

NEWS IN BRIEF

Frazier Brought Home—

Robert Frazier, 12, of Klamath Falls, who was arrested in Jacksonville by local officers when he suffered a breakdown in a car belonging to Letta May Kirk, which he had taken from her home in Klamath Falls Wednesday evening was returned to his home this morning, an officer from that city coming to get him. His case will be handled by the juvenile department of Klamath Falls.

The boy claimed that he had taken the car because he wanted to visit a boy friend and his mother in Medford. He picked up a local boy when he arrived here and took him for a ride around Medford and over to Jacksonville where he had a breakdown. The boys went for a stroll around the town and were just returning to the car when they were taken by the officers. As there was no charge against the local boy he was released. Robert spent the night in jail here. — Medford Tribune.

Bromley Returns—

H. L. Bromley, advertising manager for the California Oregon Power company, has returned to Ashland from here. Mr. Bromley "shot" pictures of the Klamath Falls Elks' convention which adjourned here Saturday night, and all the events connected with it concluding the big parade Saturday morning. These pictures will be shown on the "Cope Current Events" and should result in some fine publicity and advertising for Klamath Falls. Mr. Bromley will visit with his family in their summer home at Lake O' The Woods before returning directly to Ashland.

Engler's Visiting Here—

Mr. and Mrs. Kroeger of 1645 Portland Avenue have as their house guests, Mr. and Mrs. William Engler of Los Angeles, California. Mrs. Engler and Mr. Kroeger are sister and brother. Before returning south to Los Angeles they will enjoy a motor trip to Seattle, Portland and Vancouver, B. C. Mr. Engler is very much taken with Klamath Falls. He is a retired broker of Los Angeles.

Visiting Here—

Lucy C. Gendell and Elizabeth B. Gendell of Philadelphia, who have been spending the past few days at the Lithia hotel, left this morning for Klamath Falls where they will meet friends and go to Crater lake for a few days. — Ashland Tidings.

BIG FRANCHISE IS AWARDED TO DRUGGIST HERE

Magill Drug Co. Secures Exclusive 5-Year Agency for New and Celebrated Scientific Formula

Local citizens who have heard of the amazing results which have been accomplished by Sargon will be interested in the important announcement that this new and scientific formula can now be obtained in this city.

Manufacturers of this revolutionary formula have followed out the policy of selecting outstanding firms as exclusive agents in every city where the new medicine has been introduced. Leading druggists everywhere have acclaimed it as a triumph in the field of modern medicine and have been eager to be among the first to supply it to their trade.

Never before in the history of the world has the progress of Medical Science been so rapid. One important discovery after another has been made which will have a far-reaching effect upon the health and well-being of mankind. Some of these discoveries are startling in the extreme and absolutely disprove many of the beliefs, practices and theories we have known for a lifetime.

As scientific investigators learn more and more about the human anatomy, the practice of medicine changes—the old is discarded for the new.

As a result of this world-wide medical research, Science has discovered that good health is largely governed and maintained by three vital organs and fluids of the body. These are the liver, the blood and the endocrine glands.

What is more important, we have learned that these organs and fluids can be stimulated and invigorated by certain basic elements.

Having knowledge of these important discoveries, one of America's leading bio-chemists succeeded, after two and one-half years of laboratory research, in combining these basic elements in one formula—which may well be considered one of the greatest health-giving remedies of the age.

It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world.

This new scientific treatment, which represents much of our latest knowledge on modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of medicine.

With the needs of their customers uppermost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.

Although introduced in the northwest only a few weeks ago, Sargon has already become a household word. In Seattle, Spokane and Portland alone, over 66,000 bottles of Sargon and Sargon Soft Mass Pills have been sold and distributed by local firms. Nothing like it has ever been seen before.

As a matter of fact, the marvelous success achieved by this remarkable medicine actually staggers the imagination. The demand for Sargon has been positively phenomenal and is probably unprecedented in the history of the drug trade.

In the state of California alone, the astonishing total of eight entire carloads was required to supply the tremendous trade during the first 60 days this remarkable medicine was on sale.

Six solid carloads were ordered by Texas firms the first 90 days after its introduction in that state. The success of Sargon in Minnesota has been so overwhelming that the Twin Cities, Minneapolis and St. Paul, are selling it at the rate of \$200,000 a year through retail channels alone, to say nothing of the immense wholesale distribution. Over 250,000 bottles have been sold and distributed by Kansas City firms—Memphis wholesale and retail dealers have required more than 150,000 bottles—Atlanta retail firms are selling it at the rate of \$80,000 yearly. These are actual figures which can easily be verified and the sales in other sections have been correspondingly large.

The exclusive agency for Sargon and Sargon Soft Mass Pills for this city and section has been awarded to the Magill Drug Co. In anticipation of the enormous demand, this well-known firm has just received a large shipment of these celebrated medicines. — (Adv.)

