

KLAMATH HIGH SENIOR CLASS PRESENTS PLAY

Small But Appreciative Audience Attends Three-Act Comedy

Before a very small, but appreciative audience, "The Patsy", a three act comedy was presented Friday and Saturday evenings at the Klamath Union high school auditorium by the Senior class.

Each of the characters took their parts in a most capable and professional manner. Klamath Falls people in attendance, who recently saw the play presented on the legitimate stage in San Francisco found each of the cast perfect, showing the splendid coaching they had during the past several weeks.

Al Barclay took the part of Bill Harrington, the hen pecked father. He was seen throughout the play working to support his family by selling groceries. Always he returned home to hear

nothing but complaints from his socially inclined wife, played by Maryellen Bradford. For more than 25 years he tolerated this until he learned of the treatment his youngest daughter was receiving. He then stepped forth and declared his authority and took charge of his family.

Miss Bradford was splendid in her part, which was difficult to play. Throughout the play, Miss Bradford as Mrs. William Harrington was found complaining and in tears.

Margaret Christopherson, as Grace Harrington, the eldest daughter showed much talent. Miss Harrington was ambitious to marry a rich man's son and throughout was found to be a social climber.

Helen Mason, as Patricia Harrington, the younger daughter was splendid in her role, displaying talent. Feeling her position, realizing she is not attractive and lacks pretty clothes, she sets out and becomes a most charming and beautiful girl through her adroitness.

Bob Huntley as Billy Caldwell, Harold Robertson as Tony Anderson, Vera Moore as Sadie Buchanan, Paul Sevier as Francis Patrick O'Flaherty and John Richardson as "Trip" Basty added talent and support to the main characters.

Music was furnished by the high school orchestra.

BREAK GROUND ON ROAD JOB

(Continued from Page One.)

company is obligated to keep the road open for traffic during construction work as detours would be roundabout and haphazard for heavy traffic.

The project will be completed May 31.

The state highway department has additional paving plans for Klamath namely, the paving of 11 miles of the Green Springs highway between this city and Keno and the paving of 12 miles of The Dalles-California highway between this city and Algoma Point.

THREE INDIANS BOUND OVER TO FEDERAL JURY

On charges of possession of liquor, introduction of liquor onto the reservation conspiracy to violate the federal prohibition law and maintaining a nuisance, Mr. and Mrs. J. Jackson and Warren Ruff were bound over to the federal grand jury of Portland Saturday afternoon by Bert C. Thomas, federal magistrate.

BOMB FOR GOVERNOR DETECTED

NEW YORK CITY, N. Y., April 8. (AP)—Police today sought the sender of a bomb addressed to Franklin D. Roosevelt, governor of New York. It was accidentally discovered by a porter in the parcel post room of the general post office.

The infernal machine consisted of six ounces of dynamite compressed in a six inch length of one inch pipe capped at both ends and provided with a fuse and detonating device. The whole thing was imbedded in wax in a tin candy box.

Authorities were at a loss to discover any motive for the attempted assassination.

The discovery by the porter was pure accident. Otherwise the parcel would have been sent to the governor and probably opened by that official.

The bomb was so arranged that opening the box would cause the explosion and probably cause instant death.

From 100 to 200 earthquakes perceptible to the human senses occur in the United States every year. The number observed by instruments is far greater.

REVOLUTIONARY PLOT CHECKED

Sixteen Filipinos in Toils Following Quick Action of Authorities

MANILA, April 8. (AP)—Sixteen Filipinos were under arrest today charged with planning a "grand Revolutionary army" to overthrow the present government and substitute an independent administration.

Police, however, say the scheme was not serious in its intent and that it probably would have gone little farther than the swindling of a number of natives into purchasing officers commissions in the "Revolution".

A raid yesterday netted 21 men, a large quantity of literature, bol a and daggers. Five of those arrested are being held as witnesses. They revealed that the leaders had set prices for ranks in the army, the price decreasing with the lessening of importance of the post. Under the plan a colonel's title would cost a prospective officer 480 pesos, about \$240, a lieutenant colonel 380 pesos and a major 280.

Modoc Board To Hear Road Problem Aired

ALTURAS, Cal., April 8.—The board of directors of the Modoc county development board will hear arguments of the Southern Pacific and Great Northern railroads relative to the merits of the proposed entry of the Northern lines into California from Klamath Falls by way of Lookout and the Western Pacific at a meeting to be held on April 25.

Decision to this effect was reached at a meeting of the development board here last Thursday night at which a letter from Ralph Budd, president of the Great Northern, was read. The board instructed the secretary to inform officials of both lines of the date of the hearing.

LOCAL COMPANY SUES BESSONNETTE AND REED

Fidelity Reserve and Loan company are plaintiff in a suit filed this morning in circuit court against Bessonnette and Reed, Inc., for the recovery of \$224.40, plus interest. In addition \$75 is asked for attorneys fees. The firm of Manning, McCulloch and Driscoll represents the plaintiff.

COMMISSIONER OUT OF BUREAU

WASHINGTON, April 8. (AP)—E. B. Merritt, who has been assistant commissioner of Indian affairs since 1913, was relieved of the duties of that office today and transferred to the budget department of Indian affairs.

Secretary Wilbur said that Merritt had been relieved of his duties as assistant commissioner

of Indian affairs, because it was the plan of the interior department to reorganize the Indian Bureau and that all the administrative officers of the bureau would retire or be transferred.

Secretary Wilbur said he had a high regard for Merritt's grasp of Indian problems and that his transfer to the budget department would enable him to be of great service in reorganizing Indian affairs. Merritt, who came to the Indian Bureau as a clerk in 1896, is a native of Fayetteville, Ark.

Congress in 1820 formed the first committee on Agriculture.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with twofold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
