WALKER NEARER THRONE AFTER LOMSKI BATTLE

Middleweight Now Chief Claimant for Light-Heavy Belt.

PHILADELPHIA, Aug. 20. (AP)—Mickey Walker ruler of the middle-weight realm, was a step nearer the light heavyweight throne today by virtue of his convincing victory over Leo Lomski, the mauling light heavy, of Aberdeen, Wash.

Walker took the Aberdeen assassin handily in 10 stalling rounds at the Municipal Stadium last night, not by a knockout as Manager Jack Kearns had predicted, but by a comfortable margin. Kearns is already laying claim to the light heavyweight title, soon to be vacated by Tommy Loughran, and victor over Lomski, also an important contender, was pointed to today as adding emphasis to the claim.

Walker, former welterweight king and holder of the middleweight crown, spotted Lomski six and three quarter rounds, but more than overcame the weight handicap by his ring generalship and punishing punches. The Associated Press score sheet gave Walker six rounds and Lomski three. The tenth was even.

Both fighters were in a splendid condition and from the opening bell there was never a let-up. At times Walker ran into Lomski's whistling right. Mickey always came back and belted the Aberdeen blonde soundly in the third and seventh and in the ninth, Walker had the westerner on the verge of a knockout, but Lomski weathered the storm. The champion too was badly stung at times and was forced back, but for the most part he was always boring in and willing to slug it out toe to toe. Science played little part in the battle. It was a rushing, slashing fight all the way.

Never Reads Papers After Losing Game

By AL DEMAREE (Former Pitcher N. Y. Giants) Tommy Thomas, star speed-ball twirler of the White Sox, tells me that he never looks at a newspaper after he has lost a game. "They can't say anything good about me, can they?" he says.

Many ball players go the same way. A ball player, just like anybody else, doesn't like to see himself razed in print. Johnny Evers, however, always read the papers, win or lose. He was the most prolific newspaper reader I have ever known. After the game he would buy up all the newspapers in town, and go up to his room to read them over. He would take along also a five-pound box of chocolates and a box of black cigars, and it was real luxury he got out of life then.

I knew a player once who liked to read papers, but he was very tight. He used to go to the news stands and buy yesterday's paper for one cent, rather than pay two cents for today's news!

PORTLAND NOW IN RACE AFTER COAST PENNANT

Clean Sweep at Seattle Puts Ducks In Running.

By The Associated Press While six of the Pacific coast league clubs changed battle grounds yesterday, the Portland Ducks and Seattle Indians fought out a double-header postponed from the day before. The Indians obtained a solid footing in the coast league collar by taking two more beatings at the hands of the webfooters on the Seattle lot.

The score of the first game was Portland 3, Seattle, 1. The second game had a most unusual twist. It was halted in the second inning, and the decision was handed to the Ducks on a silver platter with the score standing at 9 to 0 when Manager Ernie Johnson of the Indians refused to leave the field after an argument. Umpire Kohl ordered him off, and when Johnson refused, announced the game was forfeited to the Portland team. Johnson declared he would protest the decision.

Meanwhile, the San Francisco Seals, with the half game league lead tucked away, but threatened by at least three close rivals, were enroute to the northwest for a series with the Ducks at Portland. The Los Angeles Angels were second in the standings, with a good chance for first place, provided "I" goes well with them in their series against the Indians at Seattle.

The Mission Reds were scheduled to meet the Sacramento Senators here this week, while the Oakland club and Hollywood were to tangle at Wrigley field, Los Angeles. A nine-game series was scheduled for coast league club next week.

BAKER, Ore., Aug. 20. (AP)

—When Lawrence Moody, Baker, went off a highway grade in his automobile near here Saturday night he was not hurt but feeling sleepy proceeded to take a nap in the seat of the machine which remained right side up at the bottom of the ravine.

Two men drove past a few minutes later and seeing Mody's feet protruding out of the car assumed he had been killed. They speeded into Baker and summoned the coroner, and a traffic officer.

The "body" in the meantime had removed itself from the car and came into Baker in another automobile.

Blue Monday Was Almost Holiday in East Circuits

By WILLIAM R. CHIPMAN Associated Press Sports Writer

Moisture in the box office at Brooklyn and New York and some degree of real rain at Boston so curtailed the National league program yesterday that blue Monday was almost a holiday. From a Pittsburgh viewpoint, the only mistake of the afternoon was the failure of the furious Phillies to call off their doubleheader with the Pirates. As events turned out, the Phils trimmed the Dreyfuss Dragons in both ends of the bargain bill by 7 to 6 and 8 to 5, and left Herr Barney's flag hopes decidedly flat.

The double reverse dropped the Pirates to a position nine games behind the Cubs, who idled in New York sunshine. What is even worse for Pittsburgh chances is that the differences between the Bruins and the Bucco-ers is ten games in the all-important losing column. Donie Bush now needs six straight in that "crucial" series to be played at Forbes field next week with the Cubs as guests.

From the debris of the Pittsburgh pennant dream emerged a young Philadelphia pitcher named who hoisted high his standard in the afternoon of his only league debut, a hero for a day if no more. But in the vicinity of North Broad street and the "roads tracks they will tell you that Harry Smythe of Asheville and the Sally league has come to the big time to stay.

The southpaw recruit from the land which gave Nap Rucker to the Major leagues tossed back the slugging Pirates hitless in five innings of the two games yesterday. He took charge of the opener in the sixth with the teams tied at 6 to 6, and blazed away faultlessly as the Phillies gave him a margin of one run with which he won.

In the second game he pitched only the last round after official credit for the victory had been handed out to Bob McGraw for the reason that McGraw was on hand when the winning rally was unleashed.

The Macks got back into their winning stride in the American league campaign, downing the Browns by 8 to 2 behind Bill Shores and evening the series. The Yankees also won, and the lead of the A's remained unchanged at thirteen games. The Yankee victory was a more or less personal triumph for young Roy Sherid, who shaded Al McKain and the White Sox by 3 to 2.

Your Cheapest Necessity—Fire Insurance

Your fire insurance dollar pays for indemnity—for immunity against financial loss when calamity overtakes you. But that dollar buys so much more than the indemnity it pays for that it ranks as one of the most effective dollars you spend. Its purchasing power is away above the average.

Fire insurance, from the indemnity standpoint alone, is one of the cheapest of present-day necessities. Its cost has consistently declined—even during the period of war inflation—practically every year for the last twenty.

And this in spite of the fact that insurance service—as rendered by the 239 Stock companies constituting the National Board of Fire Underwriters—has multiplied its activities for the public welfare and greatly enlarged their scope.

Research and Engineering

Your fire insurance dollar may pay for indemnity only, but for good measure the Stock Fire Insurance companies provide engineering and research services to make life and property safer—laboratories in which to test materials and devices—scientific measurement of fire hazards—building construction codes—arson detection and investigation—organized fire prevention—and many other voluntary measures designed to lower the fire waste and thereby reduce the cost of fire insurance.

A thorough understanding of what Stock Fire Insurance really means and does—and a greater public use of its facilities—should result in a still further reduction of the fire waste and a consequently greater service to the insuring public.
