Pelican Will Show Talkie of Fox Films

With the coming of "Through Different Eyes", the first all-talkie production of The Fox Film to the Pelican Theatre within the near future, picture fans of this community will have the opportunity of seeing one of the finest productions in the history of filmdom.

A. Frahm, representative of the Fox Film with headquarters in San Francisco today signed a contract with H. W. Poole for the showing of this and other outstanding talkies from the Fox Studios.

"There have been many good pictures, a few marvelous productions, and two or three magnificent epics. It is among the latter I would classify "Through Different Eyes". Mr. Frahm told a Herald reporter today.

"The Black Watch", which critics declare is flawless from a standpoint of acting is another picture to be shown under the contract just signed.

"Behind That Curtain", "Follows of 1929", featuring Sue Carol and "The Vagrant" are some of the features to be shown under the contract with Fox Film.

"Hearts in Dixie" now playing at The Pelican is ninety-five per cent talkie and one of the outstanding pictures of the year, Mr. Frahm concluded.
