Get **four** new tires
for the **4th**

MOST people run their tires until
they start to give out, and when
the first tire fails they buy a
new one.

This still leaves three old tires on the wheels
with three chances for early tire trouble,
left out of four.

If you are going on a trip over the Fourth,
the best way to do is to keep the best one
of your old tires for a spare and trade in the
other old ones on a complete new set.

Then you can enjoy your trip without
worry about tire trouble.

Most Miller dealers can make you an allow-
ance covering the unused mileage in your
old tires, because they can sell them among
owners with older cars or those who don't
drive so much.

With the Miller Deluxe, the Miller Geared-
to-the-Road and the Medalist, the Miller
dealer can equip your car at the price you
want to pay.

But equip with a complete set.

Miller users everywhere are finding that
this is not only the most satisfactory way,
but also the most economical way to buy
tires.
