MECHANICS BARRED
MADRID, May 20.—Mechanics of Alameda, a little Spanish town famous for its war against hatted hair and short skirts, might as well pack up their tools and leave, for the mayor's new edict bans swearing within the city's limits. Special police have been appointed to see that the law is obeyed.

BIG NEWS

CHIFFON YOKE
An autumn toned printed chiffon frock, for afternoon, gets a charming effect of daintiness by using plain beige chiffon, the tone of the print's background, for an off-the-shoulder yoke. The pointed lower edge of the skirt reveals a slip's edge of similarly colored edges, in the plain beige, stables.

PEACEFUL COUNTY

Freckles and His Friends

Tag, set my regular mount ready, and also get a mount for Freckles. I'll be waiting them in half an hour.

Yessir—everything will be ready.

I'll go and make him up with the news that we're riding to the station to meet Tagalong.

Dan's a Real Cowboy

I'm glad you came in Uncle Harry—I was sleeping like a log and I might have slept till noon if you hadn't woke me up.

Get your clothes on, Freckles—we're going to meet Tag!

Mom'n Pop

As long as our victim isn't around I might add that we didn't come out so bad on that copper deal at his expense. That reminds me—here, I want to give you a check for \$2500—your cut on the profits.

Not a bad day's work, Bragg. Any time you need a little help I'm putting over a fact one just call on me.

Pop looks pretty low since he went to Colorado and found that his claim never did have any copper on it. Say, by the way, if you have that deed to the claim, pop thought you bought when we put that over on him. I have your check right here.

Yes, here's the deed. I don't want it. But what's the idea of your dropping in here to pop's office when we had head on into Hank?

My—terious wire from his wife in Colorado sent George Bragg pell-mell to pop's office where he had head on into Hank.

A Startling Piece of News

Oh, just to cheer him up with a little good news. I want to get that claim back from him.

Get his claim back—why?

Well, you see, Hank, my diamond drillers at the Junta mine just discovered a huge body of rich copper ore that runs from my mine right through his claim and it might extend into this one that you just gave back to me. Here's the wire.

You dirty double-crosser! I'll make you pay plenty for this trick, Bragg.
