HE NEVER SAW SUCH MEDICINE

"I want my friends and everybody else to know that I think Sargon is a blessing to humanity! Although I'm 82 years old, I was healthy and vigorous until

MARTIN PAUP

about two years ago when I began to lose my old time strength and energy. My bladder and kidneys bothered me a lot and this broke into my sleep and weakened me. I didn't have much appetite and I was tired and fagged out nearly all the time, so I decided to take this new Sargon treatment I had been hearing so much about.

"Well sir, before I realized it, I was eating right along and my food was tasting fine. I never saw such medicine for building strength! I sleep good now because my bladder and kidneys don't worry me like they did. I have already gained five pounds and I feel so strong and energetic that I honestly believe I'm going to live to be 100 years old. Sargon Pills beat anything I ever saw for straightening out the liver. They certainly did me worlds of good."—Martin Paup, 2909 4th Ave. S., Seattle, Magill Drug Co. agents.

Apparently angered because attendants at the Black and White Service station, Spring and Main, refused to give him 25 cents to buy something to eat, and unidentified man returned to the station armed last night at 10:25 and held up the manager and attendant.

They had nothing to give him or did not give him anything and he backed away and disappeared in the railroad yards among trains that were being switched.

Police officers arrived a few minutes after the holdup and followed the man but he had already vanished from sight. He was described as being about six feet in height, wore bib overalls, a slouch, brown hat and had about a two-day growth of beard on his face, the men at the service station said.
