CLEVELAND IS NONCOMMITTAL OVER CHANCES

All That Could Be Done Has Been Done; Owners Hope for Best

(By KENNETH E. SANDERS)

CLEVELAND, Jan. 21. (AP)—The Cleveland Indians will enter the 1920 campaign noncommittal on their prospects but hoping for the best from one of the most thoroughly overhauled lineups in the American League.

"We hope we have a better club than last year," was the only comment forthcoming from Billy Evans, general manager of the club, and he admitted that the Indians could fare much better this season and still not be much of an improvement over last year's seventh place outfit.

Outside of the moundmen, only the veteran Charley Jamieson in left field, Carl Lind at second base and Luke Sewell behind the bat will be found in their customary positions as the tribe now trucks up on paper. Gone are George Burns, George Uhle, Homer Summa and Lesser Light of the tribe of other years.

The seemingly eternal hunt for a successor to this speaker resulted in the purchase of Herb Porter from Baltimore and Earl Averill from San Francisco, both slugging outfielders who cost \$45,000 each. With the use of Summa to Philadelphia and the release of Gerkin, Langford and others, the way is paved for Porter and Verhill to patrol the outfield with Jamieson.

On the Tucker of New Orleans, Charley Dorman from Tyler, Texas, and John Gill, from Decatur may help.

Lino will be back at second, but an otherwise revamped infield will find Sewell shifted from short to third, Johnny Hodapp moved from third to first, and Tavaner, obtained with Pitcher Kenneth Holloway from Detroit for George Uble, is slated for short. Rookies will include first baseman Glenn Bolton from Terre Haute, Shortstop John Bennett, a teammate of Bolton's and Ray Gardner, of New Orleans, who was a sather association's leading shortstop last year.

The catching department will remain the same—Luka Sewell, Myatt and Autry.

Hudlin, Miller, Miljus, Grant, Shuute and Underhill are hold-over hurlers available to Manager Roger Peckinpaugh. He looks for further assistance from among such players as Holloway; Jimmy Zinn, who in five of the last six years has won 20 or more games a season for Kansas City in the American association; Jas. Moore, of Little Rock, who led the Southern association in pitching last year; and Wesley Ferrell, who pitched 20 victories last year for Terre Haute. All the newcomers are right handers.

Walter's Fast Ball Gave 'Em Shaking Knees

WHEN HE MADE THE OLD FIRE BALL HE WAS ALMOST UNHITTABLE

WALTER JOHNSON

By AL DEMARRE Former Pitcher New York Giants

Ball players will never cease to tell stories of Walter Johnson's fast ball when he was in his prime.

"Casey" Stengel tells a story about his first and only appearance at bat against the "fire ball" king, in an exhibition game one fall.

"I walked up to the plate," said Casey, "and mood ready with my trusty bludgeon.

"Johnson made a pitching motion, the ump called a strike and I stood there. The same thing happened on strike two.

"When Walter cocked his arm again, I threw my bat down and went back to the bench.

"Come back here, you blind fat head," the ump yelled, "he threw that last one to first base."

"That's all right, I yelled from the bench, I didn't see the other two either."

"Nemo" Leibold had the misfortune in his first appearance at the plate in a major league uniform to bat against Johnson.

"The 'Big Train' just threw three fast ones past him and Nemo never took his bat off his shoulder.

As he trudged dejectedly to the bench he muttered, "Fellows, if that's a sample of the pitching in this league, I don't belong here."

CHAMP BREAKS OWN RECORD IN ONE-MILE SWIM

SYDNEY, Australia, Jan. 21. (AP)—Swimming at Manly, New South Wales, Arne Borg of Sweden today covered a mile in 21 minutes, 6 4-5 seconds, beating his own world's record of 21 minutes, 41 3-10 seconds.

The mark which the "Swedish" hurricane shattered by more than half a minute had stood since August 12, 1925, when he established it in a race in Gothenburg, Sweden.

FATE OF ENOCH BAGSHAW UP TO COLLEGE HEAD

Deadlock Committee and Student Board Still Exists Today

SEATTLE, Jan. 21. (AP)—Whether Enoch Bagshaw is to remain as head football coach of University of Washington was still a question today. With the student board of control insisting that he be ousted and the faculty athletic committee as strongly determined that he remain.

With the two bodies to whom coaches are responsible, deadlocked, it was up to President M. Lyle Spencer to decide whether Bagshaw will finish the three remaining years of his contract. Dr. Spencer has said that he will be guided entirely by the legal phases of the dispute.

Confronted with a compromise proposal of the faculty committee to add a backfield coach to the staff and keep the "little giant" at the head, the student board turned to a lawyer for legal advice in the event Dr. Spencer denies their pleas.

A special committee worked yesterday formulating a bill of particulars reciting students' grievances against Bagshaw. This is to be presented to Dr. Spencer by a special committee consisting of the nine student members of the board of control as soon as he grants them an interview. Copies are also to be sent to the University Board of Regents.

Meanwhile the faculty committee sat tight on its refusal to approve the board's ouster.

