

# FELDMAN MAKES FINAL BOW HERE TONIGHT

## BOUT WITH RAY PELKEY CLOSES MATCHES HERE

Classy Jewish Boy to Meet Best Pacific Coast Has to Offer in Bay District and Other Sections of California. Tickets Going Fast for Tonight's Card. All Fighters in Good Trim.

Fight fans who like Willie Feldman's work in the ring, will have an opportunity to see him at his best tonight, for in meeting Ray Pelkey he will be apt to extend himself. In his previous fights here Willie was not favored with set-ups, but none of the boys he met were real matches for him. But in Pelkey he faces a real fighter, a man who in recent weeks has demonstrated his ability to deliver the goods.

From all accounts the Legion pavilion will be filled to capacity for tonight's card. Not alone is it Feldman's last appearance here, but Tex has arranged a super card, comprising the best talent available in a town the size of Klamath Falls. Those who follow the game know that each of the boxers on the card is a fighter from the sound of the gong, and that is what the cash customers appreciate.

Feldman to Leave  
It is seldom a town the size of Klamath Falls can hold a fighter of Feldman's calibre for more than one engagement. But for an injured hand which necessitated his staying out of the big time game for a while, Willie perhaps would not have remained here for more than one fight. Now that that important member of his fighting equipment has healed, he is ready to take on all comers, and while he regrets leaving the friendly atmosphere of Klamath Falls, he must seek the field where the fast boys and the big money congregate.

Feldman is without doubt the fastest and cleanest boxer that ever claimed Klamath Falls home for any length of time. His two-handed style of fighting has not only won him the admiration and backing of local fans, but has commanded respect from the fighters he has met. None of the boys meeting him here has been able to stand up and take his rapid fire punches, and some of them have been meeting the best talent on the coast successfully. The local fans will watch his progress with as much interest as if he were a product of the local arena.

**Pelkey Real Fighter**  
This man Pelkey has the size and punch that makes him dangerous for any opponent. He can hit, and how! There is enough kick in either hand to put the best of them to sleep and Feldman will have to be on his toes all the time to keep out of danger. The big Oakland boy outweighs the New Yorker 11 pounds, and has a decided advantage in reach. Willie's in-fighting style may overcome a lot of this handicap, and with his speed there is bound to be a good fight.

**Semi-Windup Looks Hot**  
The semi-windup go between Austin Rosander and Billy Church gives promise of furnishing some red-hot entertainment. These boys will weigh in within a half pound of each other, and will try to go! You haven't seen them work if you think they won't.

Then there's the special six-round bout between Miske and Edlemon. It is a toss-up between this bout and the semi-windup as to which will come nearest stealing the show.

"Kid" Evans and Steamboat Jackson are prepared to step up and give the cash customers their full money's worth. The "Kid" is touted as the second Art Shires and Steamboat aims to let him

### Not Used To Being Hooted at

By AL DEMAREE (Former Pitcher N. Y. Giants)

Many fights have been won and lost under peculiar circumstances but it remained for Ed Smith, the old referee, to tell me how an owl once caused the defeat of a certain old-time fighter.

It was in the days when fight-ers and spectators had to play tag with the sheriff and stage their fight wherever they were reasonably safe.

This particular fight was pulled off in the woods at night with kerosene lamps to light the ring.

About the third round a large owl in a nearby tree became irritated at the light and noise and showed his displeasure by cutting a long ghost-like, spooky "Who-ooo!"

One of the fighters heard it and turned in terror to find out where the ghostlike voice came from.

His opponent was quick to take advantage and knocked him cold as a polar bear's nose.

Spectators and seconds shouting instructions have also caused fighters to turn and lower their guard, leaving themselves open for a finishing blow.

Well, if the railroads spend a billion for improvement in 1930 perhaps that little pipe at the tooth-washing basin will squirt water a little more generously.

### Shires Has Choice Between Season Contract and \$50,000

CHICAGO, Jan. 17. (AP)—If Charles Arthur "the Great" Shires makes an agreement Monday with Commissioner Kenesaw M. Landis to quit the professional prize ring for baseball, he will lose approximately \$50,000, or one-fifth of the nest egg he is aiming at.

**Flooded With Offers**  
Ever since the fighting White Sox first baseman attracted 18,000 customers at Boston recently for his fight with Al Spohrer, he has been flooded with attractive offers for boxing matches. A Chicago promoter, presumably the Chicago Stadium, has offered him \$25,000 for two matches, while promoters in St. Louis, Boston, New York and Philadelphia want his services, swelling the financial inducements to \$50,000.

"I'll tell it to Judge Landis."

He'll tell me what to do and I'll do it," said the great one, in discussing his impending conference with baseball's high commissioner. "I think a lot of Judge Landis. He's a friend of mine, and the advice he gives me is good enough for me."

**Fatherly Advice**  
There was every indication today that Commissioner Landis would merely give Shires a fatherly talk, advise him to make a humble apology to the White Sox for fighting with former Manager "Lena" Blackburne, and sign up at a reasonable figure for the 1930 campaign. Harry Grabiner, secretary of the White Sox, has refused to comment on the case other than to say the club would be able to act when Shires was through with Landis.

Dempsey is planning for Chicago this winter.

Tonight's fight will be the last in the light heavyweight class for Braddock. Because of weight difficulties, he has decided to enter the heavyweight field.

**Trafton Scores Second Victory**  
CHICAGO, Jan. 17. (AP)—George Trafton, professional football player and conqueror of Charles Arthur Shires in the prize ring, scored his second victory here last night when he technically knocked out Rudy Hoffman, Chicago lifesaver in the fourth round.

Trafton wore his man down with his great weight and powerful swinging right hand smashes. He put Hoffman down for a count of nine in the third round and a count of four in the fourth round.

