MISSIONS AND SEALS DIVIDE GAMES SUNDAY

Status Between Two Teams Remains the Same As Result of Twin Bills

By The Associated Press
Even division of the spoils in Pacific Coast league double-headers yesterday prevented any further widening of the breach between the league leading Mission Reds and the advancing San Francisco Seals, fighting hard to oust them from the top notch position.

The Mission Reds split with the Seattle Indians, the bay city boys winning the opener 8 to 4, and losing in the afternoon 6 to 1.

At Sacramento the Seals won from the Senators in the day's finale 7 to 6. The Seals were victors in the morning encounter at Stockton, with a score of 6 to 1.

Ivan Howard's fast stepping Oaklanders made it six in a row over Marty Krug's Angels at the Emeryville ball park, taking both ends of the program, and drawing ever closer to the Seals in what it appears will prove one of the closest pennant races in years. The morning game was taken by 1 to 0, and the afternoon meeting 8 to 6.

The Hollywood sears divided the double bill with the Portland Ducks in the southern city, winning the first by the lopsided score of 20 to 1, and losing the second 4 to 2. The stars won the series five games out of eight. The Stars collected 25 hits off Knight, Beck and Walker in the first game.

Pitcher Toots Own Horn From Bleacher Seat

WHILE OTHERS LIKE VAN ANDA USE TO BOOST THEIR OWN STOCK FROM THE STANDS...

A good many ball clubs let a pitcher take a day off after he has pitched his turn, and perhaps won his game.

McGraw used to say, "Now, I don't want to see you around here in the stands like a cab-driver, go fishing, or down to the beach. Get away from the game."

Mathewson never pitched on Sunday, and it used to make him sore when it rained on Sunday, letting the other fellows have a holiday, too.

I used to know a fellow named Van Anda, who would pass his off days in the ball park. He'd go out into the bleachers, and if the pitcher in the box began to falter, he'd yell out, "Put in Van Anda. He's the best pitcher on the club."

Then he'd move over back of third and start up the same cheer in the crowd. He put in his off days working up himself that way.

PHILADELPHIA SURE SHOT FOR FLAG, BELIEF

Athletics Keep Eight Game Lead Over New York Yanks

(By WILLIAM J. CHIPMAN)
The first third of the way has been travelled, but for the Athletics it has been anything but the hardest. Even though Cleveland outmanned the Maccorm by 10 to 9 in Cleveland yesterday as the Yankees were sinking the Tigers by 11 to 7 for the third time in four days, the Philadelphiaans passed the 51-game mark with 39 victories and only 12 defeats for a percentage of .765 and a lead of eight games over the Yankees.

This record is two games below the figure reached by the big men in the first 51 engagements last year, but is five games better than the mark of the 1927 Yankees, who set an American league record with 110 victories and a percentage of .714. The Yankees in 1928, the first year of their current reign, showed 37 victories and 14 defeats in their first 53 skirmishes.

Advantage Big
If precedent holds good, the advantage of the Mackmen will prove sufficient. From this point to the finish, Prof. McGillicuddy can play .553 baseball and close the season with 66 victories and 46 defeats. To beat such a mark, the Yankees would have to win 66 and lose only 37, a .641 clip as compared to their current .608. The grade seems not quite so steep as it might when the recent hard hitting of the champions is considered, but it is still enough to suit Miller Huggins.

Chicago Beaten
Washington defeated Chicago by 5 to 3 and St. Louis turned back Boston by 5 to 2 in remaining American league fixtures.

The National league Donnybrook became even warmer through the turn of the games yesterday. The Braves, who were supposed to supply an afternoon of clean fun for the Cardinals, so far forgot themselves as to win two one-run decisions from the league champions, 6 to 5 and 9 to 8.

Much the same thing happened at Cincinnati. Donie Bush got away with the first game by 8 to 3 while employing Young Melme against Adolfo Luque and others, but the Reds amazed all hands in the second fray by knocking Burchfield Grimes from the box and giving him his first defeat of the season. The score was 8 to 1.

The Cubs meanwhile were taking 7 to 2 jolt from the Phillies while the Giants were flattening the Robins in Flatbush, 11 to 4, behind the fine pitching of Carl Hubbell.

These various results left the Cardinals still leading, but only by the skin of their teeth, with the Pirates barely ahead of the third-place Cubs.

AT THE PINE TREE

Mary Pickford has renounced her curls and little girl pout and appears as a roguish, captivating young modern in "Coquette," her sensational 10 eye cent talking picture which is at the Pine Tree theatre now.

