

Light Plan to Be Discussed Friday Night

A meeting of the property owners on Main street from Second to Eleventh has been called for Friday evening at 7:30 at the Chamber of Commerce, according to an announcement made by A. R. Wilson, chairman of the street lighting committee of the city council.

This comes as the result of facts which were laid before the board of directors at their meeting Tuesday by Mayor T. H. Walters, who told them plainly that the idea of having fancy lights and forming improvement districts to pay for same originated with the Chamber of Commerce. C. C. Kelley, city engineer, will be present at the Friday night meeting and will present figures of the estimated cost on installation and maintenance of the new system. It is hoped to clarify all questions and doubts which have arisen in the minds of the property owners.

Smith Charge Against Allen Meets Denial

WEST BRANCH, Ia., Aug. 22. (UP)—Henry J. Allen, chairman of the publicity bureau of the republican national committee, last night issued a statement denying Gov. Alfred E. Smith's accusation that he had any relationship with the charges leveled against Smith by William Allen White, Kansas editor. Allen's statement follows:

"Governor Smith's statement yesterday is entirely untrue so far as it implies any relationship between the republican national committee and the charges leveled against him by Mr. William Allen White. No member of the republican organization had either communication or knowledge of Mr. White's intention or his action. The sole connection was that after misrepresentation of Mr. White's position, he communicated to me that his position had been misrepresented, and as his old friend, I gave correction to that misrepresentation."

"Instructions of the republican national committee are to engage in no personal attack and that committee or its organization has not done so."
