Always a wallflower
until Jane learned to overcome "B. O."

THE GIRLS didn't mean to be sorry. It was astonishing to see an attractive girl like Jane sitting there all alone—a wallflower.

Before they could change the subject, Jane joined the girls and heard them whisper—"B. O."

An awkward silence! "B. O." Body Odor! And Jane knew they were talking about her.

Since then Jane has become the most popular girl in her set. "B. O." never spoils her charm now, for she learned the easy way to overcome it.

End body odor easily
It's amazing how many people let "B. O." hinder their social and business progress—without suspecting it.

We all have a characteristic odor. Others always notice it. But we ourselves cannot detect its unpleasantness because our own sense of smell has become desensitized to it.

Perspiration is necessary. It's healthful. Even on a cool day, our pores give off as much as a quart of odor-causing waste.

To avoid offending—just wash and bathe often with Lifebuoy—the delightful, purifying toilet soap that millions enjoy. Its bland and abundant antiseptic lather deeply purifies pores—giving bath-to-bath freshness and freedom from body odor.

So good for the skin
This same gentle, antiseptic Lifebuoy lather also keeps complexions glowingly fresh and clear. Guards health, too—by removing germs.

You'll learn to love Lifebuoy's pleasant clean scent, which tells you it purifies, and which vanishes as you rinse. Get some today.
