Santfords Saving Markets

426 MAIN STREET

UNFAIR

Is Santfords unfair because Santfords sell cheaper? Is Santfords unfair because Santfords refuse to go into an agreement to give you less for your dollar? Have you noticed a paid footman with an unfair sign on his back in front of any other store? You say you haven't? Well don't you think Santfords must be the only one out of line? Look for yourself what Santfords give you for your dollar and compare it with what the other fellow offers you—You will be able to figure out why Santfords is out of step—but remember your patronage is just what keeps Santfords and Santfords all-American crews in Klamath County—We have no stock to sell—No way of making money except the small percentage of net profit we make on each dollar you spend with us.
