426 MAIN STREET

The mere fact that One Market—one of Santfords large chain Markets—is operating in Klamath Falls saves you money. You will notice that competitors watch Santfords price; some of them even use Santfords price as a Selling Standard. Do you think the average Old Style Butcher would keep the price down for you? In former days did he? Meats today cost the Market Owner more than they have in the past, but the price to you in Klamath Falls is very little higher.

Coach Figures In Big Ten Quiz

Coach Everett N. Case, whose Frankfort, Ind., high school basketball teams have been the best in the state, is one of the leading figures in the Big Ten investigation into alleged proselyting of athletes. Two of Case's stars enrolled at Iowa University, and as a result, certain other officials in the Big Ten are said to have questioned teaching credits Case was supposed to have earned while studying at Iowa. Case, in turn, charged Purdue with subsidizing athletes, but when called before Major John L. Griffith, Big Ten athletic commissioner, refused to substantiate his charges.
