PORTLAND AND SEATTLE EACH WIN 2 SUNDAY

Mission Reds Increase Coast League Lead By Taking Double Header

(By The Associated Press)
Two clubs of the Pacific coast league occupied the highlight in yesterday's play among the eight teams. They were the league leading Mission Reds who twice in the day defeated the Sacramento Senators, and the last but not least the Seattle Indians, who walked off with the Sunday double header.

Oakland's Acorns scored a double victory over the Hollywood Stars, and the Portland Ducks twice defeated the Los Angeles boys. It was a most unusual day of baseball. Seldom has a day's play resulted in so many double victories.

Umpire Struck By Pop Bottle

CLEVELAND, May 12 (AP)—Suffering with a concussion of the brain inflicted by a baseball fan's pop bottle, Umpire Ernest Ormsby was in the constant care of a physician today. Roger Peckinpaugh, manager of the Cleveland American league team, was under five day suspension for protesting a decision which precipitated a demonstration during the game Saturday.

The decision curbed an Indian rally and gave the game to the Philadelphia Athletics, 2 to 1. It was not Ormsby's ruling that caused the trouble, however. Umpire William (Brick) Campbell and called Lou Posenca, Cleveland first baseman, out for interfering with a throw to first after laying down a bunt in the eighth inning.

Peckinpaugh protested. As hoists and jeers in the stands grew louder the fans rained bottles on the field, striking Ormsby in the back of the head, and two members of the Philadelphia team, Joe Bosley, shortstop, and Kid Gleason, coach. Neither was badly hurt.

Campbell's report to E. S. Barnard, president of the league, brought an order forbidding him to enter the field until Friday. It was the first time in Peck's baseball career of nearly 26 years that he has been under suspension. He was sent from the field but once.

Ormsby was laid away in a semi-conscious condition, but was not thought seriously hurt. Last night, however, he became worse. His wife was summoned from Chicago. He is expected to return to duty in about a week.

Baseball Fan Hurls Missiles in Game at Cleveland Yesterday

Oakland was 4 to 2 in the morning and 4 to 5 in the afternoon from the Hollywood Stars, to make it six victories out of seven for the week. Johnny Vergez hit a home run with two on to help Delta to the verdict over Dick McCabe in the morning. Frank Shellenback was the losing pitcher in the afternoon game, with Dumovich worked only two-thirds of an inning to get the credit, relieving Hurst in the eighth.

Portland took the first game from the Angels 6 to 5, and the second 5 to 0. Los Angeles won the series 4 to 3. The Ducks took 8 hits off Boehler and Miller, and piled up their six runs in four innings to win the morning affair. The Ducks opened the afternoon contest with a five run rally. Nick Borelli scored a homer with two on base as a feature. The game went only six innings to allow Portland to catch a train.

Nest Raiders Are Warned By Marion Barnes

"Decoy" hunters face the prospect of immediate arrest if apprehended. District Game Warden M. J. Barnes announced today.

Barnes has received reports of persons capturing young ducks and young geese and raising them for decoys next fall.

"The law states that young game birds shall not be molested and the law will be enforced," the warden said.

The warden also called attention to the fact that many women anglers had apparently considered their sex to be "privileged" and had not purchased angling licenses. He told how one fair angler disappeared into the brush when he approached and left her fishing pole behind.

Illness Fatal to George Stallings, Former Boston Manager

HADDOCK, Ga., May 12 (AP)—George T. Stallings, who won fame in 1914 by capturing the world's baseball championship for the Boston Braves, died early today at his home near here. Stallings was 63 years old.

Death came at 5 o'clock this morning, after an illness of several months which had forced his retirement from the management of the Montreal Club of the International League.

Stallings was given the name of the "Miracle Man" in the baseball world after his remarkable record in 1914 in leading the tall and Boston Braves to the pennant and the world championship.

He was a native of Augusta, Ga., but had lived near here for thirty five years except during the times when he was absent attending to his baseball duties.

ELKS TO HAVE PARTY MAY 14

Invitations Have Been Issued; Bowring's Orchestra to Play

A dancing party, which promises to be one of the most enjoyable of the season will be given Tuesday evening, May 14th at Milk Temple.

The dance is being sponsored by the Elks' Ladies, the final social function of the season at Milk Temple before the state convention to be held this July.

Invitations have been issued to all Elks and their ladies. Visiting Elks are extended a cordial invitation.

For those not wishing to dance, cards will be in play. Jack Bowring's orchestra will play for dancing.

MOTHERS VISIT UNIVERSITY OF OREGON SUNDAY

Klamath Well Represented; Organization Is Formed

UNIVERSITY OF OREGON, Eugene, May 12. (Special)—"Oregon Mothers" gained a place on a par with "Oregon Dads" when they formed their own statewide organization, similar in purpose to that of the dads, while on the campus for the annual Mother's Week-end, and Junior Week-end, May 10, 11, and 12.