The foremost little lady of the screen has outgrown the film childhood during which she delighted millions in "Little Annie Rooney," "Tess of the Storm Country" and countless other unforgettable masterpieces.

Realizing that in this inventive age, with its new conventions and high-paced activities, there was no place for the make-believe child she had created, Mary Pickford has decided to begin a new career as the woman she really is.

"Coquette" is the first vehicle of the new Mary Pickford. The famous actress who made her stage bow with David Belasco, you will hear and see as a laughing, carefree southern belle who flirted, kissed and forgot, until there came a man she couldn't forget—HER man.

AT THE LIBERTY

A typical spectacle of the old and new West; a play depicting the spirit of the locality—this is described in one word, the rodeo.

The rodeo is typically West, and yet people all over the world know or have seen the bucking bronchos, roping, steer throwing, racing and other events that marked the life of the early Western country.

Rodeos are still held and find enthusiasts that follow them with the regularity of a baseball fan. One of the most successful of these found ups is the one held in Cheyenne, Wyoming every year. The last one furnished the background for "Cheyenne,"

ARMY'S DRIVE TO BE STARTED TUESDAY MORN

Prominent Business Men Will Canvass Klamath Falls

Tuesday morning, the Salvation Army Drive opens in Klamath Falls, when prominent business and professional men will canvass the city for the purpose of raising \$3002.50.

"No organization or enterprise has ever been granted a broader charter than that embodied in the certificate of incorporation, issued by the State of New York in 1889, from which the Salvation Army derives its legal existence in the United States."

W. C. Mac Rea, campaign chairman of the drive said today. "This charter defines the Salvation Army as an organization designed to operate as a religious and charitable corporation in all the United States and territories of the United States, and enumerates the following as its purposes: "The spiritual, moral and physical reformation of all who need it."

"The reclamation of the vicious, criminal, dissolute and degraded. "Visitation among the poor and lowly and sick, and the preaching of the Gospel and the dissemination of Christian truth by means of open air and indoor meetings."

A committee composed of Dr. G. A. Maser, chairman; W. C. Mac Rea, campaign chairman; Leslie Rogers, treasurer; Rev. J. Henry Thomas, secretary; Andrew Collier, A. Makin, Leo Jacobs and Professor J. Percy Wells will canvass the city.

AVIATORS GET BIG RECEPTION

rites to follow which probably will continue through several days.

It is doubtful whether the city of Paris or the government will give the flyers an official reception.

The air ministry some time ago forbade transoceanic flights and was on record as definitely opposed to the attempt of Assolant, Le Fevre and Lott.

To most Frenchmen the young Stowaway, Schreiber, remained a great puzzle today with the French Morning Press giving him a great deal of space but largely as a curiosity.

His talkativeness in his own language, his incessant repetition of three French words, "Vive La France," his waving of an American flag and his general demeanor were quite inexplicable to the logical French mind.

The French newspapers have dubbed him with the word applied by the three Frenchmen who were infuriated at finding him aboard the plane last Thursday but later befriended him, the word being, "Le Polisson," which in its mildest form may be translated "The Rascal".

Completion of the flight begun last Thursday at Old Orchard, Maine, occurred at dusk when it was rainy and dismal. The plane appeared over the field to the accompaniment of cheers.

J. SALO WINNER OF DERBY RUN

Wins Pyle Race By Margin of 2 Minutes and 47 Seconds

(By VICTOR G. SIDLER)
(Associated Press Sports Writer)
LOS ANGELES, June 17. (A.P.)—Bronzed of skin, haggard of face and worn to the point of exhaustion, but with the sturdy running heart of a son of Finland, Johnny Salo, 36, today had conquered 2,635 miles of prairies, deserts and mountains, to win the C. C. Pyle Banion derby and the \$25,000 first prize of the continent-spanning race.

By a margin of but two minutes and 47 seconds Salo triumphed in the grueling grind from New York City. That slim lead he held over Pete Gavuzzi, 115-pound British born Italian. In the total elapsed time standings when the trans-continental event came to an end here last night.

Comes From Behind
It was in the final hours of the lengthy journey that Salo, a Passaic, N. J., policeman, blazed his trail to victory. He came from behind to snatch the winner's laurels from the hands of the wiry Gavuzzi in the last 30 miles, 385 yards of the derby. Gavuzzi, made a desperate attempt to head off the flying Finn and in falling lost \$15,000 the difference between first and second place money.

The total running times for the two leaders best tell the story. Salo crossed the continent in 525 hours, 57 minutes and 20 seconds. Gavuzzi accomplished the trip in 536 hours and 7 seconds.

