

# 1ST REPORT OF DEATH UNTRUE

### Governor of Porto Rico Scoffs at Rumor of 1000 Dead

By Horace M. Towner, (Governor of Porto Rico) (Written for the United Press) SAN JUAN, Porto Rico, Sept. 21. (UP)—Although full reports of casualties in the hurricane which swept Porto Rico are not yet possible, the statement that 1,000 persons were killed is without foundation.

We have at this time accurate reports from 30 of 77 municipalities showing 106 dead and 329 injured.

Reports of destruction of property, however, can hardly be exaggerated. The storm swept the entire island. Every part was most seriously damaged.

There are at least 700,000 persons homeless. The value of the property and crops destroyed will run into many millions of dollars. It is impossible to give an accurate estimate.

Money and supplies are being sent to all parts of the island as rapidly as possible. A unit of the American Red Cross for the United States arrived today. Ship loads of supplies from the Red Cross and from the war department are en route but the need is great and will continue to exist.

It is probable there were more people injured in the Porto Rico storm than in the Mississippi river flood.

### K. OF C. AGENT TO VISIT CITY

Special agent, Brother Hallahan of Spokane, will pay an official visit to the Knights of Columbus chapter in Klamath Falls on Friday evening, September 25.

This meeting is the initial meeting of the fall for the local chapter, when officers for the ensuing year will be elected.

Members are asked to be present at assembly hall at eight o'clock.

### At The Liberty

Should war sever the ties of friendship? Is the spirit of brotherly love stronger than the enmity of nations? "His Foreign Wife," showing today at the Liberty theatre, is a story of brotherly love.

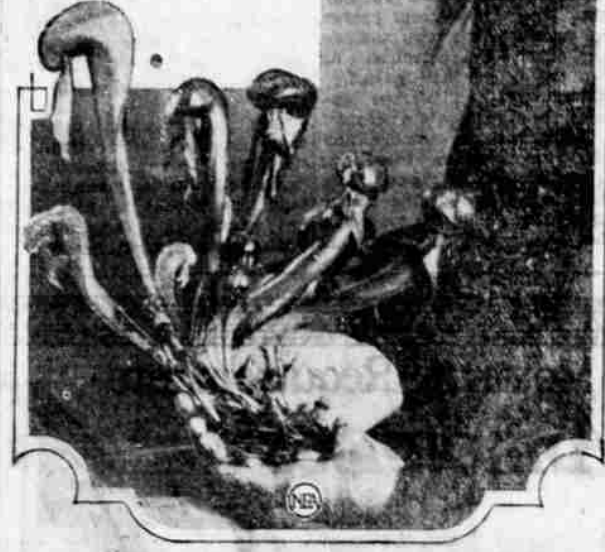

Such an experience befalls Johnny Haines, played by Wallace MacDonald, in "His Foreign Wife," a story of war's emotions, depicting the romance of an American doughboy in the Army of Occupation, and a German fraulein who is looked upon by his people as an enemy. This latter character is portrayed by Greta von Rue, a newcomer. Edna Murphy, Lee Shumway, Elsie Blahop, Charles Clay and others contribute other important impersonations.

### WANTED JOB.

HOLLYWOOD, Sept. 21. (UP)—Alfred Williams wanted to join the movies. Today he called up the casting director at Paramount and asked for a job as extra. He telephoned—day rates—from New Haven, Conn. "The town's overrun with extras" he was told.

### This Plant Eats Insects

One of the strangest plants known to man—a growth that exists altogether on a diet of flesh—was exhibited recently by Mrs. Daisy B. Hyde of Cleveland, Ohio. It is called the *Darlingtonia*. It resembles in appearance the hooded cobra of the Indian jungles, and it eats insects and small animals.

### GOAL OF RED CROSS IS SET AT \$500 IN CITY

The heavy demands being made upon the American Red Cross at the present time on account of the coastal storms and the middle-west disaster is evidenced in a telegram received yesterday by George Walton, secretary of the local Red Cross organization, which reads:

"Latest reports from Porto Rico, Virgin Islands and Florida indicate increased demands upon Red Cross for both emergency relief and permanent rehabilitation. Impossible to state exact amount needed, but total will be very large. Suggest goal of your chapter be \$500. West Indies and Florida disaster relief will be handled from one fund. National Red Cross already sending \$50,000 worth of foodstuffs to Porto Rico." (Signed) "J. Arthur Jeffries."

### STATE HIGHWAY CHECKS STOLEN

SALEM, Ore., Sept. 21. (UP)—Five of six checks stolen from the auditor's office of the state highway department in the capitol building last Thursday noon have been returned to the Ladd and Bush bank here for payment after having been cashed by merchants at Bend, it was revealed here today.

The six checks, aggregating \$560, were missed immediately upon the return of the auditor from lunch Thursday noon but it was thought at the time that they might have been lost. The checks were taken from a pile of probably 100 checks and had been selected from different parts of the pile. As a precaution, the bank here was ordered to stop payment on the checks.

A woman, undergoing a major operation in a Chicago hospital recently, was held under a hypnotic spell for nearly an hour. No drugs or anesthetics were used.

### S. P. Freight Facilities Will Be Installed

The Southern Pacific company yesterday made application to the city for a permit to construct an automobile unloading shed and warehouse on their property adjoining the Great Northern's new freight depot on South Sixth street.

The platform will be 26.5 by 250 feet and the warehouse will be 37 by 100 feet. Approximate cost of the platform and building was given as \$10,000.

This is a part of the development and service policy of the company announced recently. The work will be done by fall, it is announced. Altogether the railroad plans to improve its Sixth street grounds to the extent of approximately \$100,000.

A gantry crane will be installed, a team track to facilitate unloading from cars will be laid, and the property will be filled in between the Strahorn line and South Sixth street.

These improvements will speed up unloading of freight, particularly heavy machinery which can be handled by the crane, it was stated.

### At The Pine Tree

On the Stage

The program of the Dixie Jubilee Quartet includes a goodly number of plantation melodies for which their voices are so peculiarly adapted. However, while the folk-like songs are favored the program is interspersed with many humorous and popular selections, as well as attractive features. This combination, together with a very fine strain of light comedy, makes a happy combination.

On the Screen

Billie Dove is sold as a slave for a purse-full of gold in "The Love Matr." now at the Pine Tree theatre. Gilbert Roland and Noah Berry, with Miss Dove, have the leading roles. Emile Chautard, Armand

Kalitz, Boris Karloff, Andre Lancy, Raymond Turner, Paul Vincenti, Robert Schnable and others appear in the cast.

### OBTAIN PERMIT FOR NEW ROOF

An application for permit to re-roof the county court house was yesterday filed in the office of the city recorder.

Construction on the job started yesterday, with large pieces of the present roof hurtling down over the eaves past office windows and landing with loud thumps and clatters on the ground below.

Charles Schwab says that "putting the idea across" and not money is what animates the modern business man.