ENGLE ENTERS LAKE SKI RACE

Genial Winter Sport Enthusiast Will Compete for Fat Purses

Oris Engle, genial winter sports enthusiast, has definitely decided to enter the Port Klamath-Crater Lake ski race on February 22. Engle is regarded as one of the best skiers in the county, and is a leading contender for the fat purses offered for winning places.

"Unfortunately," said John Maben, former caretaker of Crater lodge, and an ardent booster of the annual winter classic, "Oris has become involved in strange difficulties with Crater Lake Ski club officials. Word came to them the other day that he was spoiling the ski slide at the saw mill. They investigated and found Oris at the mill doing his stuff, watching for a while, they found out the cause of the deep holes in the snow of the slide. On questioning Mr. Engle, they were told that he was training for the big hill below the lodge, and that a long hill was only a continuation of small ones. The officials finally agreed that if Mr. Engle would fill up the holes and in the future use three skis, that they would forget the matter. Today some one saw Oris going up the road with a shovel on his back, but they did not see the third ski. Just how things will turn out it is hard to say."

Lower Limit, Brief Season Aim of Bill

Ideas of Klamath Sportsmen on a measure introduced at the state legislature designed to cut down the deer season and limit the kill to one buck, are sought by A. M. Collier, representative from Klamath county, according to a letter received by Nate Otterbein, secretary of the Klamath Sportsmen's association.

Collier's letter follows: "There was a bill introduced today by Representative Ford, ridding down the limit to one buck and shortening the season ten days at the beginning of the season."

"Will be very pleased to have your comments and any of the other boys' opinions.

Yours very truly, (Signed) "A. M. COLLIER"

3000 ARRESTED IN WINDY CITY

CHICAGO, Jan. 21. (AP)—Three thousand persons were arrested between Saturday night-fall and today's dawn, in one of the most sudden, widespread and successful police drives in the history of Chicago.

Raiders were conducted against every habitat of the gangster, gunman and robber. The theatre district swarmed with plain clothes men, seeking the "dress suit" crooks, and police patrols were booked for hours ahead, so swift were the arrests.

Two-thirds of the city's force of 6,000 policemen were kept on double duty over Sunday, to insure the success of the drive.

COMMISSIONERS WANT INCREASE IN PAY CHECKS

SALEM, Ore., Jan. 21. (AP)—An increase in the salaries of the three members of the Oregon State Industrial Accident Commission from \$3,600 to \$4,800 each will be proposed in a bill to be introduced at the present legislative session.

A letter from the commission, signed by Sam Laughlin, its chairman, is being sent to 100 industrial leaders of the state who are contributors to the industrial accident fund, and they are asked to request their district representatives in the legislature to support the bill. Replies to the letter so far received are said to be encouraging to the commissioners.

The letter cites the rapid growth of business in the department in administering the Workmen's Compensation act, and mentions that during 1925 the commission received and passed on approximately 40,000 claims, and received in cash from industries and workmen during that period nearly \$3,000,000.

doctors warn AGAINST standardizing weight

May result in dangerous loss of fat in the tissues

The American dieting craze that seeks to reduce all fat in the tissues is dangerous. Eminent medical authorities are alarmed and they point out that it is essential to try to standardize human weight.

"We are not machines," says one famous doctor, "but complex living bodies; we can never be standardized." He goes on to say that "What is a normal weight for one individual is an abnormal weight for another. The proper weight and degree of nourishment for any person . . . is that at which he is most capable and productive." Extreme dieting may result in permanent injuries. Without a reserve of fat we become a prey to diseases.

It is time for common sense, supported by medical warning, to end the fad of extreme thinness. One error in dieting is to think that only sugar is fattening. Any food that nourishes fattens, and sugar is a pure, cheap, nourishing food. Sugar's greatest blessing is mankind, however, is its use in making other foods palatable and enjoyable. Serve healthful baked apples or pears, apple sauce or stewed dried fruits for breakfast. A bit of sweet makes the meal complete. The Sugar Institute.

SMITH, HOOVER MAY MEET IN SUNNY FLORIDA

"That Will Be News When I Do," Smiles Al as Leaves for South

NEW YORK, Jan. 21. (AP)—Crype remarks Alfred E. Smith on his departure for a vacation were interrupted by his friends today as indicating that he would call on Herbert Hoover in Miami.

Mr. Smith did not answer a direct question whether he would call on Mr. Hoover but a friend who saw him off yesterday said there was a probability such a meeting would take place.

Mr. Smith was reminded of Mr. Hoover's trip to Miami today.

"Will you call on him down there and congratulate the victor?" a reporter inquired.

"Yes, I will be in Miami, too," said the ex-governor with a broad smile.

"But will you call on Hoover?" the questioner persisted.

"That will be news when I do," was Mr. Smith's verbal sidestep.

His plans call for a stay in the south until March 1. The Smith party will first go to Savannah, thence to Sarasota.

Fla. to visit Carl Espy and John Ringling. A large number of friends were on hand when the Havana special pulled out of Pennsylvania station. The party traveled aboard William F. Koussy's private car; St. Nicholas, Mr. and Mrs. Koussy, close friends of the Smiths, were in the party.
