## Thoughts We've Been Thinking

### Indian Congress Appears to Be An Outstanding Event: In Spite of Fact There are Few Convictions, Rustlers Get Severe Jolt.

By BRUCE DENNIS

TWO things are needed for a community to have an outstanding public event each year. One is young, energetic men and women, and the other is a thought that can be developed.

We have considered the Indian Pageant slated for this community on July 3, 4 and 5, and we sincerely believe it "clicks." The thought is a good one—give historic prominence to the Modoc Indian war revealing to the present generation things they should know. The backers of the Pageant have youth, vision and energy. It can be made Klamath's annual event provided the general public here will do its part.

### LIVESTOCK rustling, even with trucks to aid the rustlers, does not always win. We have before us now a case where evidence was too strong and admission of guilt was obtained. Convictions in Klamath county are far apart and very scarce, but occasionally a confession is obtained.

THE hog that went wild on the golf links may have some of the beginner's knowledge of golf and was merely enjoying himself. Or, perhaps he was getting a few practice puts so that he could relate a good golf story.

### D. E. ALEXANDER is building a fine ranch and a fine herd of cattle. He is set to get a lot of joy out of life for there is nothing more pleasant than a good work ranch. He is also set to make some money and to do something for society in developing good livestock.

WHILE Klamath is building a fine town, the town of Zeke Szeke's adoption. New buildings of all kinds, including churches are being erected in the reservation.

### THE grasshopper war is on. Not enough turkeys to eat the grasshoppers.

### DICK PRICE may not realize that he is uncrowned king down here in Southern Oregon, but he is just the same. He is king not because he is an autocrat, not because he possesses any of the traits of Asolini, but because upon Dick's appearance in the spring and summer brings the opening of Crater Lake and the beginning of the tourist influx into this city.

The whole Southern Oregon is waiting for King Dick to show up and have his couriers give shrill blasts on the trumpets proclaiming the disappearance of snow and opening the road to nature's marvelous gem—Crater Lake.

### CATTLE THIEF GETS 10 YEARS

A body blow to the "motorized" cattle rustling business was dealt yesterday when W. R. Gober, a typical modern cattle thief, was sentenced to serve not more than ten years in the state penitentiary following his arrest, and confession to stealing two calves and selling the meat in this city.

Sentence was pronounced by Judge W. M. Duncan. Gober was arrested by Sheriff L. L. Low and his aides. He confessed when blood and the calves' hair was found in the rear of his car.

### State Officers Check 111 Autos Last Night

If the 111 motorists stopped last night are a fair criterion of motorists' adherence to traffic laws, only 37 per cent of Klamath drivers are operating their cars legally. These cars were stopped and checked on Oregon avenue last night by Lieutenant O. O. Nichols, Walter A. Foster of the state traffic department, and City Patrolman Totten and Folsom. Sixty-three per cent of the drivers were not obeying the letter of the traffic law. Most of them had improper lights,

### ROTARY TAKES MR. MARTIN'S SMALL CHANGE

Charley Martin's new baby boy cost him ten dollars at Rotary Friday for Rotarians put a valuation of a dollar a pound on that baby and Charley said "Amen," paying the fine with pleasure.

It was Charley's day to preside and he sprang an interesting program on the civic club. The Business Women's organization took charge with City Treasurer Mrs. C. E. Dennis as spokesman. She outlined the work being accomplished by the national organization and then introduced Mrs. Emil G. Dreher, of the Western States Life Insurance company, who spoke on the Klamath Falls unit of the national body. She told of the organization a few years ago, of the coaching of the camp fire girls movement, of the encouragement given to all girls to get an education and closed with a very enthusiastic tribute to the men of the city who had cooperated so well with the ladies in their undertakings.

CHICAGO, June 21, (AP)—"Wee Willie" Dooey, cop hater and desperado treading a trail paralleling the road the washing, quick-firing "Terrible Tommy" O'Connor, had two more shootings to answer for today.

They call him "Wee Willie" because of his stature; they call him "Baby Face" because of his soft, clear complexion and the innocence of his expression. But the police and federal authorities see behind the child mask Chicago's most ruthless killer, most brutal gunman and an incorrigible foe of men in police uniform. Already hunted for the wounding of T. L. Jackson, ace of Chicago postal inspectors, for the killing of Charles Levy, chief of police of Berwyn, and for the shooting dead last Tuesday night of Leon Raymond, an Oak park druggist, Dooey today was sought for the shooting and serious

Leaders in the protest in congress against dry killings along the Canadian border are Representative Robert H. Clancy, of Michigan, and Representative John C. Shafer, of Wisconsin. Shafer characterized the killing of Henry Virkula, International Falls, Minn., merchant, as "murder," while Clancy demanded that federal officers who shot Archibald Eustler at Detroit, Mich., be "sent where they belong." These two are pressing prohibition officials for an immediate investigation of the latest killings in the fight to stem the flow of booze over the international border.