Mothers of Oregon students from Klamath Falls all belong to the new organization. Those from Klamath Falls who were on the campus for the many week-end functions were, Mrs. G. Massey, Mrs. Bessie Dunbar, Mrs. A. J. Lybe, Mrs. D. V. Kuykendall, Mrs. Bruce Dennis, Mrs. J. A. Tipton, Mrs. Leslie Rogers.

Mrs. D. V. Kuykendall was made a member of the statewide committee.

Mrs. Walter Cook, Portland, was elected president of the organization and the mothers and sons and daughters banquet, held Saturday evening, which was attended by 1025 mothers and their children. Mrs. John Runyon, Roseburg, was elected vice-president; Mrs. Wilson Jewett, Eugene, secretary. Executive committee members are Mrs. J. F. Hill, Mrs. C. D. Bodino, Mrs. Herman Schade, Mrs. Wallace Shearer, Mrs. Steve Jones, Mrs. Frank Holtzinger, Mrs. W. H. Crane, Mrs. George Peters, and Mrs. Paul Metcalf, all of Portland; Mrs. W. J. Seuffert, The Dalles; Mrs. Emil E. Judd, Roseburg; Mrs. Charles Hall, Marshfield; Mrs. Collin Eberhard, LaGrande, and Mrs. Ray Logan, Seaside.

The mothers showed even greater enthusiasm than the dads, who organized here a year and a half ago. The banquet was the largest held in the state outside of Portland, and taxed the facilities of the Gerling building.

Falls and Bend ten years ago. The Owen-Oregon company has a logging railroad operating out of Butte Falls. The distance to Klamath Falls is about 40 miles. The district is rich in virgin timber, with easy water grades.

Three years ago James H. Owen made a personal trip over the district and reported a route "was feasible" for the construction of a railroad.

He later sent out a surveying crew. Last year a crew was in the field making preliminary surveys.

It is known from sources outside the Owen-Oregon Lumber company that they have long been interested in the extension of their present logging operations, as it will tap a large volume of timber on the divide between their present holdings, and give them a direct route east.

The road, if built, would also provide Rogue River fruit shipments a shorter route to the east.

Asked regarding the report that the Owen-Oregon company was concerned with the construction of a railroad to Crescent City, Cal., Owen said: "That is too big a proposition for us."

SUES BURDICK FOR BIG SUM

OLDS AUTO IN SEVERE WRECK

Mr. and Mrs. F. R. Olds suffered painful cuts and bruises when a passing motorist skidded into their automobile enroute to Vancouver, B. C., where Mr. Olds planned to attend a Rotary convention.

The accident happened near Olympia, Washington, enroute north during a heavy rain storm. The Olds car was badly wrecked.

After receiving medical attention at Olympia, Mr. and Mrs. Olds took the train north to Vancouver where they attended the convention for one day. They are expected home Tuesday.

Dr. Barr Returned—
Dr. J. Randolph Barr and wife have returned home from Tule Lake where they spent the past two weeks. Dr. Barr is back in his office following the two weeks rest.

Blackwell at Hospital—
H. R. Blackwell, employed with the W. D. Miller Construction Company submitted to a major operation at The Hillside Hospital this morning.

Visit Smith Home—
Mr. and Mrs. George Edgar, San Francisco, were guests of Mr. and Mrs. E. T. Smith and family during the past week-end.

THE VIEW YOU GET THROUGH PLATE GLASS IS TRUE

Look through the glass on the left—note the grotesque angles of the house—how drunken and wobbly the pillars appear. This optical illusion is caused by the irregularities of ordinary glass.

Through the plate glass window on the right of the panel you see the neighboring house sharp and clear. Details are accurate. You see true perspective—so clear in fact that you would think there were no glass in the window at all.

STUDEBAKER... holder of world records

.... maker of transportation history

—guard its fine motor from harmful carbon-forming oils!

TODAY, car makers give us wonderful motors with enormous capacity for endurance, for speed. Not mere size; many of the "biggest" motors have disappeared. Rather it is the strength, the efficiency built into them. A change in design which enabled Studebakers, for example, to shatter existing records for time and distance.

This particular body style, the Commander eight brougham, caught the artist's eye as he sketched a display of the new Studebaker models

Even the costliest oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil

Here is a section of the efficient 80 h.p. eight cylinder Studebaker Commander motor. No room in it for the handful of coke-which old-style oils would soon leave. To get the most out of any modern motor you need an oil that forms no hard carbon

There is an oil, however, that forms 2/3 to 4/5 less carbon than even the costliest oils! The little it does form is only soft soot that blows easily away.

It both lubricates and protects fine motors. It eliminates the gritty carbon chips that would grind endlessly through tight pistons and bearings; prevents carbon knocks, valve fouling and burning.

It is Shell Motor Oil. Refined by a new high-vacuum process, this remarkable low-carbon oil is hailed by lubrication experts as a great advance. Full bodied, resistant to heat—Shell Motor Oil is a great new lubricant with the added advantage of less carbon.

Shell 400, the new "dry" gas that burns cleanly and keeps out of the crankcase, is the ideal running mate for Shell Motor Oil. Even Shell Motor Oil can be ruined by thinning with "wet" gasoline
