SON KILLS FATHER IN FIST FIGHT

CHICAGO, July 25. (AP)—Aleck and Edward Jeschke, father and son, fought last night over who was to have the last drink from a bottle of whiskey. The father was killed by a blow from the son's fist, and the younger man was arrested.

Four other children of Aleck saw the fight. They said the son struck his father above the heart and the 44-year-old man dropped to the floor. He was dead when police arrived. Edward, who is 21, was held today pending further inquiry.

Correct this sentence: "I believe in freedom," said the man, "and that means I grant others the same freedom I demand for myself."

Flies, mosquitoes
... kill them with this
new stainless spray...
this improved sprayer

SPRAYS, good ones anyway, kill flies and mosquitoes better perhaps than any other method. But sprays have not always been stainless—you were afraid to use them freely in the house.

Now Shell laboratories have produced a spray that leaves no ugly yellow stains on walls, curtains and fabrics. Used as directed you can rid your home of insect pests with Shell Spray and never have a stain show!

The Shell Sprayer is new, too—the pump barrel just screws onto a regular can of Shell Fly Spray. No tank to fill, no waste, no trouble.

You can get these two new Shell products at your stores or from Shell stations. See them today.
