MACKMEN DROP THREE IN ROW ON TRIP WEST

White Sox Seem To Have Jinx On Leaders

(Associated Press Sports Writer)

All the big winners in American league history have felt, at least once in their respective seasons of super-greatness, the sting of as many as three straight defeats. The Athletics of 1929 qualified under this rule of baseball fate yesterday—presuming that the A's not only will win but will win by a margin great enough to place them in a class with the Red Sox of 1912 and the Yankees of 1923 and 1927.

Connie Mack's first run of three straight losses for the current season was accomplished in Chicago yesterday when the White Sox nosed out Moose Grove in the ninth by 4 to 3.

The White Sox already have qualified as the jinx team not only of Grove, but also of the Athletics themselves. The Chicago victory yesterday brought Blackburn's boys up to within one of a tie against the A's in 15 games, and left the coming champions faced by the necessity of taking at least the odd game in the remaining seven to win the season's series from the lowly Sox.

The Browns batted hard against Hoyt, Pipiras and Nikola yesterday as Sammy Gray stopped the Yanks with seven hits to win by 10 to 9. The Browns got 15 satellites.

After ten days or more of good pitching, the Cubs were forced yesterday to go through an afternoon of hard slugging. The Bruins adapted themselves to the job in hand, pounded four Philadelphia pitchers for 21 hits, and won by 15 to 7.

Hack Wilson's 23 homer was a feature of the Chicago attack. The Cubs made no advance as the Pirates defeated the giants by 6 to 2 in the battle for second place. Johnny Morrison pitched well enough to win 13 to 9 decision over Cincinnati in Brooklyn after Watson Clark had permitted the Reds to pile up a lead of 5 to 0 in three rounds. The Robins celebrated with nine runs in the third, their biggest inning of the season, and so were in the lead when Morrison entered the box Clark was deprived of the victory, however, by the National league rule which forces a starting pitcher to work five innings to win.

TECHNICAL KO GIVEN FOX AT SALEM SMOKER

SALEM, Aug. 23. (AP)—Ted Fox, Salem, gained a technical knockout over Sailor Willie Gordon, Portland, here last night after three and half rounds of fighting. Gordon went to the canvas for the count of eight after a smashing right hand punch to the jaw. Shortly after Fox connected again to the same spot. Referee Louitt raising Fox' hand in token of victory, as Gordon was unable to defend himself. The boys weighed 129 pounds each.

Art Akers, Salem, was given a technical knockout over Charley O'Leary, Portland after one minute and 12 seconds of fighting in their scheduled 6-round bout.

Johnny Trambitas, Portland and Pat Dundee, Salem, went four rounds to a draw. Floyd Ambrose, 117, Salem got a 4-round decision on Jackie Woods, 114, Salem.

CUBS WELL SUPPORTED

CHICAGO, Aug. 23. (AP)—Plenty of home support will be with the Cubs Sunday when they invade Redland field at Cincinnati, for their "grudge" meeting with the Reds.

The teams will clash in a doubleheader Sunday, then will return to Chicago for a two-day stand.

Tom Walsh, the caddy master at Edgewater G. C., made famous by Chick Evans, told me a good story about a duffer the other day.

"The duffer was continually asking his caddy what club to use on every shot," said Tom. "And the boy's patience was fast nearing out."

"He finally knocked his ball in a gopher hole."

"What club will I use now, caddy?" he asked.

"Use a vacuum and keep your head down," answered the weary youngster.

Jimmy Weager, well known pro, says the best definition he knows of a handicap was pulled by a fellow golfer.

"What's your handicap?" somebody asked him.

"Four," he answered. "a wife and three children!"

LA GRANDE BOY DROWNS

LA GRANDE, Ore., Aug. 23. (AP)—Rollin Purdy, 10, son of L. R. Purdy, was drowned in Morgan Lake near here yesterday. The youth fell from a home made boat into the water a short distance from shore. Two cousins, who were with Rollin, attempted to save him.

ASK POSTPONEMENT

ROME, Aug. 23. (AP)—Italy today officially asked England to postpone the date of the Blue Ribbon Schneider Cup races, scheduled to be held in England September 6-7, because of the death of Captain Giuseppe Motta, member of the Italian cup team and vice commander of the school of high velocity at Desenzano.

An airplane struck a steam roller the other day at Roosevelt Field. One of these days an airplane is going to collide with a submarine and that will be news.

Crown Princess of Tennis

"Like mother, like daughter" caused a family racket to draw a lot of attention in the eastern women's tennis championships at Rye, N. Y. the other day. Above you see Dorothy Bundy, 12-year-old daughter of famous Mrs. May Sutton Bundy, former national champion, as she made her major tournament debut with a surprise victory over Mrs. Marquis James of Rye, 6-4, 6-2. Critics are predicting she some day will regain the tennis crown which her mother wore for many years.

FAMOUS PILOTS TAKE AIR FOR DERBY CLASSIC

PORTLAND, Ore., Aug. 23. (AP)—Nine famous pilots in famous planes and probably the most famous air passenger in the United States were on the starting line at Swan Island airport this morning waiting the red and white starter's flag which will send Dick Rankin, Portland aviator, winging his way toward Cleveland as lead off man in the National Air Derby.

The passenger will be Charles Dickinson, 73, Chicago, known as the "grandfather of aviation", who will ride in the Laird speedster piloted by Charles W. (Speed) Holman of Chicago.

The eight other fliers, competing for \$4,000 in first, second and third prizes, plus lap awards and money for air field most events at Cleveland, were to take off at one minute intervals. Tex Rankin, Portland pilot, and brother of the lead off aviator, with his registration number of 11, will be the last to leave the port.

