

RAIL WORKERS GO ON STRIKE

(Continued from Page One)

offices to call the supreme court into a plenary session to seek a solution of the "conflict" and inviting him to visit the building himself and read over the stenographic report of the trial of the case. It was said if he did he would be convinced of the prejudice and partial attitude of some of the magistrates who voted against their petition.

Virtually all those remaining in the room were affiliated with unions of railroad workers including the engineers', conductors', boiler makers' and machinists' organizations.

COREY WORRIES OVER RAILROAD

(Continued from Page One)

This action has aroused the people of Nye, whose chamber of commerce has written a letter to the service commission demanding to know the reason for its unfavorable attitude. Commissioner Corey said today that the reason is clearly set forth in the petition. He added that the Oregon commission would be favorable to the Nye-Crescent Lake line if the first assured.

STANFORD OFF TO GOOD START

(Continued from Page One)

championship finals. The javelin trials also saw Stanford's stars in the fore. Leo Kibby got off the best of the early throws, about 200 feet, closely followed by his team mate, Bill Sparling.

Robert registered his second successive record breaking throw with the shot when he hurled the ball 59 feet, three inches. Kibby also strengthened his lead in the javelin by tossing the spear 203 feet.

The far west took five of the six qualifying places in the javelin. The only eastern qualifier was Dave Myers, New York uni-

versity negro and football star. Stanford's colors were hoisted high again when the Cardinals placed two men, Leo Kibby and Bill Sparling. Kibby led the field with a throw of 204 feet, 7 inches, a foot short of the I. C. A. A. record held by Greth Hines of Georgetown.

Jimmy Daley, the Holy Cross star, featured the 100-yard dash trials by clicking off his feet in the fastest time, 9 8-10 seconds. The east took 19 of the 23 places, qualifying for the semi-finals as Maurel of Southern California and Dyer of Stanford made the only far western bids. Dyer won his heat from Earl Wildermuth of Georgetown but Dyer was beaten by Harwood of Syracuse.

LABORITES WIN GREAT VICTORY

(Continued from Page One)

majority in the House of Commons by one vote, but was still pending the conservative party by 39 votes. With 391 constituents reported out of 616, the lineup was as follows:

Labor 195.
Conservatives, 165.
Liberals 24.
Others 7.

The combined total of the other parties was 196 while labor had 195.

LONDON, May 31, (AP)—Ten women thus far have been returned to the new parliament from yesterday's elections, including the American-born heiress, Lady Astor, whose plurality was cut to a bare 211 and the Countess of Iveagh, who also was reelected.

LONDON, May 31, (AP)—With only thirty-one districts unreported tonight the labor party maintained its lead but without an absolute majority.

The vote was:
Labor, 237; Conservative, 246; Liberals, 51.

The remaining results will not be known for a few days but will hardly affect the standing.

LONDON, May 31, (AP)—Despite the smashing successes scored by the labor party in the general election at the expense of the conservatives, enough returns were in hand this evening to show that the laborites could not secure an absolute majority in the commons over all other parties.

Florida has the largest area of swamps and wet lands of any of the states; the total area there is about 19,800,000 acres of such land.

CHILDREN ARE POOLE GUESTS

Following the Memorial Day exercises held Thursday morning, the large number of school children who took part in the parade were invited to be the guests of H. W. Poole at the Pelican theatre during the showing of the Lincoln Memorial picture.

Announcement of the theatre party was not made until the parade was over and the children were ready to disband. The theatre was almost filled by the youngsters who were eager to see this tribute to a martyred president after paying tribute to the fallen soldiers of five different wars.

ENGLAND REMEMBERS AMERICAN SOLDIERS

LONDON, May 31, (AP)—American soldiers who fell in the great war and whose bodies rest in England were remembered yesterday by their compatriots and allies alike.

In London the annual Memorial Day service conducted by Canon Carnegie was held at St. Margaret's Westminster. It was attended by many Americans including representatives of the American Legion who previously had placed a wreath on the cenotaph in Whitehall.

SCOUTS STAGE TREASURE HUNT

More than 60 boy scouts followed the trail of the Treasure Hunt Wednesday night, which ended on the upper Klamath Lake near the park site.

Carroll Wall and I. A. Smith were the first scouts to reach the hidden treasures, two 1-inch steel scout axes.

The hunt started at the court house, with the boys hurrying on looking for the camp fire, which was the signal that the hidden treasures were nearby.

Rev. J. Henry Thomas told the scouts many interesting stories of his experiences while in India. H. W. Bathiany spoke briefly, asking the boys to attend the Memorial Day parade.

EMBARGO MUST BE PLACED BY FEDERALS

SALEM, Ore. May 31, (AP)—Selling that any embargo placed upon shipments of Florida fruit into Oregon, because of the discovery of invasion of that state by the Mediterranean fruit fly, must come from federal officials, C. A. Park, president of the state horticulture, Friday said that the state board contemplates taking no further precautionary measures than are now being observed in inspection of fruit imported into this state.