### DEFENSE OF T. CAPTAIN UNDER WAY

#### Government Rests Case in Federal Court Late Yesterday

### LOTCHES KILLED BY MISTAKE, IS CLAIM

#### Captain Contends That He Intended to Shoot Harold Wright But That His Friend Morris Lotches Happened to Step Into the Line of Fire.

PORTLAND, June 21, (AP)—The defense in the case of Teddy Captain, Klamath Indian, accused of the murder of a fellow-tribesman, got under way in federal court here today. The government completed its case late yesterday.

Captain is on trial for second-degree murder in connection with the fatal shooting of Morris Lotches, on the Klamath reservation on April 5, last. The defense contended that Harold Wright, Klamath Indian, had insulted Captain's mother and sister during a drinking bout and card game, and that he obtained a rifle and aimed it at Wright. Wright then menaced him, he declared, and he pressed the trigger of the rifle. Just before he did so, however, Lotches, his friend, stepped into the line of fire and received the mortal wound.

Lena Lotches, daughter of the slain man, testified as a government witness, however, declaring Captain threatened her with the rifle and demanded that she say the shooting was accidental. She said another Indian had taken a gun away from Captain a short time before the shooting, but that he immediately obtained another. It was thought possible the defense would complete its case late today and that adjournment would be taken until tomorrow when the final summations and the court's charge would be delivered.

### SABBATH LAWS CONDEMNED BY CHURCH SYNOD

CHICAGO, June 21, (AP)—Over-strict Sabbath observances and blue laws were condemned today at the 34th triennial convention of the Evangelical Lutheran Synod as not faithfully interpreting Christianity and as causing harm.

"The Christian religion is not a creed of morbid restrictions and dampening prohibitions," it was declared in a statement of the church's code of belief. "The Lutheran church believes that those teachers in the outward Christian church who insist upon legislation for a day and age when 'old things are passed away' are not only misinterpreting the evident intention of our Lord, but are guilty of the more serious sin of keeping men away from Christ."

### HOWARD TRIAL IS UNDER WAY

Charged with the theft of an automobile owned by Harold Downs on the evening of May 24, Stanley Howard, long-haired dishevelled appearing young man, went on trial before a jury of 12 men this morning.

Howard was jointly indicted with A. M. Gibson on the car theft but W. P. Myers, their attorney, demanded a separate trial. Mr. Downs, the complaining witness against Howard was the first state witness. He told of how his car was stolen from in front of the Pelican theatre on the night of May 24, and of its eventual recovery in the vicinity of Stukel mountain.

Harry Bolvin, deputy district attorney, in his opening argument, said the state would attempt to prove that Howard had not only stolen the car but had stripped it of tires and accessories.

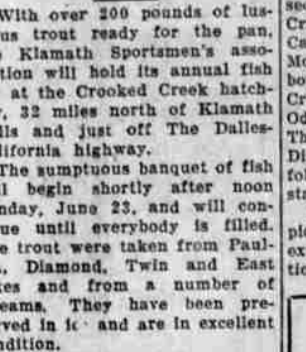

The jury is composed of C. E. Burton, J. R. Abbott, Elmer Moore, Elmer McCay, Floyd Tingley, V. Kolliva, H. F. Voss, H. G. Lytle, Elmer W. Tucker, Lester Boggs, John Cox and Walter Donart. Judge Duncan is presiding.

### LITTLE INFORMATION RECEIVED IN CITY

#### Origin of Blaze Is Not Known But Reports State It Is Complete Loss; Was Constructed by D. P. Doak Prominent California Capitalist.

The beautiful and expensive home of D. E. Alexander, prominent rancher and owner on the west side of Klamath lake, was destroyed by a fire which broke out late this morning and spread so quickly that efforts of fire fighters could not control the blaze.

Aside from the fact that the house was a complete loss, few details of the big fire could be obtained as practically all of the residents within a radius of 15 miles had left their homes for the blaze scene and hence could not be reached by long distance telephones.

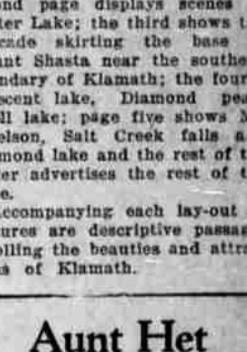

The house was constructed by D. P. Doak, prominent California capitalist. Mr. Doak spent many months in his lovely ranch home.

Eventually the Doak ranch and home was acquired by Mr. Alexander who, since he bought it, has installed many modern improvements.
