TROUBLES END! GAINS 11 LBS.

"15 years of stomach trouble and constipation has just about wrecked my health. 'Nothing I ate agreed with me and I'd have indigestion after every meal. I guess I've taken a barrel of soda and I don't know how many digestive tablets, and laxatives, but they all seemed to lose their effect in a short time. Finally I began to break down, losing weight and getting awfully nervous and weak. One day while I was in Los Angeles, I noticed a display of Sargon at the Owl Drug Co., so I went in and bought some. Five bottles of this wonderful medicine built me up from 152 to 163 pounds. I've never had a minute's trouble with my stomach since I started the treatment. My appetite is fine and I eat anything I want without a trace of indigestion. Sargon Pills are the finest treatment I ever took for constipation—just one or two before retiring keeps me regulated in good shape."

HENRY E. BERGER
It's been two or three months now since I quit taking Sargon and I've never had a recurrence of my old trouble." Henry E. Berger, 1422 7th Ave., Seattle. Magill Drug Co., agents—Adv.