Jefferson, the first Adams, and Monroe, all three former presidents of the United States, died on July 4.

New Roads To Rome?

Captain Lewis A. Yancey (left) and Roger Q. Williams, when they piloted the Pathfinder from Old Orchard, Maine, to Rome, followed a road that the Caesars probably never dreamed of. "We would fly anywhere on Tide Water products," the intrepid flyers cabled from Rome to the Tide Water Oil Sales Corporation, which furnished the Veedol motor oil used in the plane. "Veedol Motor Oil made our flight a success."

Tribute Paid Veedol Motor Oil By Fliers

One of the finest tributes that has ever come to the Tide Water Oil Sales Corporation during its long efforts to promote the fueling and lubrication of modern aircraft motors was received recently from Roger Q. Williams and Captain Lewis A. Yancey upon their completion of the Pathfinder's historic crossing to Rome. The two men sent the following cablegram:

Tide Water Oil Company 11 Broadway, New York.

Veedol motor oil made our flight a success stop Many thanks to all the boys who so finely cooperated to make everything a success stop We would fly anywhere at any time on Tide Water products.

Williams and Yancey. The entire Tide Water organization takes particular pride in the success of the Rome flight, because from the start the company has been associated in this venture. Its test plane, the Green Flash, the Bellanca in which Martin Jensen broke the solo endurance record, using regular automobile gasoline, was selected for the trans-Atlantic attempt. After it was put out of commission in attempting the take-off, the sister ship Pathfinder was substituted, but Tide Water continued to assist the fliers in every possible way, and was particularly eager to have its Veedol motor oil used, because of the long and grueling test this would furnish for its products.

Veedol already had been used to lubricate the motors in such historic flights as the crossing of the German airship Graf Zeppelin. Nevertheless, the unequalled endorsement from the Rome

NEWS NOTES OF SHASTA VIEW

(Special To The Herald) (Dilla Bailey, Correspondent) SHASTA VIEW, July 22. — Farmers of the Shasta View district are busily engaged in haying. The crop this year is light compared to the usual yield.

H. E. Wilson and wife, daughter, Lisa, and son, Halbert have returned from a trip of about three weeks. They visited at The Dalles, Portland, Seattle, Vancouver, B. C., and many other places. Mr. Wilson's niece, Lena Skinner of Vancouver returned with them for an extended visit.

F. W. McManus and children, Elizabeth, Estene, Dorothy, Wilfred and Warren of Klamath Falls were visitors at the home of Mr. and Mrs. J. L. Bailey Sunday afternoon. Estene and Dor-

othy stayed for a longer visit with their uncle and aunt.

Last week was quite an eventful week for Mrs. Jane Mason whose home is some miles south of Malin. On Thursday, Mrs. O'field and Mrs. James Brown of Merrill visited her. Friday Mrs. S. E. Martin and Mrs. Tenbrook of Klamath Falls, Mrs. Dewey, Mrs. Henry Anderson and Mrs. Carlton of Merrill were visitors. Sunday Flossie Fogle gave her a birthday dinner the guests being G. W. Myers and wife, J. L. Bailey and wife, Jack Sullivan and family, Mr. Cummins, Nels Fogle and family, the guest of honor and her son, Elmer, Mrs. Mason celebrated her eighty-eighth birthday and although a cripple for many years has retained all her faculties remarkably well and her smiling face and cheery disposition has won for her many warm friends. She was also remembered by the Re-

bekah lodge of Merrill and Mrs. Hill sent her a beautiful bouquet of flowers.

David Myers was a business visitor at Alturas Friday. Harry Wilson is having quite a siege with the flu. The doctor

was called Tuesday and we trust the patient will soon recover.

M. W. Stone and wife have moved from their home south of Malin to Klamath Falls where Mr. Stone has employment.

Two fine, fast trains to Chicago daily

The EMPIRE BUILDER The ORIENTAL LIMITED

6:00 p. m. from Portland

9:00 p. m. from Portland

AFFORDING complete transcontinental service, these de luxe flyers, via Minneapolis and St. Paul, arrive in Chicago at unusually convenient hours—the new EMPIRE BUILDER at 9:15 A.M., making connections with all fast trains, East and South (saving a business day); and the ORIENTAL LIMITED at 7:30 P.M., advantageously connecting with fine night trains for the Atlantic Seaboard, as well as South.

Both trains present the utmost in travel comfort, with every convenience Master Car Builders can devise, arranged in an environment of restful beauty. They provide Great Northern service—the attentive, thoughtful service of a personnel proficient in the Art of Hospitality—and Great Northern meals, famed for quality and moderate price.

Low Round Trip Summer Fares are in effect. Now is the time to make your Eastern trip at economy cost, and to travel this clean,簇簇 route of scenic grandeur through the Great Northern Rockies and past Glacier National Park.
