CUBS CLIMB TO TOP POSITION, CARDS BEATEN

Margin of Athletics Reduced to Seven and One Half Games

(By WILLIAM J. CHRISMAN)
(Associated Press Sports Writer)

The National league riot struck a new high note of tumult yesterday, and when all the debris had been cleared away the unruly Cubs were found clinging to the top perch by the margin of their fingernails. The men of McCarthy slammed the Cardinals generously by scores of 7 to 3 and 11 to 3, running their string over the champions to three straight. The Pirates staved off two Cincinnati rallies to win by 6 to 5, and in company with the Cubs, stepped to a position one game ahead of the Cardinals, erstwhile leaders.

The Bruins and the Buccaneers joined hands gaily in one of those "virtual ties", but the Chicago entry stood five percentage points forward through the time-honored process of having lost fewer games. The Giants, meanwhile, were winning two from the Phillies, and so reducing the margin between themselves and all the other contenders save the Cubs. The Clan McGraw remained three and one-half games behind the little Bears, but with the important difference that the little Bears had stepped into first place as related.

Reds Shaded

Steve Sw[illegible]ic seemed not to know what to do with a six run lead in Cincinnati yesterday, and to save himself from heart failure, Donie Bush rushed Carmen Hill to the mound in time to shade the Reds at the finish.

The Giants won two games from the Phillies, as reported, but the New Yorkers were in serious difficulties through most of the eleven-inning opener before finally pulling it out by the back-lot score of 15 to 14. Chuck Klein of the Phillies got his eighteenth homer which tied Hafey for the league lead. The Giants won the second game by 12 to 6.

The Boston Braves won a pair from the Brooklyns by 8 to 4 and 9 to 0.

Ruth Returns

The most important action along the American League front was the return of Babe Ruth to active campaigning at the Yankee Stadium and Lou Gehrig's nineteenth home run at the same inclosure. The Yankees defeated the Red Sox, of course, by 12 to 2, and so reduced the margin of the idle Athletics to seven and one-half games, but this questionable success was tempered by the announcement that Henry Johnson would be unable to pitch in the big series against the leaders. Johnson, inactive since June 9, is suffering from a strained back.

Detroit defeated Cleveland by 8 to 3 in a six-inning game halted by rain, and the Browns won from the White Sox by 8 to 3 in other American league engagements. The Senators and the Athletics were idle.

Hotels Had A Special Steak For Ball Team

By AL DEMAREE
(Former Pitcher N. Y. Giants)

The old game of baseball has not changed much with the passing of the years, but the way ball clubs travel has.

In the old days a ball club usually stopped at the hotel in town who gave them the best rates.

In those days it was not considered unusual when a ball player ordered his dinner to have the waiter turn and shout in the direction of the kitchen. "One baseball steck" or "one baseball meal!"

The ball players were looked upon as strange beings who were not quite respectable and were herded to one side of the dining room.

I remember Jim Thorpe, the great Indian athlete, almost mopping up the dining room with a head waiter who politely inquired, "Are you a ball player or a guest of the hotel?"

GIRL HELD IN BARN 21 YEARS

Appeared to Be Wrinkled Old Woman When Liberated

MOSCOW, June 19 (UP)—Soviet authorities have liberated a 27-year-old peasant girl whose parents kept her locked in a barn for 21 years because they erroneously believed she was a leper.

The girl, when accidentally discovered and released in the Tashkent district village of Tchuyyn-Tobe, appeared to be a wrinkled old woman with gray hair. She was half blind and undeveloped mentally, officials reported.

She was found to be suffering with a minor skin disease which is easily cured.

Her peasant parents said they had locked her in the dark barn in 1908 because they feared the natives would stone her and drive her away if they discovered she had leprosy.

WRITER LOSES LIBEL ACTION

Upton Sinclair Fails to Receive Damages From Denver Newspaper

DENVER, Colo., June 20, (UP)—Upton Sinclair of Long Beach, Calif., widely known socialist and writer, today lost his $200,000 libel suit against the Rocky Mountain News. A jury in United States district court returned a verdict in favor of the newspaper.

The suit grew out of a review by Lee Taylor Cassy, News editorial writer, of the book "Upton Sinclair, A Study in Social Protest," by Floyd Bell. The review was published by the News August 29, 1927, and arraigned Sinclair's acts and writings.

