MARKET AGENT GIVES ADVICE ON SPUD LAW

Potato Inspection Is Benefit to Grower and Buyer.

It is deemed advisable to present a digest of the law governing the sale and shipment of potatoes in this state, as this department is charged with its enforcement and is following the necessary steps to do so. The act passed last winter makes it the duty of the state market agent to establish standard grades which shall conform as far as practicable to the official standards and grades of the United States. It provides that all potatoes sold or offered for sale or shipment in the state shall conform to the adopted grades and that potatoes failing to meet the established requirements shall be known as culls; that all potatoes shipped or received in Oregon in lots of 5 or more tons shall be inspected by the state market agent and may be re-inspected when requested by the buyer or seller, who must advance the charges therefor. The state market agent is authorized to fix reasonable fees for all inspections. The state market agent is directed to enforce the law and to prosecute violators of it.

Pursuant to the law, the following grades have been established:

U. S. No. 1 shall consist of potatoes of similar varietal characteristics which are not badly misshapen, which are free from freezing injury and soft rot, and from damage caused by dirt or other foreign matter, sunburn, second growth, growth cracks, hollow heart, cuts, scab, blight, dry rot, disease, insect or mechanical injury, and other defects; diameter not less than 2 inches. Allowances, 5 per cent on size; 6 per cent on other requirements and 1 per cent on soft rot.

The growing, inspection, grading and labeling of seed potatoes come under the control of the Oregon potato certification board of the Oregon Agricultural college, provided that when seed potatoes are passed as "certified" or "standard" seed by said board, the board may have them inspected for grade by the state market agent.

A fee of \$5 will be charged for each lot or car of 360 sacks, and for lesser or greater number.

shall be not less than 1 7/8 inches, and of those of long varieties 1 3/4 inches, but lot. of potatoes which are not less than 1 1/2 inches in diameter and meet the remaining requirements of this grade may be designated "U. S. No. 1 1/2 inches minimum." Allowances are permitted of 5 per cent by weight on size; 5 per cent on hollow heart; 5 per cent on other requirements and 1 per cent on soft rot.

U. S. No. 2 shall consist of potatoes of similar varietal characteristics which are free from freezing injury and soft rot and from serious damage caused by sunburn, second growth, growth cracks, hollow heart, cuts, scab, blight, dry rot, disease, insect or mechanical injury, and other defects; diameter not less than 1 1/2 inches. Allowances are permitted of 5 per cent on size; 5 per cent on other requirements and 1 per cent on soft rot.

U. S. Fancy shall consist of potatoes of one variety which are mature, bright, well-shaped, free from freezing injury, soft rot, dirt or other foreign matter, sunburn, second growth, growth cracks, hollow heart, cuts, scab, dry rot, blight, disease, insect or mechanical injury, and other defects; diameter not less than 2 inches. Allowances, 5 per cent on size; 6 per cent on other requirements and 1 per cent on soft rot.

BOND COMPANY ARRESTS CLERK

PORTLAND, Ore., Oct. 16, (A.P.)—S. G. Herlinger, discharged clerk of the Portland City Water Bureau, was in the county jail today charged with a shortage in his funds in the water bureau in excess of \$10,000 following his arrest yesterday by deputy constables.

Some weeks ago it was discovered that Herlinger's accounts were short \$500. He was discharged then. An auditing company later informed Commissioner Pier that the shortage would reach \$3,000. The bonding company arrested Herlinger.

FAMOUS HOTEL BURNS

SHELBY, N. C., Oct. 16, (A.P.)—Fire last night destroyed the Cleveland Springs hotel, noted North Carolina resort hotel, near here, with a loss estimated by its owners at \$125,000.