Uncle Takes Third
More than twelve hours behind Gavuzzi, but in position for third place money—\$6000—came Guido Umek, of Italy, who plodded from coast to coast in 558 hours, 46 minutes and 52 seconds. Sam Richman of New York, was next in the elapsed time standings, ready to take the \$1,500 prize for fourth place with a total of 571 hours, 29 minutes and 29 seconds.

THE RULE IS!

By GEORGE SARGENT
Golf Professional

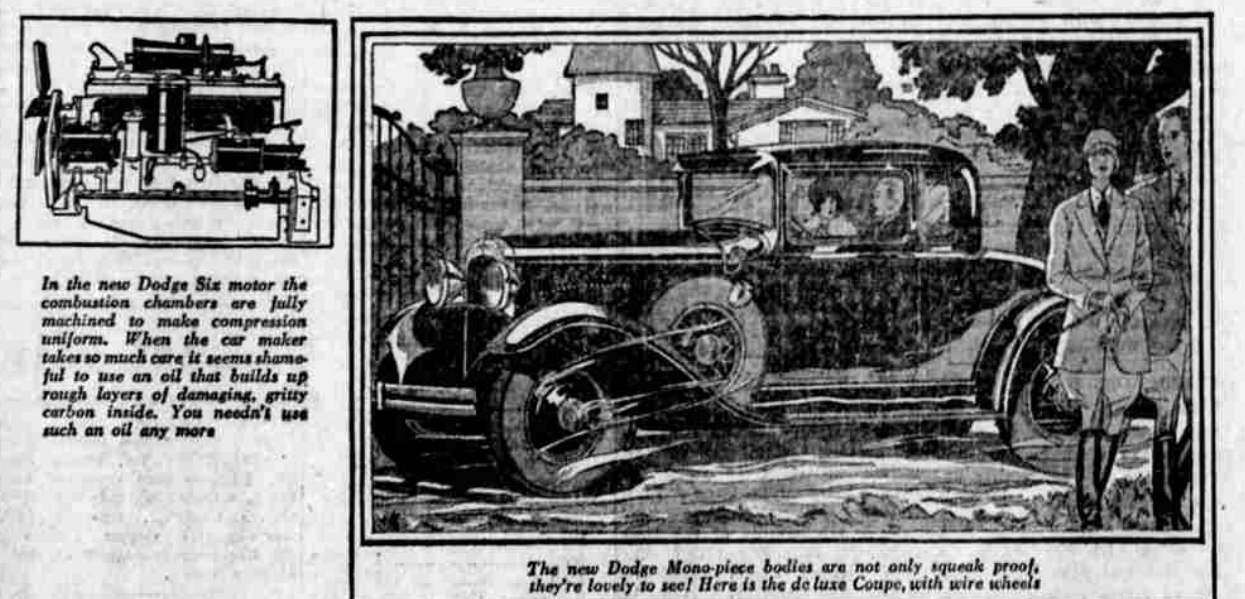

The Situation:
If a ball while in motion is interfered with, is there any penalty?
The Rule Is:
In match play, if your opponent, his caddy or his club interfere with your ball when in motion, your opponent's side loses the hole. In medal play such interference is taken as a "rub of the green" and there is no penalty. The ball must be played as it lies.

In the new DODGE SIX they even polish the combustion chambers!

The new Dodge Mono-piece bodies are not only squeak proof, they're lovely to see! Here is the deluxe Coupe, with wire wheels

Even the costliest oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil

Imagine the effects of gritty carbon there!
To get uniform compression, power, smooth running—that's why the once rough-cast "insides" of motors are smooth finished today. They're even polished in the new Dodge Six.
And yet many motor oils, when burned, leave layers of rough, gritty, coke-like carbon on those polished surfaces!
Then red hot carbon flakes curl up and cause pre-ignition knocks and motor strains. Chips fall off and get under valves, holding them open to warp and burn. Gritty bits chafe their way down the cylinder walls, into the oil stream and grind endlessly through bearings, traveling at lightning speed.
Wear—trouble—annoyance, even in our finest cars, and from the very oil you buy to protect them!
But there is one oil, at least, that forms no hard carbon, one that lubricates modern motors safely.
It is Shell Motor Oil. When it burns it leaves only 1/3 to 1/5 as much carbon as even the costliest oils you can buy! The little it forms is just soft soot—a fluffy carbon that blows out with the exhaust gases.
If you drive a modern car—anyone made the last few years—you'll find a low-carbon oil almost essential to perfect operation.
Refill with Shell Motor Oil; continue to use it—it solves the high-compression lubrication problem.
