## DELICIOUS HEALTHFUL REFRESHING

# LIPTON'S TEA

LEADS THE WORLD IN QUALITY AND SALES

Drink enough milk—  
eat enough milk desserts

YOU can't have your full share of vitality without milk, and the children can't grow without it. A quart a day for children, a pint a day for grown-ups—so you serve the tall, cool glassfuls.

Then if you are ingenious, you stir a little milk over a fire and make delicious custard . . . you put ice cream on your menu . . . you whip up a delicious chocolate drink at times. Condensed milk has no equal for making smooth, delicious custards and puddings.

Some time try Chocolate Froth. This takes a level teaspoon of sugar, mixed in the bottom of the glass with 1½ teaspoons of cocoa and a few drops of milk, till smooth. Then add a few drops of flavor, fill the glass to the brim with milk, and shake the whole delightful drink in a jar or shaker.

The sugar blends the chocolate and milk flavors—just as it blends the flavors of other combinations of healthful foods. It is an ideal flavor itself—the best liked in all desserts. Use sugar to induce your family to take their full portion of milk, cereals and fruits. The best cooks are generous with sugar. The Sugar Institute.

# The Sun Never Sets on The BULOVA WATCH The World's "Best Seller!"

## NOTE TO BOX FACTORY EMPLOYEES:

All Bulova Watches are provided with an extra crystal in the back of the case, thus preventing dust from getting in to the movement.

When a Chinese student was told that "The sun never sets on the English flag," he replied that "perhaps God was afraid to trust 'em in the dark!" We have used this tale tonight as a peg whereon to hang this "ad." Literally, the sun never sets on the Bulova Watch—and it can be trusted not only "in the dark" but in all climates and under any and all conditions . . . And the fact that there are more Bulova Watches sold throughout the world than any other makes eloquent testimony to their merits. For any theatrical manager will tell you that "the box office is always right!"

We sell them at the prices you see advertised in the leading magazines. We add not a penny for the convenience of paying weekly or monthly—and we guarantee them to give abounding satisfaction. Unfortunately the demand is so great and the window show sells them so quickly that we scarcely ever get enough together at one time to get the news to the papers . . . These will only last a day or two at most. May we suggest early action tomorrow. Take one for a dollar payment and pay the balance—a dollar or so a week.

The Bulova "Sport"  
for \$29.75

This is the best selling Men's Watch we have ever had—it has a green or white gold filled case—"built like a battleship," and a fifteen-jeweled movement—The figures are luminous and can be read in the dark—Motorists find it indispensable—Sold at the cash price (Twenty-nine Seventy-Five)—but on the Burnett Budget Plan—  
A dollar down and  
A dollar a week

The Bulova Lone Eagle  
\$37.50

You can get a more expensive watch—but it will be a year's task to find a better timekeeper or to find a better looking model than this—the Bulova Lone Eagle. The White Gold-filled case has all the character and style that an IM-PORTANT man will demand. Sold at the cash price (Thirty-seven Fifty) on the Burnett Budget Plan—  
A dollar down and  
A dollar a week

The "Social Secretary"  
\$37.50

Bulova's smartest model for Misses—White Gold filled case exquisitely engraved—Fifteen-jeweled movement—flexible bracelet. Nationally advertised at Thirty-seven Fifty. Here at the cash price on the Burnett Budget Plan—  
Pay a dollar down—  
Pay a dollar a week

The "Marquise" With  
Bracelet \$29.75

In addition to being a splendid timekeeper and a "thing of beauty," the model named the "Countess" has a flexible metal spring bracelet to match the case—Both are fourteen karat white gold filled (the picture, unfortunately, only suggests the bracelet) . . . Our word for it, it is worth the additional small cost—Bracelet and Bulova "Countess" both for \$29.75 and on terms—  
A dollar down and  
A dollar a week