**Fire Department Answers Alarms**  
The fire department made a run to 2227 Oregon avenue shortly after 11 o'clock last night where the residents caused a slight blaze by thawing frozen water pipe with a blow torch. There was no damage.

This was the third call answered by the firemen last night. The other two were chimney fires, one on Rogers street and one on Vine street. Neither of these blazes caused any damage. All three were attributed to the extreme cold which encompassed the Klamath basin last night, after a day of mild temperatures.

**BIRD STILL CHIRPS.**  
PORTLAND, Ore., Jan. 17. (A. P.)—L. J. Miller, 80, barber, went home to build a fire to warm his canary last night but fell dead as he entered the door. The crowner said he suffered a heart attack. Today the canary, visibly affected with the cold, was found chirping weakly.

### FIGHTS OF LAST NIGHT

By The Associated Press  
Atlantic City—Pete Latzo, Scranton, Pa., knocked out Eddie Clarke, New York, (8).

Philadelphia—Billy Jones, Philadelphia, stopped Don Pe-train, Newark, N. J., (3).

Chester, Pa.—Johnny Wheeling, W. Va., outpointed Alf Ros, Algeria, (8).

McKeesport, Pa.—Bud Gorman, Summit, N. J., outpointed Ike McFowler, Johnston, Pa., (10).

Davenport, Ia.—Mike Dundee, Rock Island, Ill., outpointed Eddie "Kid" Wagner, Philadelphia, (10).

**Hickman, Father Of Jazz, Yields To Long Illness**  
SAN FRANCISCO, Jan. 17. (A. P.)—A melancholy note underlay the strains of jazz music throughout the West today in memory of Art Hickman, noted band leader and accredited "Father of Jazz", who died here yesterday from hemorrhages of the stomach after an illness of five years. He was 42 years old.

**Messages Flood Home**  
Telegrams of regret flooded the Hickman home here from all parts of the nation following the death of the former Barbary Coast messenger boy, who took the wild rhythms of the jungle, adapted them to the wall of the saxophone and the twang of the banjo, and gave the world its first jazz music.

**Born in Oakland**  
Hickman was born in Oakland, but came to San Francisco as a youth.

His first band was organized here in 1912. After playing at a leading San Francisco hotel for several years, he went East, where he sold his song hit, "Hold me," for \$42,000, one of the highest prices ever paid for a composition of that type. Success followed in New York, Los Angeles and elsewhere.

His mother, Mrs. Lucinda Hickman, and Miss Pearl Hickman a sister, survive.

**Freight Wrecked By Broken Rail**  
THE DALLES, Ore., Jan. 17. (AP)—R. S. Dugger, 43, fireman, was suffering from serious burns, Carl Smith, 39, brakeman and A. E. Dalrymple, 51, conductor, were suffering bruises after a wreck of the regular train of the Biggs Shaniko line of the O. W. R. & N. three miles east of Grass Valley early today.

While rail officials have started an investigation and are unable to give the exact cause of the wreck, it is understood a broken rail was responsible.

Engineer Perry of Grass Valley, who was injured slightly, and the others were brought to The Dalles hospital.

The train was made up of stock cars and coaches. No passengers were aboard.

### Portland in Tie For First Place In Hockey League

PORTLAND, Jan. 17. (AP)—With Portland meeting the Seattle Eskimos at the Puget Sound city and Victoria clashing with the Lions at Vancouver tonight, indications were that the first place Pacific Coast Hockey league tie between the Bucks and Vancouver would be continued for at least another day.

**Portland Ties Lions**  
Portland climbed into a tie with the league leading Lions by defeating the wandering Victoria Cubs 3 to 1 at the Coliseum here last night, stealing a march on the idle British Columbians.

Last night's game here was the closest locally for many months.

Portland took an early lead, denting the net twice in the first period, and held the top hand for the remainder of the game.

Peaches Lyons scored the first Portland goal four minutes after the start.

Two minutes later Louis Coupez and Earl Armstrong worked a combination to give the Bucks their second chucker. Army took credit for the goal.

**Saved From Whitewashing**  
Saved From Whitewashing  
In the second period he snaked the rubber out of a melee in front of the Buck net and passed to Evans at the side of the net. Evans completed the score.

Six minutes after the start of the third stanza, Coupez and Armstrong again worked their combination for Portland's third score. Coupez this time taking credit for the shot.

**Freight Wrecked By Broken Rail**  
THE DALLES, Ore., Jan. 17. (AP)—R. S. Dugger, 43, fireman, was suffering from serious burns, Carl Smith, 39, brakeman and A. E. ## DRY - HIGH TEST - NO EXTRA PRICE

### Quicker starts on the coldest day

The new and better Texaco Gasoline knows no seasons! Winter or summer it enters the combustion chambers of your engine as a dry gas—an active mixture of gasoline and air which responds instantly to the first spark flash.

Texaco in your tank means an alert, quick starting engine which gives more power, more speed and a keener response to the slightest pressure on the accelerator. Try Texaco today—premium performance—no premium price.

THE TEXAS COMPANY, Texaco Petroleum Products

## The NEW and BETTER TEXACO GASOLINE

1. A wet gas is an atomized mixture of gasoline vapor in which are suspended drops of raw gasoline.
  2. These drops of raw gasoline form an uneven mixture which resists the action of the spark.
  3. Result: Destructive crankcase dilution, difficult starts, slow acceleration—a sluggish motor.
1. The new and better Texaco vaporizes so readily that it forms a dry gas—an active mixture of gasoline and air.
  2. This pure, dry gas responds instantly to the action of the spark.
  3. Result: Lightning starts, rapid acceleration, smooth action—power!