Officials announced prior to the race that Earl Wright, San Francisco; D. C. Warren, Oakland; and E. M. Laird, Chicago, while the filed entry with Cleveland headquarters failed to show in time to be awarded a registration number. Although the entry list closed Thursday night, officials said it was probable the three would arrive in time to participate.

Aviators lined up at the field stood:

No. 40—Speed Holman, Chicago, black fuselage Laird racer. Dick Rankin (no registration number) dull gray taper wing Waco.

No. 88—T. W. Wells, Wichita, Kan., green Travelair equipped with special cowling.

No. 30—W. H. Emery, Bradford, Pa., green fuselage travelair, with red wings.

No. 123—Lieut. W. B. Clark, Portland, black fuselage Travelair with yellow wings.

No. 13—Tex Rankin, Portland red Waco of extreme stream lines, no apparent undercarriage, small wheels carrying large balloons tires.

No. 9—Major G. H. Eckerson, Springfield, Ore., black tapest wing Waco.

No. 45—Clarence F. Bates, Milwaukee, Wis., yellow Waco with black fuselage.

No. 42—Snyder Hall, St. Louis, Mo., white Travelair biplane with special cowling.

Present Day Circus Stars Enjoy Numerous Luxuries

Lillian Leitzel, Aerial Star of Ringling Bros. and Barnum & Bailey, Circus in Her Private Dressing Tent

Kings and queens of the circus don't mind life on the road nowadays. Traveling with a giant organization like Ringling Brothers and Barnum & Bailey combined, that boasts more than 100 extra length railroad cars, five rings and 10 stages is a far cry from the little wagon show that bumped its way over the rough country roads a quarter of a century ago.

The stars of the awdwest world do not envy the railroad president his palatial private car. They almost pity the average mortal who is forced to ride in an ordinary Pullman, so splendidly are their own trains fitted with conveniences.

Nor are all the "private cars" given over to humans. One is allotted to Goliath, the Monster Sea Elephant and his train of attendants. No star of sea or jungle ever traveled in such state as this marvel of all time, Goliath.

On the circus lot the leading performers are likewise favored. If one is lucky enough to be ushered behind the mysterious red curtain, he will see almost a dozen gaily-decorated little tents, or "tops" as the circus people call them. These are the private dressing and rest rooms of the stars.

Another special tent, divided into several sections, is that used by the wild west contingent of the big double circus. This tent houses thirty men and women who do nothing with the circus save give rough-riding exhibitions. There is a separate tent for their fifty horses.

Among the most artistic and at the same time comfortable of the smaller tents, are those occupied by the Wallendas family, the Collegnos, the Bradnas, and Lily Leitzel, aerial queen of the circus. The tents contain wardrobe, trunks, a dressing table and chairs. Dainty cretonne covering give the boudoir touch so dear to the feminine heart. Under the marquee in front are steamer chairs and hammocks, where the artists rest after their strenuous performance.

The big circus with its scores of features, hundreds of performers, including the stars with their private dressing "tops," will come here Saturday, August 31.

Once there was a tourist who said he intended to start at 5 a. m. the next day and he actually did.

Ride a WINNER Indian is always out in front

Indian won every national championship in 1928. Watch it repeat in 1929.

Power—to level the longest hill. Stamina—to last a lifetime. Indian Scouts are still in use that have gone 60,000 miles without an overhaul. That's why we say, "You can't wear out an Indian Scout."

That's distinctly modern performance from a distinctly modern machine. Come into the store and look it over. Take it for a ride. Give it your own "road test." And when you come back, if you aren't convinced it's the greatest machine you ever rode—well—you'll be the holder of a new world's record. You'll be the first man who was't.

Battling Ducks Make It Three in Row with Seals

(By The Associated Press)

The third defeat in a row of the San Francisco Seals by the Portland club in the north convinced the boys from the bay city yesterday that holding a place at the top of the Pacific coast league this week would not be as easy as it was last week against the Hollywood Stars. The Seals were still second in the standings, however, with Los Angeles holding a half game lead.

The Ducks walloped the Seals by a 10 to 3 count. Five of the ten Portland runs were directly accounted for by two smashing homers Walters belted off Vernon Gomez, prize south-paw of the Seals. It was the eleventh consecutive victory for the climbing Ducks. The victory put Portland into a tie with the Hollywood Stars for third place, half a game behind the Seals.

Wade Kilfefer's Muston Reds struggled to a 6 to 3 triumph over the Sacramento Senators at Recreation Park here. It was their first win in the three games they have played here. Bert Cole was the winning server. The Hollywood Stars won from the Oakland Acorns in Los Angeles by a tally of 14 to 13 in ten snappy innings. The Oaks used five pitchers, and Hollywood four, but the battering on both sides continued. The Stars batted to a total of 21 singles, while the Oaks could bag only 13.

Seattle's Indians took the war-path and defeated the Los Angeles club in the northwestern city, in both ends of a double header. The score in the first game was 8 to 7, and in the second 9 to 1. The second game, however, did not count in the standings. Webb of Los Angeles hit a homer in the first.

JOCKEY INJURED
STOCKTON, Cal., Aug. 23. (AP)—Ike Sykes, well known Pacific coast jockey, was thrown and seriously injured yesterday in a saddle race during the Western Fair association circuit program here. Sykes was up on Lucrece, favorite in the race, when the stockton-owned animal stumbled on a turn, throwing the jockey heavily. Sykes suffered a fractured backbone and injured his neck. Last night doctors said he would recover but that it was doubtful whether he would ride again this season.
