SEVEN TRAPPED IN CITY SEWER

CHICAGO, July 14. (AP).—Probability that seven workmen lost their lives when water flooded a sewer in which they were working last night was voiced today by J. D Alexander, a shift foreman.

Seven coats, hats and lunches left at the top of the shaft into the cavern had not been claimed. Alexander regards this as an indication of their owners' loss.

Searching parties were unable to enter the sewer today after half of the water had been pumped out because a high tension electric cable running through the tunnel had been short circuited.

MORGAN WEIGHS 129 FOR BOUT

NEW YORK, July 14. (AP)—Ted Morgan, junior lightweight champion, scaled 129 pounds today for his oft-postponed 15-round match at Ebbetts Field with Cannonball Eddie Martin of New York. Martin weighed 129½.

Although the sun shone infrequently, showers threatened again to halt the match, now scheduled for tonight.

MEXICAN HERO DIES IN CRASH

will from his native land to the United States, was uncertain. Two theories were advanced—one that the plane was demolished high in the air by lightning and the other that it was wrecked by a wind squall.

NEW YORK, July 14, (UP).—Sebastian Carranza, father of Captain Emilio Caranza, is proud his son died for his country.

With tears rolling down his cheeks, he said: "I am happy to know that my son died in the performance of duty for the good of his country, promoting friendly relations between the United States and Mexico. Of this I shall always be proud."

MEXICO CITY, July 14, (AP).—The mother and young wife of Captain Emilio Carranza were under medical care today, prostrated by brief over news of his death.

The wife, who expects to become a mother within a few months, was Maria Luisa Curbala, member of a prominent Sonora family where the young aviator met and courted her more than a year ago when he was flying in the Sonora campaign against the Yakui Indian rebellion.

WASHINGTON, July 14. (AP).—Premonition of death in the air was expressed by Captain Carranza in Washington shortly after his arrival from Mooresville, N. C., where he had been forced down on his attempted non-stop flight to Washington.

Governor Smith, his daughter, Mrs. John A. Warner, and Major Warner sat in the executive mansion at Albany listening to radio reports of the balloting at Houston. "That makes it!" he exclaimed, and grabbed his daughter for a celebrative kiss.

out license plates, was found at the house where she was arrested. She denied having used the machine recently.

EUREKA, Calif., July 14. (AP).—The United States government entered the hunt today for the three surviving bandits of the four who yesterday robbed the postoffice and the Brizard store at Willow creek and escaped after a running gun fight with peace officers. The bandit who was shot and killed in the fight had not been identified this morning at Weaverville, Trinity county, where he was taken.

More than 200 men were scouring the region around Canyon creek east of here where it is supposed the three robbers may be hiding. Sheriff John Runner and Wesley Hill, postmaster of Eureka, with several bloodhounds joined the manhunt today.

Just how much was taken from the postoffice at Willow creek had not been ascertained, but it is known the robbery was a Federal offense. The condition of Oscar Hayward, of Burnt ranch, who was shot and seriously wounded yesterday while aiding Deputy Sheriff William Carpenter in his fight with the bandits was uncertain today. He was still in a hospital at Weaverville in a critical condition. Carpenter was killed. Funeral arrangements will be completed after an inquest.

Meanwhile three negroes were being held in connection with the robery. Nellie Hellman and Ira D. Pettigrew, both of Fresno, were being held here for investigation because 1928 license plates, supposedly from their car, were found near the scene of the robbery and no 1928 plates were found on their car. They said the plates had been stolen. Ed Blount, another negro, was being held at Crescent City, supposedly as a companion of the two held here. All three are said by officers to have police records.
