CARNERA, FEET AND ALL, MAKES DEBUT TONIGHT

Giant Italian To Mix With Peterson At Madison Square.

NEW YORK, Jan. 24. (AP)—Primo Carnera, Venice's fighting carpenter, will assemble his six feet 5 1/2 inch super-structure in Madison Square Garden tonight with intent to amuse the populace and annihilate Big Boy Peterson of Minneapolis, himself no candidate for membership in the middleweight union.

Feet Like Gondolas
Carnera, whose feet have been compared in size to one of his native city's gondolas, makes his American debut against Peterson, which may go ten rounds, provided the battlers and the ring stand up under the strain.

Between them the Italian and his American rival weigh in the neighborhood of 500 pounds. Carnera confesses to something like 270 pounds, and Peterson's 215 pounds are distributed over a frame six feet four inches high.

Ability Unknown
Newspaper accounts of Carnera's activities since he arrived here have been devoted chiefly to the size of Carnera's feet, his weight, his appetite and a few other odds of similar import. There has been a tremendous silence as to his hitting ability, if any. Even so, he has been made a 3 to 1 favorite to whip Peterson.

Lenhart on Card
The semi-final of ten rounds looms as possibly the best bout on the program. Larry Johnson, sharpshooting Chicago negro light heavyweight, who recently knocked out Joe Sekyra in a round, takes on Fred Lenhart of Spokane, Wash. Lenhart knocked out Phil Mercurio of New York in his first start here not long ago.

All Warren of North Carolina takes on Buck Weaver, Medicine Lodge, Kas., heavyweight, in the first ten.

Monmouth Cagers Stop La Granders

MONMOUTH, Ore., Jan. 24. (AP)—The Eastern Oregon Normal school basketball quintet of La Grande met defeat here last night at the hands of the Oregon Normal school squad by the score of 37 to 29. The local team took an early lead and held it throughout the first half, which ended 15 to 7 in its favor. During the second part of the game, the Eastern Oregon team began whittling down the lead, and finally managed to get a 25 to 25 tie. The count was knotted at 27-all; then Monmouth began a spurt which put it safely in the lead.

Tommy Hitchcock Still King of Polo

NEW YORK, Jan. 24. (AP)—Tommy Hitchcock Jr., captain of the United States' International forces, still is the kingpin of American polo.
Revised handicaps announced by the United States Polo association left Hitchcock's rating of ten goals, highest possible in the game, untouched. Ranked at nine goals again was W. C. Guest, former Yale star, and member of the last American "Big Four." These two led all the rest.

Fields Renews Feud With Dundee Family

CHICAGO, Jan. 24. (AP)—Jackie Fields, ruler of the world's Jackie Fields, ruler of the world's his feud with the Dundee family of Baltimore, in a ten-round bout with Vince Dundee at the Chicago stadium.
Fields will be at a disadvantage in the weights, coming in at about 147 pounds, the division limit, while Dundee probably will weigh around 155, making the bout a non-title affair.
In spite of the weight difference and the fact that Dundee gave him a great battle in Chicago earlier in the year, Fields was an over-night 5 to 6 choice, with few takers. In the semi-final bout, Tony Herrera FORTH WORTH, Tex., lightweight, will meet Irish Jackie Pillington of New York, in a return engagement.

Clothes in Golf Part of Game

LENNIE SEE—THIS HOLE CALLS FOR A LONG IRON AND A BRIAR PIPE!

WHEN DO YOU WEAR ON THIS TEE SHIRT?

By AL DENAREE (Former Pitcher N. Y. Giants)
Few people, even golfers themselves, realize to what lengths the craze for accessories can go when applied to sports and particularly golf.

Archie Compton, the lanky English pro, and Walter Hagen and Johnny Farrell have probably soared to greater heights in dress and accessories than any other golfers on earth.

When Compton made his first trip to the U. S., he always used two caddies and sometimes three. One carried his clubs and the other his accessories. These latter consisted of an assortment of caps and hats, umbrellas and raincoats, and last but not least, cigars, cigarettes and a collection of pipes.

Hagen and Farrell often make a complete change of costume and color scheme between their morning and afternoon rounds. I don't know of another pastime that gives a player a greater chance to not only play a good game, but also dress a good one.

