Does Your Underwear Keep You at ATTENTION or at EASE ?

PERHAPS you have accustomed yourself to wearing uncomfortable underwear. Move around a bit. Do you feel at ease ... or is there a catch here, a slight binding there that makes you know you are wearing underwear?

A Richmond Union Suit will put you at ease immediately. Your Richmond dealer has a system—called trunk ratio*—for picking your exact size. One reading of the tape and he can give you a fit, up and down and across, just as if the suit were made to your particular order.

Left dress, too, for your greater comfort. The crotch is cut with extra fullness the same as any well tailored pair of trousers. The only way you can tell the difference is to wear a Richmond for a day or so. Try a Richmond Union Suit. Wear it, compare it with your other kind. If you aren't sold then, your dealer will buy the Richmond back, no questions asked.

*Trunk ratio—a system of measurement which assures an absolute fit and perfect comfort, from a single reading of the tape.
