Fat Girls! Here's A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration. Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses. Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for "It's the little daily dose that takes off the fat."—Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system. At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure. Get an 85c bottle of Kruschen Salts at Whitman Drug Co., or any drug store (lasts 2 months) with the distinct understanding that you must be satisfied with results or money back.—Adv.

SARGON SALES SET AMAZING NEW RECORD

If you were told that literally thousands of well known men and women had stated publicly that a single medicine had relieved them of health troubles after all other medicines and treatments had apparently failed—it would sound impossible, wouldn't it?

Yet, that is Sargon's wonderful record. So great has become the demand for Sargon and Sargon Soft Mass Pills that the Sargon Laboratory has been forced to increase its capacity from 3,000 to 45,000 bottles daily.

"Phenomenal and bewildering," is the way one of the big drug jobbers of the country describes the marvelous demand.

On big New York firm, with wholesale branches in leading cities, is selling at the rate of more than one million bottles a year—or to be exact, 905,154 bottles in the past eight months. Introduced in California in April of this year, the people of this state alone are now using it at the rate of more than one million bottles per year, or an average of one bottle for every family in the state; and so it is everywhere.

Why this enormous and ever-increasing demand for Sargon?

The answer is this: Sargon is a new kind of medicine. It is different from any other medicine you have ever taken because it is based on new and remarkable discoveries in the field of modern medicine which have completely overturned many old moss-grown theories we have known for a life-time.

That is why people everywhere are looking on Sargon as the one great outstanding health-giving remedy of the age. No wonder it is called the medicine with a million friends. Magill Drug Co., agents.