Emil Nordeen To Enter Ski Race

FORT KLAMATH, Ore., Jan. 23. (Special)—Emil Nordeen, winner of the 1929 Crater Lake ski race, has announced his intention of winning the second time the "Shadow of the Klamath" trophy cup and has already started training for the event which is less than a month away.
Plans for Klamath County's Fourth Annual winter Carnival are now being formed with the result that the Crater Lake ski club at Fort Klamath which has worked hard to promote winter sports in this county has started announcing plans for this year's events and lining up the program for the day.

42-Mile Race

The 42-mile ski race from Fort Klamath to Crater Lake lodge and return is always the main feature of events on points and from other northwest states many expert ski runners come to compete in this, the longest ski race in the world.

A giant silver trophy cup, "The Klamath," which stands 43 inches high is awarded to the man winning this race the second time. A sterling silver prize cup, almost a miniature of the big trophy is awarded the winner each year and has been named "Shadow of the Klamath."

For the purpose of keeping all events in an amateur class and looking to inter-club activities in future years, the club is giving only trophies or merchandise prizes to winners of any events. This policy was inaugurated last year.

Further announcements of the 1930 carnival and race will be released within a few days.

Schissler Issues Call For Varsity Spring Practice

CORVALLIS, Jan. 24. (AP)—Fleet among the Pacific coast coaches to start training for the 1930 grid season, Paul J. Schissler, head football coach and director of athletics at Oregon State college, has issued his call for spring practice to commence Saturday, February 1.

Six weeks of intensive training in fundamentals are scheduled for the half hundred aspirants for positions on the coming varsity squad.

Tough Schedule Ahead
The 1930 schedule for Oregon state, starting with two big California games with Stanford and U. S. C., and including two Shrine benefit games in Portland and Chicago, is the toughest Schissler has had since he came to the campus in 1924.

Two Recent Games
Schissler recently returned from the east, where he completed final arrangements for a West Virginia game on Soldier Field, Chicago. This game, a Shrine benefit, will be played to a capacity audience, officials here told Coach Schissler. Should the Staters win this game they will be matched again two years later with the 1931 winner. It was agreed.

The other benefit game on the Orangenmen's schedule is with the Washington State college in Portland earlier in the season. To meet this heavy schedule successfully, Schissler must find replacements for four dependable linemen and five backfield regulars who finished their college football career last fall.

Bear Dogs Tree Two Large Cats

LA GRANDE, Ore., Jan. 24. (AP)—Persistence of two bear dogs belonging to A. Loahman of Hilliard, led to the death of two large cougars, bold enough to cross the Old Oregon Trail in full view of a passerby.

The startled man reported the occurrence when he reached Hilliard, and two dogs were put on the cougars' trail. After two days and three nights the dogs failed to return, and their owner feared they had died from poison set out for coyotes. A search, however, revealed the two dogs barking beneath trees where the cougars had been forced to take refuge. One of the big cats measured nine feet from tip to tip.

Lions Turn on Bucks and Win

PORTLAND, Jan. 24. (AP)—Having defeated Portland's Bucks 2 to 1 here last night, as well as destroying the locals' nine-game winning streak, Vancouver today again held unmoisted possession of first place in the standings of the Pacific Coast Hockey league.

Bucks Score First
A scoreless first period last night, then the Bucks broke away and denied the net seven minutes after the opening of the second session. Army Armstrong picked the puck up after it has rebounded from Percy Jackson's chest protector, and whizzed it past the unbalanced Vancouver goalie. Armstrong also made the first shot, the one that collided with Jack Con.

The Lions evened the count five minutes later, when Portland had but five men on the ice. Vancouver's three-man offense swept in behind the Portland defense and Sanderson could not stop the shot, but on the next Vancouver score he took a chance and lost.
The Portland goalie had plenty of time to get set, but instead he tried to kick the rubber away with his skate. He missed, and the puck plunked into the net. Sanderson again made the shot.

DRY SNOW speeds you on... so does DRY GAS

1. A wet gas is an atomized mixture of gasoline vapor in which are suspended drops of raw gasoline.
2. These drops of raw gasoline form an uneven mixture which resists the action of the spark.
3. Result: Destructive crankcase dilution, difficult starts, a sluggish motor.

1. The new and better Texaco vaporizes so readily that it forms a dry gas—an active mixture of gasoline and air.