Sinclair contended that parts of the review injured him. The News' defense was truth, privilege and, failure to do damage, and that the review had been requested by Sinclair.

Attorneys said the suit was the first one ever brought in a United States court where the subject of a biography had based a suit against a newspaper on a review of the biography.

HELEN ENJOYS ART SUCCESS; PICTURES SOLD

LONDON, June 20, (UP)—Helen Wills' versatility always has aroused interest in London, but her growing success as an artist is creating almost as much attention as her list of victories on the tennis court.

Eight of 35 sketches, most of them water colors, which Miss Wills has on display here have been sold, it was learned today, bringing average prices of about $60 each.

As in the days before her presentation at Buckingham Palace court, the American tennis star has lost some of her characteristic calm in connection with the display of her art work at the fashionable gallery on Bard street.

The exhibition will be open for another three weeks, coinciding with Miss Wills' appearance at Wimbledon starting Monday. Hundreds of prominent persons and art critics have visited the exhibition and congratulated the tennis star.

"I am so thrilled," Miss Wills said when they heaped congratulations on her yesterday at a private showing.

COLLEGE YOUTH JOINS YANKEES

Herb Pennock Takes Over Job of Training Nekola

NEW YORK, June 19, (UP)—Frank Nekola, the costly college southpaw, will learn about pitching from Herb Pennock, called by Miller Huggins the greatest left-hander of all time.

"Take this kid over, Herb, and get him ready soon, as we may need him at any time," Huggins told Pennock.

Suddenly tossed from the Holy Cross college campus into a uniform of the world baseball champions, Nekola admits is some jump.

Nekola, who will receive something like $20,000 from the Yankees, it is said, for this season's work alone, was sought by the Athletics, White Sox and Senators, but came to the Yankees a year sooner than expected. Nekola won 11 straight games pitching for Holy Cross this season, pitching three one-hit games against Yale, LaFayette and Boston College. He allowed but 13 runs and 44 hits in 93 innings. He is tall and built along the lines of Pennock. He weighs 166 stripped and is not yet 22.

DEMONSTRATION WILL BE GIVEN BY FRIGIDAIRE

In celebration of its recent passing of the million users mark, Frigidaire Corporation has announced a second Cold Control Demonstration to be held June 25—July 5 in show rooms throughout the country and at the same time will exhibit a new household model, according to information that has been received by E. H. Jefferson, local dealer.

"More than a hundred thousand people visited dealers showrooms during the original national demonstration, despite the inclement weather which prevailed generally," he said. "The attendance in this city was unusually good. This second public demonstration of the six freezing speeds of the Frigidaire cold control, is for the convenience of those who were unable to attend the previous showing.

"Specific information concerning the new model will be received within the week. We have the assurance that it will embody all the refinements and advantages that have been developed by an engineering department of more than 200 refrigeration specialists and will reflect the experience gained in building more than a million Frigidaires."

SOLON WOULD LET CITIZENS GET OWN BOOZE

MADISON, Wis., June 20, (UP)—Senator Bernard Gettleman Milwaukee "wet" who yesterday proposed to put Wisconsin into the liquor business, went a step further today with a plan to make every man his own doctor, writing his own prescriptions for liquor dispensed at a state medical liquor commission.

The senator would incorporate the prescription idea in his proposed constitutional amendment to permit the state to make and sell intoxicants. Such a feature, he believes, would overcome the point raised by the drys, who said that though the amendment passed, the Volstead act still made its possession by individual citizens illegal.

WHY WE FIT TILLYER LENSES

In a few words, we use this latest optical development because it gives you lenses that have our prescription ground accurately from mark to margin. Ordinary lenses give clear vision only through the center—through the margins, the vision blurs and may cause eyestrain. Dro, ih, let us explain why Wellsworth Tillyer Lenses are so much better for your eyes.

Vicious Literature

Secret distribution of vicious literature, distorting the truth in an effort to mislead the public, cannot offset the fact that only the finest tobacco—the cream of the crop—is used in Lucky Strike Cigarettes. Leaders of sport, art and fashion testify to the improved flavor. 20,679* physicians say toasting does in fact make Luckies less irritating to the throat. And the public confirms these opinions. Increase in sales, greater than all other cigarettes combined, prove world-wide confidence in Lucky Strike.
