment will rest with us because—

"In seeking for a foreign policy for the United States we know our people will not turn to the party which conceived and nurtured the league of nations.

"In seeking for a fiscal policy for the United States, we know our people will not turn to the

## Mike Stewart Knocked Cold By B. Mariels

PORTLAND, Ore., June 13. (A. P.)—Ritche King, Seattle lightweight, used his advantage in height and reach and superior boxing skill to take a decision from Battling Bulahan, San Francisco, in their ten-round engagement last night. The other scheduled ten-round affair went only one round and a fraction. Bob Mariels, local heavyweight, putting Mike Stewart away after four knockdowns in the first and the same number in the short period of the second.

Kewpie Riley of Vancouver, Washington, and Joe Siefert, Seattle, went six furious rounds to a draw. Frank Werneke, Portland, scored a third round knock-out over Young Morgan, Vernonia, in the curtain raised.

## Lomski Meets Latzo Tonight In Big Match

NEW YORK, June 13. (AP)—Leo Lomski and Pete Latzo, exponents of the art of wading in and taking ten to give one, slug it out over the ten round route at Ebbets field tonight.

Lomski's stiffer punching power and the sensational but losing battle he fought against Tommy Loughran, king of the light heavyweights, have contrived to make him a slight favorite. The experts figure that the Aberdeen assassin's deadly body punching will take most of the fight out of Pete before the battle has gone very far.

The Scranton coal miner, once welterweight champion of the world, himself put up a great, but also losing battle against Loughran at Ebbets field recently. His stock, as a result, rose about 50 percent.

"In looking for an instrument to carry forward the still incomplete recognition of the present day defenders of the flag, we know our people will not turn to the party which for 50 years has resisted with unequalled venom, every measure to show gratitude to those defenders of the union who made possible our contribution to the world war.

"In seeking for means to administer the great trust of government for the United States we know our people will not turn to the party which has constantly shown itself ready to barter principles for votes.

"In seeking for an economic policy for the United States we know our people will not turn to the party which clings to the fetish of free trade.

"In seeking for a policy to make the tariff effective for every interest in the United States, we know our people will not turn to the party whose strength and weakness alike lie in its sectional character.

"In seeking for a policy to assure honest administration of the government of the United States, we know our people will not turn to the party whose most recent and most outstanding achievement in this year of grace if the revealed grafting of twenty million dollars from a single city.

"In seeking for a policy of law enforcement in the United States we know our people will not turn to the party which maintains itself in the places of its power through nullification of two amendments to the constitution and which openly flouts a third.

"In seeking for a policy to assure honest elections everywhere in the United States we know our people will not turn to the party whose sole title to success has rested upon intimidation and the tissue ballot and which now rest upon the obliterated vote of four million American free men.

"And in seeking for an agency to carry forward the program of the social order in the United States we know our people do not intend to throw our country within the tender embrace of Tammany Hall.

## WALTER MAILS HAS PORTLAND AT HIS MERCY

## PUZZLING PLAYS Baseball

Coach Suffers Penalty. What action should be taken by the umpire if with a runner on third the coach at that base by his actions confuses the fielder and causes him to make the wrong play?

The duties of the coach at third or first base is that of adviser to the runner. The position of third base coach is more important, since his judgment plays a prominent part in the scoring of runs.

The duties of the coach are purely of an advisory capacity. Whenever the coach steps out of his role and by his actions makes it appear that he is a baserunner, thereby confusing the fielder with the ball, he lays himself open to a severe penalty.

In the first place the position of the coach is definitely defined by white chalk lines. These lines are for the guidance of the coach and umpire in the proper performance of their duties.

The coach is supposed to stay within these lines. His roving territory is limited.

When a coach at third with a runner on that base runs in the direction of the plate or near the base line while a fielder is making or trying to make a play on a batted ball not caught on the fly, a thrown ball or a fly ball, and thereby draws a throw to the wrong base, the umpire should penalize the team at bat for the interference of the coach by declaring the runner entitled to third base.

## San Francisco-Grants Pass Marathon Starts Tomorrow

SAN FRANCISCO, June 13. (AP)—Pet theories and some funny ideas will get healthy workouts during the running of the Redwood highway Indian marathon which starts in San Francisco tomorrow and will have its ending in Grants Pass.

Most of the 30 Indians entered intend to wear shoes of moccasins—some will alternate with barefoot running. In last year's race some of the contestants encased their pedal extremities in layers of wet, green leaves. Others wrapped rolls of cloth around their feet.

An old trick used by fighters

After the Missions had broken a 2-2 deadlock by scoring twice in the tenth, Oakland came back in sensational fashion in the last

half of the frame to score three runs and win, 5-4. Both Pilette and Dumovich, after pitching tight ball for nine innings, weakened, but the Bell hurler blew out entirely, five hits being made off him in the final stanza. Batteries: Pilette and Whitney; Dumovich and Lombardi.

Sacramento slipped further down the chute by dropping a 4-0 decision to Hollywood. McCabe kept eight Solon hits well scattered and air tight support helped him along. Kunz was ineffective in the pinches. Batteries: McCabe and Bassler; Kunz and Severide.

## BUILDING FOR CITY GAINS IN PAST 12 DAYS

In checking the building permits for the first 12 days of this month at the office of Police Judge Lem Gaghgan, a total of \$26,475 was revealed today. Just 27 permits were granted for the first 12 days.

All permits were for small amounts, calling for repairs on buildings and erection of garages with the exception of a residence in Mills addition to be built by Charles Ballin at a cost of \$2,000; a service station to cost \$1500 by B. Blevens; a residence on Lot 10, Block 35 First addition, to cost \$4000. This permit was granted to H. E. Rokamp, building contractor.

onlookers. She and her associates plan to stage a dare-devil tournament Sunday in which one of the features will be an attractive young Klamath girl hanging to a pair of silk stockings held by Sig Smith who, in turn, is hanging from the under-carriage of the speeding Eaglerock plane by his feet.

Another feature of the Sunday affair, will be the automobile smash-up event in which two people driving old cars at the rate of 45 miles an hour, will crash head-on. Drivers will leap from their doomed machines an instant before the automobiles crash together.

Worth Looking Over.

Mad Bull, winner of last year's trek, isn't particularly concerned with the elaborate preparations of his rivals. With a disdainful "huh" he says he thinks he will run the rest of the contestants "out of their shoes."
